derers have not been discovered, although large rewards are offered.

## RAISING A FUND FOR OTTAWA

**London's Lord Mayor Adopts the Suggestion of Joseph Chamberlain—Canada Appreciative.**

LONDON, April 29.—The lord mayor of London, A. J. Newton, has opened a mansion house fund for the relief of the victims of the Ottawa fire.

Joseph Chamberlain, secretary for the colonies, wrote the lord mayor yesterday and communicated to him dispatches from the earl of Minto, showing the extent of the disaster and showing also that the Canadian premier, Sir Wilfrid Laurier, had assured Lord Minto that Chamberlain's suggestion that the mother country would like to contribute was appreciated. Chamberlain wrote:

"In these circumstances, my lord, I would ask you, with your usual kindness, to consider the desirability of opening a fund. I am confident that, at a time when Canada is making in South Africa such sacrifices for the common interests of the empire, an appeal to the generosity of the British public will meet with a ready response."

**Canadian Fishermen Ask Protection.**

VICTORIA, B. C., April 29.—The fishermen of the west coast of Vancouver island are petitioning the Dominion government again for the establishment of a patrol to protect British Columbia halibut banks from American poaching schooners.

## METHODIST ARMY PROPOSED

**Bishop Thoburn Would Band Together One Hundred Thousand for Soul-Saving.**

CHICAGO, April 29.—A Methodist army 100,000 strong, consecrated and banded together for the salvation of souls, may be the outcome of the great gathering of Methodism which is about to be held in this city.

Bishop J. M. Thoburn, whose field of work is in India and who has been a missionary and a leader of missionaries nearly all his life, is the man who will propose to the general conference this great crusade and whose eloquence will urge that it be at once begun.

He will arrive Wednesday, and it is understood that he will at once begin to gather around him supporters for the effort to convince the conference that the "Consecrated army of one hundred thousand" has the field ripe before it.

Rev. David S. Monroe, secretary of the Methodist general conference, which meets in Chicago Wednesday, said today that the question of seating provisional delegates will bring on the first discussion of the conference and will probably be referred to a special committee. It will require 181 votes from the 565 regular delegates to rule out the provisional reports, but it is thought the laymen will get more than the required two-thirds vote of the conference.

The proposed admission of women delegates also is expected to cause a warm debate. One woman has declared that she will participate. In 1888 the general conference established a precedent when the bishops decided that women delegates should not be seated, and their names were not called. In 1896 Secretary Monroe called the names of three women who were present as delegates, but they remained without, their title being disputed for one day only. During that time they voted for Dr. Monroe as secretary, but at the following session they withdrew from the conference.

At a mass meeting to be held in the interest of city evangelization on Wednesday evening, May 16, at the Auditorium hall, Dr. John E. Ames of Philadelphia will preside, and the speakers will be Rev. J. M. Buckley, D. D., editor of the Christian Advocate, New York, and Bishop Henry W. Warren, D. D., of Denver. The speakers before the anniversary of the Freedmen's Aid and Southern Education society, to be held Thursday, May 17, at Studebaker hall, are Rev. W. H. W. Rees, D. D., of Cincinnati, Rev. S. P. Cadman, D. D., of New York, Rev. C. M. B. Mason, D. D., of Cincinnati and Bishop J. C. Hartzell.

The speakers on the occasion of the anniversary of the Board of Education, to be held in Studebaker hall, Wednesday evening, May 23, are Bishop D. A. Goodsell, D. D., and Rev. J. W. Bashford, D. D., president of the Ohio Wesleyan university, Delaware, O. D. L. Rader of Denver has been added to the list of speakers for the anniversary of the Missionary society, to be held in Auditorium hall, Tuesday evening, May 8.

Easy to take, easy to operate—

*Hood's Pills*

## RIDING TOO MANY HORSES

Schneider Just Now Engaged in Doing a Wonderful Acrobatic Feat.

