American league season with Buffalo this afternoon. Detroit had only five men on first base during the nine innings. The game was preceded by a procession of the two teams through the business portion of the city, headed by 200 members of the local branch of the Elks. At the ball grounds Mayor Maybury pitched the first ball to Charley Bennett, the famous ex-Boston catcher, who lost both his legs a few years ago. Bay the lost both his legs a few years ago. Bay, the first man up for Detroit, got to third base on an error and a wild pitch, and was the only local man who got farther than second during the rest of the game. Score:

lost the first game of the American league
season here today in the ninth inning, after
having had it well in hand. Kansas City's
bad luck in the ninth began when Gonding
muffed an easy foul; then Schaefer did
some slow work at second and Patten went
to pieces. The weather was bright and
clear, the diamond in perfect condition and
4,000 people present helped to make the
opening an auspicious one. The score:

GAMES OF THE NATIONAL LEAGUE. Chicago Bats Out a Victory in the Opening at Cincinnati.

CINCINNATI, April 19.—Before a throng of almost 12,000 people the Cincinnatis were forced to lower their colors before the Chicago team in the opening game of the sea-The game, while there was little brilliant playing in it, was a most exciting struggle. None of the pitchers used showed proper form and runs were plentiful as a consequence. On the bases the locals fairly consequence. On the bases the locals fairly ran away from their opponents, but they could not make their hits count as well as did the Chicagos. For five innings the Reds held an advantage, but in the sixth Bill Phillips suddenly seemed to lose his speed and five hits and a base on balls netted the visitors four runs. Scott was then put in, but he could not locate the plate and four passes and as many hits added five more runs to the Chicago record in the saventh. The locals found Griffith easy enough, but after Menefee once settled down he kept the hits acattered. It seemed as if the locals would make a Garrison finish in the ninth, when two hits and an effort by Mertes to trap a fly filled the bags, but the necessary hits were not forthcoming. Score:

to Western States.

SALT LAKE, Utah, April 19 .- Governor

Lee of South Dakota and Governor Poynter of Nebraska arrived today and took part in the proceedings of the governors of five western states, who have met to discuss subjects of interest to their section. Reso lutions were adopted opposing any change in the present laws regarding arid lands, but providing that if they are not satisfactory to the congress of the United States then we favor a cession of the arid lands

to the several states in which they are situated, under such laws and conditions as will guarantce the benefits of the free homestead laws to the people of the United States and that will prevent said lands either by fee simple title or by the leasing thereof from passing into the possession or control of large companies, syndicates, corporations or wealthy individuals in large quantities to the exclusion of others, and under such conditions that the several states may have the income arising from said lands, to be devoted to the reclamation and improvement thereof for settlement by bona

There are two great fundamental systems which make up the Fuman body, the NERVOUS SYSTEM and the MUSCULAR SYSTEM, each having its distinct functions to perform, yet both must work together in harmony to preserve life and health. Either of these systems is liable to certain diseases. Medical treatment is more effective in diseases of the muscular system, while electrical treatment is more beneficial in diseases of the nervous system. There are very few diseases of the nervous system but what somer or later become complicated with diseases of the muscular system, or vice versa, and become nervo-muscular in their nature; thus both electrical and medical treatment are required to effect a cure. You can readily understand why our combined ELECTRO-MEDICAL TREATMENT, as administered by the able Specialists of this institute, will promptly cure diseases, which cannot be cured or even benefitted by the medical specialist or electrical treatment alone.
