Senate to Ballot on His Right to s WASHINGTON, April 10.-Without object tion from any source the senate today agreed to take a final vote on the right of M. S. Quay to a seat as a senator from Pennsylvania on Tuesday, April 24, at 4 p. m. Hoar, addressing the senate briefly on the Quay case, said that among the arguments Transvani. against that construction of the constitu-tion which makes it the duty of the governor to appoint a senator in certain circumstances was one that the legislature might fail to elect in order that the gov ernor might appoint. He did not think there was much practical force in the argument. He thought there was much more force in the argument that the legislature might fail to elect by reason of a faction which desired that the election might go over to the next legislature in the hope that its politics would become so changed as to enable the new legislature to elect another man.