PLEDGES AID TO THREE ASPIRANTS

**Dietrich, Steuffer and Lambertson All Sure of the Sugar Man's Support—Other Entanglements That He is In.**

LINCOLN, April 29.—(Special.)—Only a few stray politicians have reached Lincoln so far, but the advance guard of the republican state convention is expected tomorrow evening.

"For the most clever successor of the Apostle Paul, who was all things to all men, commend me to R. B. Schneider," said a former republican state official who was passing through Lincoln yesterday. "Schneider is trying to ride more horses at the same time just now than the most accomplished acrobat I ever heard of, and if he succeeds in riding them into the state convention the age of miracles will surely be on us once more.

"I saw Mr. Dietrich today and he told me that Schneider was for him for governor, and that he had a perfect understanding with him whereby he was to have the support of Schneider's strength in Dodge and other counties.

"Schneider was also the man who urged Senator William Steuffer to come out for the governorship for the purpose of holding the Cuming county delegation where it could be used for his own benefit, and for all I know is still committed to Steuffer.

"Yet everybody, including myself, has been led to believe that Lambertson was to have the influence of Schneider. Lambertson is of that opinion, for he told me so himself. He was brought out, as a matter of fact, by a set of people who are professed Schneider men, such as Hainer, Tefft, Reavis, Jossen, George W. Post and so on, and the idea as formulated in that conference was that a prearranged set program, with Thurston at the head of the delegation to Philadelphia, Schneider for committeeman and Lambertson and Cady for governor and lieutenant governor, was to be put through by the combined following of all of them.

"That, by the way, reminds me that Schneider has also got the Thurston men to believe that he was going to help them out provided, of course, that he gets the benefit of the work of the federal brigade. He claims to have a string on the federal appointees also, as a sort of political legatee of the late Senator Hayward, with the object of proscribing from party recognition everybody who was not actively engaged last winter in urging the immediate election of the senator by the last legislature, although most of us thought the senator's obligations in that direction had been redeemed when Schneider's brother-in-law, Mr. Mathews, was given the United States marshalship as the fattest plum left in the federal appointment orchard.

"How Schneider is going to keep all the promises he has out is the problem that will take a trained mathematician to solve."

**LINCOLN'S MAY DAY PROGRAM.**

**Pageant to Represent the Nation's Progress Planned at Capital City.**

LINCOLN, April 29.—(Special.)—The promoters of the May day celebration, which will be held in this city May 1, are arranging for a military and historical pageant that is intended to eclipse anything of the kind ever seen in Lincoln. In connection with the parade there will be elaborate ceremonies on the university campus at the unveiling of the Spanish cannon, and in the evening a May pole dance will be given by twenty-four misses on an elevated platform at the intersection of Eleventh and N streets.

The military parade will be the most interesting feature of the celebration. It will start at 3:30 o'clock in the afternoon and will terminate at the university campus. The parade will be led by a prominent citizen impersonating George Washington, followed by continental drum corps and a platoon of soldiers in continental uniform. Following them will come the local chapter of Daughters of the American Revolution, carrying many varieties of flags used during the revolutionary war.

The next historical character represented will be General Andrew Jackson, followed by a platoon of soldiers in the costume of the war of 1812. General Winfield Scott will also be impersonated and will be accompanied by a troop of cavalry dressed in the uniform worn by soldiers in the Mexican war. General Grant will come next, escorted by another company of soldiers, Grand Army posts, Sons of Veterans and Woman's Relief corps. One company of Spanish war veterans will conclude the marching war history.

The Nebraska National Guard, state, federal, county and city officials, commercial travelers and secret societies will also be given a prominent place in the parade.

Chief Clerk Butler has announced the appointment of A. O. Pickens of Powell and C. B. Elkins of this city as clerks in the railway mail service.

The date of the Missouri-Nebraska interstate debate, which will be held at Columbia, Mo., has been changed from May 4 to May 11. The Kansas-Nebraska debate will be held on the same day in this city.

