Find Hody in the River.

ABILENE, Kan., April 27.—The body of John Blagg, a prominent Farmers' Alliance lecturer, was found in the Solomon river near here today. The body had evidently been in the water for several days. Whether it is a case of murder or suicide is not known. Blagg was a prosperous farmer.

93,000,000 MILES is the distance from the earth to the sun.
On December 1 the distance is almost 3,000,000 miles less than on July 1. A train traveling 1,000 miles a day would require 254 years to make the journey. The heat from the sun is so great that the amount received by the earth in one year would melt a shell of ice 137 feet thick all over the earth's surface. From this you will observe that great care should be exercised in selecting a paint that will withstand this intense heat. We can prove beyond a reasonable doubt that
