Boers Are Slipping Away.

The Daily Chronicle has the following from Valbank, dated Wednesday, April 25: "For two days the Boers have been fighting a series of rear guard actions. Crossing Modder here and hotly pursued by General Alderson, they got into the kopjes southeast of the crossing and narrowly missed being captured by General Rundle who was coming from that direction, but, on sighting his advance, they turned eastward and slipped away between General Alderson and General Rundle.

"A prisoner just captured asserts that President Steyn was present during Monday's fight at Slangfontein, east of Leeuw kop. He had shaved his beard, so that he was not easily recognizable."

The Lourenzo Marquez correspondent of the Times says:

Arsenal Workmen Arrested.

"The Begbie foundry was under the direct management of representatives of a Le Creurot firm and many of the workmen had been licly known as to the cause of the explosion, but it is significant that it was predicted. About twenty of the workmen have been arrested and the others have been prohibited from leaving the country. The Pretoria correspondent of the Daily

News says: "On Monday Erastus De Klerk was sen-

tenced to two years imprisonment at hard labor for guiding the British from Petrusburg to Bleomfontein." The express this morning says:

"We learn that the sudden return of General Grant. Nearly every business block certain democratic and republican leaders Cecil Rhodes to Africa was due to a large and hundreds of private residences were

find of copper in Northern Rhodesia." A dispatch from Kimberley says enteric fever is so rampant there that the city officials are urging the military authorities to remove the camps from the town and discontinue the use of public buildings as hos- rived from Chicago shortly before the expitals, with the view of better safeguarding ercises began at Turner hall. public health.

What is Builer Doingf

There were some narrow escapes. Mr. Glashan, public school inspector, was busily street school and was superintending the removal of the furniture. He remained in the building too long and was rescued just as the roof collapsed.

Most of the lumber piles in Ottawa and Hull have disappeared and now mere heaps of charred wood and ashes mark their sites. Half a dozen churches and schools have been burned; the Eddy company's paper Eddy's residence have been destroyed. Bronson's & Weston's mill, the Hull Lumber company's mill, one of Booth's mills and the McKay company's premises, one of the power houses of the Ottawa Electric company, the Hull water works, the Hull court house and fail, the postoffice, the convent, almost every business place and about 1,000 dwellings and shops in Hull have been destroyed. Indeed, practically nothing of Hull is left but a church and a few houses beyond it. The only lumber mills standing in Hull are the Glimour and Huston mills, at the extreme east end. The etecl suspension bridge which connected the city of Ottawa

with Hull was also destroyed. On the Ottawa side many fine residences were included in the fire area, including that of J. S. Booth, which alone was estimated A. F. Fleck, close beside, and Hon. George Foster's residence in the same locality, were burned. Levi Crannell, manager for Mr. Bronson, and Mr. Parr of the Parr's mill, had two heautiful houses, out of which they were not able to take anything, so quickly

did the flames extend. The Canadian Pacific railway depot on the for police protection unless assaults on con-Chaudiere flats burned quickly.

The wind continues from the northeast and unless it changes the city will be safe It was asserted at the meeting that the as the first has about burned itself out tocity police have failed to afford necessary wards the country. The situation brought as dry as matchwood.

Effect on the Lumber Trade

NEW YORK, April 27 .- Lewis A. Hall, president of the Export Lumber company f New York, Boston and Ottawa, which company had \$1,000,000 worth of its lum-

ber burned in the Ottawa fire, said today; "The destruction of lumber which was reported as amounting to 150,000,000 to 200,-000,000 feet, together with the loss of mill capacity of between 200,000,000 and 250. 000,000 feet per annum, will have a greater effect on the white pine and spruce markets than it would have had at any other time in the last ten years. Not only does It take out of the market for the next twelve months over 400,000,000 feet of lumber, prinipally white pine, but it does this at a gether out of proportion to the available supply

"Owing to the great demand for lumber in Canada it looks to me as if lumber will
