ing care by the fans as they gamboled over the new ball park preliminary to the game. Their verdict was a favorable one, for the players were accorded a welcome from the start that was certainly complimentary to them and whenever President Keith or Manager Rourke put in an appearance they were cheered to the echo.

There was nothing remarkable about the game. Inasmuch as it was the first contom of the season, not much was expected. The professionals, however, showed up in good shape. The fielders did splendid work and all the men manipulated the stick in a manner which promises well. Hughes and Newmeyer occupied the box in a highly him with the murder of his wife, has been satisfactory manner. The former has exceptionally good control of the ball and delivered at will in Saturday's game an inshoot that was a mysterious, intangible | thing. Newmeyer is a south-paw who his necessers and was promptly indicted for pitches exceedingly well and gives promise murder, was confined in the county jail of improvement.

The Originals were by no means slighted as he was rapidly losing his mind. Sargent in the distribution of bouquets from the grandstand. They were cordially greeted and the old-time favorites, Jellen, Scully, Lawler and Waller, were made to feel perfectly at home, just as in the days of last summer, when they were the "whole thing" in local base ball. Their popularity has not waned by reason of the appearance of the E. W. Martin for congress and endorsed professionala. The game the Originals put Gamble for United States senator and up was somewhat indifferent, but there was Burke for renomination. This is the first enough of an edge on it to give the Omahas valuable practice. For the Originals, Scully's pitchip's was the feature. In the six innings that he presided over the slab, seven of the professionals fell victim to his offerings and sawed the air without ac complishing any sesuit. The score follows:

Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had Catarrh, which became so deep-scated that I was entirely deaf in one car, and all inside of my nose, including part of the bone, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and heran to improve at on... It scenned to get at the scat of the disease, and after a few weeks: treatment I was entirely cared, and for more than seven years have had no sign of the disease."

#### Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.
