Desperate Situation of the Big Army is at Last Cropping Out.

WINTER UNIFORMS ARE BEING ORDERED

No Advance Probable Until They Are Finished and Two Months Will Be Required for That—England Gloomy.

LONDON, April 10.—A m.—Britons are now beginning, though reluctantly, to realize that Lord Roberts is in for a winter campaign, lasting several months.

This is the end, in a few words, of the high hopes based upon Lord Roberts' brilliant dash to Kimberley and Bloemfontein.

Preparations are being made to hold Bloemfontein against surprise. Trenches have been prepared around the city.

General Brabant and Gatacre are both at a standstill. Lord Roberts will probably for some time confine his operations to clearing the Free State behind him of raiders and to relieving Mafeking, for which purpose apparently the Eighth division, now arriving at Capetown, has been ordered to Kimberley.

The army at Bloemfontein is still depending on well water, as the Boers continue to hold the waterworks.

Two Months to Make Uniforms.

What the chances are for an advance to Pretoria may be judged by the fact that only from 6,000 to 10,000 horses are on their way to the Cape.

COMBINE IN STEEL AND SHIPS

Carnegie and Cramp Interests May Unite—Negotiations Are Now Under Way.

NEW YORK, April 9.—The World tomorrow will say:

Negotiations are in progress for the combination of the new Carnegie company and the Cramp ship-building concern.

Among the most profitable branches of activity on steel manufacturing is making armor plates for war vessels.

Considerable movements of troops have occurred here with the object of preventing a surprise.

ALIWALI NORTH, Monday, April 9.—Small bodies of the enemy have been seen across the river, near the town of Oedenstrom.

A larger one has left Smithfield for Wepener. There are two commands around Wepener.

Wepener Garrison Isolated. However, the lines are enormously strong, and the force is fully provisioned.

GURLEY SPEAKS AT CHICAGO

Talks on "Democracy and the Declaration" at Hamilton Club Banquet.

CHICAGO, April 9.—The tenth annual banquet of the Hamilton club, which was held tonight at the Auditorium, was a brilliant success, over 600 members and guests being present.

WAR SHIPS NEEDED OFF CHINA

None to Be Withdrawn from Asiatic Waters for the Present.

WASHINGTON, April 9.—Difficulty in securing a sufficient number of sailors to man the new battleships and other naval craft which are being turned out by our shipbuilders has led to the renewal in some quarters of the suggestion that some of the larger vessels of Admiral Watson's squadron be withdrawn from the Philippines to make up the complements of the new ships at home.

No action in that direction has been determined upon, and in view of the expected arrival on the Asiatic station within a fortnight of Admirals Remy and Kempff and the ensuing division of the naval force on the station into two squadrons it is not contemplated that any change will be made.

For the purpose for which the navy is now employed in the Philippines small, light-draft gunboats are more valuable than big battleships and monitors, with their numerous crews. Still conditions in the east are so unsettled as to make a withdrawal of any portion of the large United States force doubtful at this time, in view of the possibility of wholesale demands for protection of American interests from points on the mainland.

It is probable that a consideration of the possibilities in this direction has influenced the navy department in the disposition of the ships in the east, though it is also possible that the navy department has been led to give the necessary orders without instructions from Washington. However that may be, it has been so arranged that an American warship will be at hand for some time to come at no less than the property of the United States.

FUNDS FOR KING AK-SAR-BEN

Active Campaign to Be Made for the Support of the Fall Festival.

Something Over Four Thousand Already Subscribed and the Rest Must Be in Sight if the People Would Want the Annual Show.

The business men of Omaha who are desirous that the annual festivities of the Knights of Ak-Sar-Ben be repeated this fall will be given another opportunity to testify their devotion in the only way that will be effective. They will be waited upon and asked to contribute to the fund necessary to insure the success of such an undertaking.

That was the decision reached at the meeting of interested citizens held Monday night at the Commercial club parlors.

While the call for the meeting contemplated that it should be a mass meeting, it brought together hardly more than 100 men, but those who responded were, as a rule, men who entertain such an interest in the Ak-Sar-Ben demonstrations as to promise generous donations to the fund necessary to encourage the annual festivities.

