One Way of

MAKING MONEY Here is how one man made money. In June, 1800, he bought a house and lot on Thirtieth street, near Jackson, for \$7,500.00. He invested a thousand dollars more in painting and repairs. In October

he sold at an advance of \$5,000,00 over the original outlay, There are plenty of opportunities for this sort of money making in-

Some landlords and house-holders do not appreciate the value of paint and repairs, and have let their properties run down. Some of these are well built houses, and by adding a few hundred dollars to the original investment, the purchaser could put them into splendid condition, so even if he did not find a purchaser who wanted to buy an attractive home, he could rent the house at a decided advance over the present rent, and receive an increased income from the money which he actually put into the property.

This is one way of making money. If it interests you, talk to some reliable real estate man and get his opinion and advice.