Contracts have been awarded for repainting and repairing the interior of the postoffice building in this city. A revolving storm door at the south entrance of the building will be a much needed improvement.

The annual field day athletic exercises of the State university will be held on the campus in this city next Saturday afternoon.

**OLD DITCH TROUBLE BREAKS OUT.**

**Crawford Company Secures the Arrest of Managers of the Hall Company.**

CRAWFORD, Neb., April 29.—(Special.)—Two weeks ago the people of this community were shocked to learn that someone had torn away the diversion headgates of the Crawford company, the largest irrigation works in this part of the state. A couple of days ago the superintendent of the company sprang a surprise by bringing Sheriff Holley from Sioux county to Crawford with warrants for the arrest of Fred A. Macomber and Van Jackman, two men of excellent character. Macomber is the superintendent of the Leroy Hall ditch and Van Jackman is the miller in charge of the Leroy Hall mills, both being below the headgates of the Crawford company. The warrant was issued under the criminal section of the irrigation laws, whereby the penalty is from one to three years imprisonment in the penitentiary. The accused were arraigned yesterday before County Judge Wilson at Harrison. They waived preliminary hearing and were bound over to the district court in a $400 recognizance.

The Crawford company in 1896 secured an injunction restraining Hall and the other defendants from interfering with the company's use of the water, and this injunction is still in force. It is understood that proceedings have been instituted against he same parties for contempt of court, and also in the federal court, where they will be charged with maliciously injuring property on the military reservation, where part of the headgate is situated. As defendants' attorney threatens to test the constitutionality of the criminal section of the irrigation laws, it is understood that the State Board of Irrigation will be asked to take a hand in the prosecution.

Not for fifteen years has this section of the state been favored with such an abundance of rain. The ground is wet thoroughly to a depth of two feet and the grass growth is excellent and good range is assured.

**Trace of Escaped Prisoners.**

SUPERIOR, Neb., April 29.—(Special Telegram.)—Saturday night thieves broke into the barn of Orrin Hackler, four miles northwest of this town, and stole a valuable horse. It is believed the theft was perpetrated by the two persons who escaped from the Alma jail on Friday night. This suspicion is based on the fact that only one animal was taken, although tracks of two men were found leading to the barn. As the prisoners' arms were shackled together it would have been necessary for them to ride double. This evening the two noted bloodhounds from Beatrice arrived and were placed on the trail. It is feared, however, that the wet weather which has intervened will render their task difficult. A large crowd witnessed the arrival of the hounds and accompanied them to the scene of operations.

**Arbor Day at State Normal.**

PERU, Neb., April 29.—(Special.)—Arbor day was observed by the senior class of the State Normal on Friday, the 27th, the exercises having been postponed from Monday on account of the continued rains. At 1 o'clock a start was made, a portion of the class walking down the railroad and the rest riding behind a four-horse team over the hills. Evergreen trees were planted by the grave of a member of the Lewis and Clark expedition, who died on the return from the northwest and was buried on a slope of a wooded hill overlooking the Missouri river, three miles southeast of Peru. Exercises appropriate for the occasion were held, B. M. Stone delivering the principal address.

**Girls Stuck in the Mud.**

GENEVA, Neb., April 29.—(Special.)—Last night the whistle at the Industrial school blew an alarm three different times just at dusk. Clerk Brennan came into town at once seeking three girls who had escaped, two colored and one white. Superintendent Weber captured the girls today. They stuck in the mud.

**Invoicing the Burlington.**

PLATTSMOUTH, Neb., April 29.—(Special.)—The following named persons are in the city, assisting in invoicing the stock in the storehouse of the Burlington: F. Clark, assistant auditor, Chicago; J. E. Matthews and R. A. Brydolph, storekeepers, Aurora, Ill.; W. J. Turner, storekeeper, Burlington, Ia.; W. L. Cooper, storekeeper, LaCrosse, Wis.; H. E. Maxwell, storekeeper, Creston, Ia.; C. A. How, supply agent, Hannibal, Mo.; J. W. Bridge, Hannibal, Mo.; W. P. Durkee and C. H. Sampson, assistant auditors, Omaha. They were all royally entertained by D. S. Guild last evening.

