The attorneys for the terense held a consultation and afterwards called County Attorney Polagrove.

immediately after the consultation Governor Brown, for the defense, announced that no testimony would be introduced for the defense, and that they would waive further examination. The pardon issued to Powers by Governor Taylor was tendered by ex-Governor Brown as a bar to the prosecution, and he asked that the defendant be dismissed.

Colonel Campbell said the commonwealth air denied Governor Taylor's right to issue a pardon at the time the pardon was granted. Governor Brown moved that the prisoner be dismissed upon the evidence. The motion was overruled. Bail was asked for. Judge Moore said: "It is not my belief that Powers fired

the shot which killed Governor Goebel, but from the evidence it is my opinion that he was connected with the conspiracy to kill him. I shall therefore order that he be held over without bail to the Franklin county grand jury that the case may be urther investigated."

At 2 o'clock Attorney Polegrove announced that the commonwealth was ready to proceed with the trial of either Culton or Davis. A consultation of all the attorneys was held, after which Captain Davis was brought into the court room, Culton having arrived with his private guard.

Attorney Ramsey, Culton's leading counsel, announced that his client would waive his examining trial and by agreement with the attorneys Culton will remain at home with his sick wife, under private guard. In the case of Captain John Davis, Attorney Dunlap for the defense stated that the defendant would waive examination and that court then entered an order admitting Davis to bail and he will be released this afternoon. The court adjourned till 4 o'clock when it will reconvene to take Davis' bond No Confession by Culton.

When you

have Catarrh in some form, it may appropriately be called our national disease. Catarrh begins with a simple inflammation of the inner lining of the nostrils

polluted. Catarrh is common and cures rare because the treatment is wrong.

sprays, washes and inhaling medicines relieve for a short time, but do not cure.

Local treatment can not reach the seat of the disease, which is the blood.

Catarrh is deep-scated and obstinate.

S. S. S. is a certain, complete and safe cure, because it is the only medicine that is able to force out of the blood all poisonous substances: that tones up and cleanses the stomach, and restores normal, healthy action to all the organs.
