Trying for Another Paardeberg.

The Boers driven out of Leeuw kop will fight may be exchanged. Should the British fail in this attempt to bring about another Paardeberg it must immensely affect the larger issues of the war, as it will undoubtedly lead to a persistent repetition of the guerrilla tactics which have been largely responsible for the penning up of Lord Roberts at Bloemfontein for so many weeks.

During the course of General Alderson's advance on Leeuw kop the Canadians found themselves in a tight corner Sunday near Donkerpoort. The Canadian mounted infantry sent to reconnoiter the Boer position arrived within 300 yards of a farm flying the hospital flag, under cover of which the Borre retreat by threatening the rear of the Boer

"Take Notice, Inhabitants of Rouxville d All Concerned-You are allowed to re-dn in occupation of your homes in peace main in occupation of your homes in peace and quietness, subject to your proper be-havior, always as non-combatants in this war, and to your obedience to such rules as the offleer whom I appoint to com-mand here may find it necessary to make. The British returned a heavy firebefore which the Boers recoiled, after extending across the flats and maintaining a continuous long range fusillade for some hours.

Artillery can be heard in the direction of Dewetsdorp, but there is no sign that the British relief column in that quarter has advanced further.

The natives report that another British has been detached from Bloemfontein. If so, the position of the Boers around Wepener is precarious.