## DEATH OF CHARLES FROST

**Authorities at York Are Investigating the Matter and Hope to Clear Up the Mystery.**

YORK, Neb., April 29.—(Special.)—Investigation into the death of Charles Frost continues, and as it progresses the fact that something mysterious, if not criminal, lurks behind his taking off is becoming manifest. All day yesterday and far into the night the coroner conducted his inquiry behind closed doors, but not a little of the testimony taken has leaked out. It has been settled that Frost died from the effect of poison, probably strychnine, or some preparation of strychnine. It has also been developed that Mrs. Margaret Frost, wife of the dead man, bought on several occasions recently strychnine and other forms of poison, saying she wanted it for rats. Mrs. Frost admits buying the poison, saying she used some of it herself and gave some to a friend who lives in the country. Medical testimony given at the inquest was to the effect that Frost died from the effects of corrosive poison. What now remains to be developed is what sort of poison it was and who gave it to him.

Many rumors, some of them decidedly disquieting, are being circulated today. So far as is known Frost and his wife lived very happily together. Frost was an industrious man, about 37 years of age and a member of the Maccabees and the Home Forum, in which orders he carried $2,000 insurance. His wife conducted a dressmaking school at their home here. During the progress of the inquest some letters were read, alleged to have been written to Mrs. Frost by a traveling man who does not live in York. Up to date the nature of these letters has been kept from the public, but the authorities are taking unusual steps in the investigation. Tomorrow morning the stomach of the dead man will be taken to Lincoln by the city attorney, where an analysis will be made by the state chemist. Until the result of this analysis is returned the jury will not render its verdict.

**Oxford Politics.**

OXFORD, Neb., April 29.—(Special.)—On May 11 a special election of this school district will be held for the purpose of voting on the proposition to issue bonds in the sum of $4,000 for the construction of a three-room addition to our brick school house. The rapid increase in our population will render necessary the employment of two new teachers next year.

Oxford's municipal officers for next year will be as follows: N. A. Pettygrove, chairman; Dr. L. M. Brady, secretary; W. G. Springer, treasurer. The town will be dry for the next two years.

**Odd Fellows' Celebration.**

PLATTSMOUTH, Neb., April 29.—(Special.)—The members of Odd Fellows' lodges No. 7 and No. 146 and Rebekah lodge No. 40 celebrated the eighty-first anniversary of the order last evening by giving an enjoyable entertainment, which consisted of vocal and instrumental music, recitations and addresses by Past Grand Masters Charles A. Patterson and John Evans of Omaha, and a sumptuous banquet. Attorney M. S. Briggs and Henry Jess composed the committee on reception. A number of invited friends were present.

**Result of the Rains.**

NEBRASKA CITY, Neb., April 29.—(Special.)—Nearly five inches of rain have fallen in this section during the last week. Nothing has been done by the farmers toward preparing the ground for corn planting and it is feared that much of the crop will get a late start. Creeks in this city and throughout the county have been greatly swollen and considerable damage has been done to bridges, some of which have been swept away entirely and others rendered unsafe by the undermining of their approaches.

**Plattsmouth's City Council.**

PLATTSMOUTH, Neb., April 29.—(Special.)—Mayor Tom Parmele occupied the chair last evening at a special meeting of the city council. Very little business was transacted beside granting druggists' permits to A. W. Atwood, F. G. Fricke & Co., and Gering & Co., and issuing saloon licenses to Dietrich Bredencamp, Edward Donat, Henry Donat, F. G. Egenberger, Hans Goos, Henry Jess and Claus Speck, John Mumm and Philip Thierolf.

