Brooklyn Democrats Observe Anniversary of Statesman's Birth.

CLEVELAND GIVES VIEWS IN LETTER

Ex-President Tenders Some Advice—No Half-Way Policy, Says ex-Governor Campbell, Who Declares 10 to 1 is Dead.

NEW YORK, April 18.—The Brooklyn Democratic club gave a dinner tonight at the Germania club to commemorate the 157th anniversary of the birth of Thomas Jefferson. About 150 persons were present.

FRINCETON, N. J., April 18, 1900.—To Louis F. Burchard: Dear Sir—I regret that I am unable to accept your invitation to attend the dinner to be given by the Brooklyn Democratic club on the 18th inst., to commemorate the birth of Thomas Jefferson.

Self-Interest Predominates. We should too well understand their ability to attach to their fortunes the political contingent of selfish interests to place confident reliance upon the weakness which ought to be the penalty of their misdeeds.

Keep on Course of Safety. The healthfulness of our party may well be questioned when it shrinks from an expression of its position as well as to avoid disaster by keeping in a course of compromise and expediency.

Restoration of Democracy. Ex-Governor Campbell followed with an address on "The Restoration of Jefferson Democracy."

Restoration of Democracy. The political party founded by Thomas Jefferson cannot be restored as a whole and half populist. There must be either dissolution or restoration of pure democracy.

Restoration of Democracy. Democracy means the opportunity, elevation and reign of the individual, but populism is the rule of the mob.

Sixteen to One is Dead. It is sufficient to know that "16 to 1" is dead and that just so her most sanguine intention to resurrect it just so long will our resurrection be postponed.

SCHOOL GIRL'S FOOD. A Very Important Question for Growing Girls.

A little girl in Providence, R. I., high school was badly run down, owing to the fact that she was not properly fed.

Three months ago she began to carry Grape-Nuts instead of her meat sandwiches, and now will not forego them. She says she can stand the after study on them better and has no sense of exhaustion on reaching home, although always able to enjoy her meal, as her appetite is good.

HOUSTON, Tex., April 18.—The committee on resolutions, the most important of the resolutions and the committee has a easy task in selecting only those which will affect the whole west, which is its object.

Special interests are behind many of the resolutions and the committee has a easy task in selecting only those which will affect the whole west, which is its object.

By T. M. Patterson of Colorado, indorsing the bill now before congress to appropriate \$5,000,000 for the St. Louis World's fair; Whitmore of Missouri, favoring government purchase of the United States to Hawaii and Manila; Patterson of Colorado, opposing the Hanna-Payne ship subsidy bill; Bryan of Texas, favoring the improvement of the Brazos river.

Governor Sayre, having reached the city, addressed the convention, bidding welcome to the delegates. A telegram from W. J. Bryan thanked the congress for its invitation to attend the sessions, but declined because of other engagements.

The committee on permanent organization reported the following nomination of officers: President, John R. C. Pitkin of New Orleans; first vice president, Walter Greaham of Galveston; second vice president, L. B. Prince of Santa Fe, N. M.; third vice president, W. M. Bates of Denver; fourth vice president, George Q. Cannon of Salt Lake City.

The report was adopted and the officers were declared elected. The selection of a secretary is left to the delegation of the majorities. A telegram from W. J. Bryan thanked the congress for its invitation to attend the sessions, but declined because of other engagements.

Mr. Woodward of Louisiana introduced a resolution indorsing the proposed Houston ship canal and asking the national congress to make an adequate appropriation therefor.

W. M. Bates of Denver then read his address in opposition to the ship subsidy bill. He was followed by Prof. Waterhouse of St. Louis on "A Factor of Public Prosperity."

After the afternoon session Mr. Whitmore of Missouri introduced a resolution favoring waterway from the lakes to the gulf, via the Chicago drainage canal and the Mississippi river. He then read a paper prepared by Lyman J. Cooley of Chicago.

This was followed with an address by Rev. Dr. Lucey of Arkansas on "Industrial Development of the South as Affected by the Negro Race."

Mr. Coleman of New Orleans and Mr. Whitmore of St. Louis introduced resolutions indorsing the bills now pending before congress providing for the immediate construction of the Nicaragua canal. There was great applause when Mr. Whitmore declared that this canal, if gone by for argument over this canal, it must be built and at once.

Mr. Troutman of Kansas addressed the convention. After a brief discussion of the time at which the next place of meeting is to be selected (which will be set for Friday afternoon) Mr. Mead of Oklahoma read a paper.

Then the congress adjourned. The resolutions committee tonight agreed to report tomorrow resolutions on the following matters: First—On development of trained consular service.