Thomas A. Fry presided. He suggested that the refusal of the railway companies to renew the annual parade and incur large obligations until it was possessed of assurance as to where it was to get the money would require to meet them. He believed that the stand taken by the railway companies was an equitable one, and would like to hear from those present on that question.

G. M. Hitchcock said that Omaha is in better shape this year to meet the expense of such an undertaking than usually, as there is no exposition project in hand and no other enterprises to draw upon the public resources. While it is essential that the old organization of the Knights of Ak-Sar-Ben and the name be retained, he believed it necessary to introduce absolutely new features and an entirely new program to awaken interest and secure support.

It is something new has been devised, he for one would be in favor of upholding the hands of the governors in every way possible.

Bennett Scores the Railroads. W. R. Bennett said that from the looks of the meeting it looked as if Omaha does not want the parade. It has been intimated that the profit will be drawn upon the merchants. The merchants are always up against it.

For his part, as one of the merchants of the city, he declined to recognize the child that was left upon his doorstep and would not entertain it until he had its rights sponsors, the railroads. The railroads claimed that if they gave to such an enterprise for Omaha they would have to do the same for other cities. He didn't see why they shouldn't. He read a long list of the various churches, caterers, balls, etc., to which he said the retail merchant is called upon to contribute and wanted to know how it would sound if one of them should decline to give to one of the projects before the would then have to give to the others. His list was really a formidable one and aroused considerable laughter, but he said he had actually been called upon to contribute to each and held his breath.

Mr. Bennett read telegrams from the promoters of fall festivities in other cities to show the action of the railroads. In Kansas City the railroads contribute no cash, but give ground for the railroads about \$6,000 and give one and one-third rates for round trips within 250 miles. In New Orleans each road gives from \$100 to \$300 and half rates. He didn't believe there is a good ground for the railroads going back on the precedent they have established, and felt that it might be a good thing to drop the parade for a year or two.

Emil Brandeis thought the \$2,000 here was good ground for the railroads going back on the precedent they have established, and felt that it might be a good thing to drop the parade for a year or two.

Money Already Subscribed. Chairman Fry said that the postal cards had been out two months, the subscriptions they brought had reached \$1,200 and that the large majority of the subscribers had not yet received their cards. He said that the city had neglected to send in subscriptions, while others had declared that they would subscribe on condition that they be allowed to take the amount in membership in the organization. To be sure, the city had neglected to send in subscriptions, while others had declared that they would subscribe on condition that they be allowed to take the amount in membership in the organization.

It is a fact that I have learned that such reinforcements have been requested of Otis. No official notice has been given me regarding this matter, but I can state that the forces under Young and Bell are inadequate. General Light in particular is greatly in need of troops and I have heard through direct sources that his operations owing to the lack of troops have been greatly hampered time and again.

General Light went on to say that Otis has directly under his command more than he really needs and that beyond all probability the requests of Young and Bell would be granted and that they would be supplied with troops from the forces now in the vicinity of Manila.

In conclusion the adjutant general said that with such reinforcements as desired General Young and Bell would actively endeavor to restore peace in the provinces of Luzon.

These Will Solicit. Mr. Penfold asked how many men present would be willing to go out and solicit and there was an enthusiastic response.

As a result he took the names of C. D. Thompson, E. L. Lucas, Robert Cowley, P. W. Kellogg, Mel Uhl, C. H. Pickett, Robert Rosenzweig, A. Hoepf, C. C. Rosewater, Emil Brandeis, C. S. Montgomery, John L. Kennedy, J. P. Holliday, Godfrey Brucker, J. H. Daniels, Frank Simpson, H. A. Thompson, Harry B. Zimman, O. N. Baker, Messrs. Koenig and Paster and others. He will at once district the city and send this committee out to solicit.

The list of contributors will be published from day to day. After the board of governing met and decided not to go into the enterprise with the French Grand Opera company of New Orleans, but offered to allow the use of the Coliseum free to anyone who might wish to do so, the committee was organized.
