Excursion Returning from the Pacific Coast is Guest of City.

MAYOR MOORES WELCOMES THE VISITORS

New York Engineers Taking Rapid Survey of West Are Shown Notable Sights of Omaha-Packing Houses Also Inspected.

In the name of the city of Omaha Mayor Moores presented a huge pair of gilded keys yesterday to the New York Order of the Brotherhood of Lecomotive Engineers. The party, numbering 150, arrived Friday night. The excursionists are the guests of the order in this city, the reception committee consisting of E. R. Fonda, chairman; T. C. Livingston and Frank Goodsell. A large number of Omaha engineers with their east ern guests gathered at the union depot in the morning preparatory to a day of eight-

greeting the visitors informally added to the pleasure of hundreds of thousands during the exposition years. The mayor's welcome was responded to by Martin Cahill of the executive committee of the New York brotherhood, both speakers being vigorously applauded. The mayor and the local committee then accompanied the engineers to South Omaha on a special train, where the stock yards and packing houses were inspected. At I o'clock the visitors were entertained at lunch at Swift's pack ing house under the auspices of the South Omaha Commercial club.

At 2 o'clock the party returned to Omaha the train passing through the Union Pacific

NO PAIN, TRIFLING EXPENSE, A Simple, Harmless Remedy for the Cure of Piles.

A person contracts a cold, pneumonia, rheumatism and pleurisy from exposure; dyspepsia and liver troubles from dietary errors and the causes of most diseases are easily traceable, but although piles and rectal troubles are as common as any of these, the cause is obscure.

Violent exertion, as in lifting, sometimes produces them and a sedentary occupation is by some supposed to be a predisposing cause, but as a rule piles and rectal troubles appear without apparent provocation.

There are many pile salves and ointments which give temporary relief and when those fail, the patient, if he can afford the expense and is willing to take the risk, has resource to a surgical operation. But there is one remedy which gives immediate relief and the regular use of which will bring about a permanent cure, and that is the well known Pyramid Pile Cure

In long standing cases the Pyramid has proven to be the only cure, except a dangerous and exceedingly painful surgical operation and its advantages over any kind of operation are many, as it is painless, causes no interference with daily occupation, and being in the form of a suppository is always convenient and ready for use.

The Pyramid Pile Cure is an effective combination of soothing oils and antiseptic acids. It contains no cocaine nor nerve destroying opiates and, unlike most plie salves, contains no bi-chloride of mercury nor any poisonous, injurious drugs of any

Easter Sunday will be spent in formally, the guests attending the churches of their choice or driving about the city The engineers will leave for the east at p. m. over the Northwestern road, and expect to reach Buffalo next Saturday, completing a trip of nearly 8,000 miles since the departure on March 20. The party was royally entertained on the Pacific coast and has mut a similar reception at each stopping place. The special train is made up of the Pullman sleepers "Calcutta," "Calera" and "Navarin" and the New York Central dining car "400." The train left Denver on Friday morning ever the Gulf line to Julesburg and thence via the Union Pacific to Omaha. as funny, and judging from the behavior of the birds it was no joke to them. Calling the attention of the Humane society to this matter I learned that they had a police officer in attendance to make the best of the situation, but that the Nebraska statutes protect all birds except pigeons. No doubt the pigeon was purposely left out by the men behind the guns, who find sport n shooting them from traps. I am satisfied that what I have seen today comes, not from cruel intent, but from thoughtlessness. and I hope to live to see all such things put away; when such murder as must be done will be done with the least possible

torture to animals and birds. I believe that such performances have a demoralizing influence in the community and should not pass unnoticed. I believe the time will come when kindness to every living creature will be regarded in our schools more important than arithmetic and every man, woman and child will be a protector of the defenseless beast and bird. NEW FOREST RESERVE POLICY

Land Office Commissioner Makes a New Ruling Regarding the Replanting of Denuded Portions.

WASHINGTON, April 14.-The commissioner of the general land office has inaugurated a new policy in regard to forest reserves by instructing the superintendent at Los Angeles, Cal., to replant the portions of forest rearves within his jurisdiction which have been denuded of trees. Seeds of several varieties have been sent him, but he has been instructed to use only the sort indigenous to the soil. The forest rangers will perform the work of replanting the deforested areas. If this experiment is successful the same plans will be pursued in other portions of the country.

SHOT DOWN BY SALOON MAN

Chicago Politician Killed as Result of Quarrel - Pistol Wielder Also Wounds His Son in Skirmish.

CHICAGO, April 14.-Patrick Carey, a local politician, brother of Alderman Thomas Carey of the Twenty-ninth ward, was fatally shot tonight by William Maxwell, a saloon keeper, and the police claim the shooting was done in cold blood when Carey was offering to shake hands with the man who shot him.

Maxwell provoked a quarrel with Carey and ordered him out of the place. Carey treated the matter as a joke and when he refused to go Maxwell began to threaten him. Henry Maxwell, a 13-year-old son of the saloon proprietor, endeavored to restrain his father and in the scuffle was shot in the groin by his father.

Carey, according to witnesses, was trying to calm the excited saloon keeper when the latter shot him down. Carey died in five minutes. Maxwell was arrested without offering any resistance.