**Rain Does Its Perfect Work.**

DOUGLAS, Neb., April 29.—(Special.)—Rain fell here yesterday. There has been a rain every day or night for a week. The ground is well soaked. It is so wet the farmers cannot get in fields to plant corn. Oats are growing fine, fields already look green. Winter wheat is booming and pastures are coming on fine. There is a good prospect for fruit here this year. The plum and peach trees are full of leaves and the apple trees are blossoming.

## ONE FARMER SHOOTS ANOTHER

**Ranchmen Quarrel Over Land and a Revolver Ends the Dispute in Murder.**

WHITMAN, Neb., April 29.—(Special Telegram.)—A. E. Calhoun, a well-to-do ranchman, living eighteen miles south of Whitman, was shot at 4 o'clock this afternoon by Ancel Connor, a neighbor. It appears they were in dispute about some land, and when the dispute become heated Calhoun ordered Connor off the premises. During the discussion which followed Connor drew a 45-caliber revolver and shot Calhoun in the abdomen, inflicting a savage wound. He will die. The people of the community are greatly shocked, as both men are good citizens. Calhoun is 39 years old and Connor is about 28. This is the second shooting affray in the county within three months.

**Crops Looking Well.**

OXFORD, Neb., April 29.—(Special.)—Not since 1891 has south central Nebraska been visited by such a rainfall as we are enjoying this spring—not dashing, violent rains, but gentle, steady showers that give the best results. Alfalfa and small grain are in splendid condition and our land will soon present the appearance of a well watered garden. Fruit trees are in heavy bloom and barring possible late frost will yield a good crop.

**Dispatchers Come to Omaha.**

WEEPING WATER, Neb., April 29.—(Special.)—The Missouri Pacific train dispatchers, that have been located here for a number of years, received orders yesterday to move to Omaha, and hereafter the dispatching on this division will be done from that place. This includes four men, Chief Dispatcher C. A. Vermillion, George Smith, J. O. Lessell and Ed Morser, and may also include the lineman who is located here.

**Held for Assault.**

TECUMSEH, Neb., April 29.—(Special.)—Loran Pierson spent the Sabbath in jail, being unable to give bond for $150 for his appearance in county court tomorrow on the charge of criminal assault. Miss Blanche Heist is his accuser, she claiming he attempted to do her injury yesterday afternoon. Pierson is a married man, about 35 years of age, and is slightly unbalanced mentally.

**Captain Bennett Now.**

TECUMSEH, Neb., April 29.—(Special.)—Lieutenant G. D. Bennett was last night elected to fill the vacancy in the captaincy of Company I, Nebraska National Guard, caused by the resignation of Captain F. L. Dinsmore. S. B. Rice was elected to the position of lieutenant, made vacant by the promotion of Mr. Bennett.

**Rain Retards Plowing.**

PLAINVIEW, Neb., April 29.—(Special.)—It has rained about every day this week. Roads are in bad condition. On the other hand, the warm weather has made a rank growth of grass and small grain and as it has rained nights mostly the plowing for corn has not been retarded.

**Frontier County Court.**

STOCKVILLE, Neb., April 29.—(Special.)—District court, which convened here Monday morning, adjourned at noon yesterday. In the case against Frank Land, arrested for stealing a steer, the jury disagreed and was discharged. Three days were occupied in trying this case.

**Otoe Court Adjourns.**

NEBRASKA CITY, Neb., April 29.—(Special.)—Judge Jessen adjourned district court yesterday until Thursday, May 3. Two cases have been set for trial on that day. Several cases of minor importance have been disposed of during the week.

**Webster County Soaked.**

RED CLOUD, Neb., April 29.—(Special.)—Another gentle rain has been falling for the last eighteen hours. Farming operations are at a standstill. Winter wheat is unusually fine. Some farmers have already begun planting corn.

**Cattle Ready for Shipment.**

CHADRON, Neb., April 29.—(Special.)—There will be 1,000 cars of southern cattle shipped to Chadron and vicinity in the next few weeks to be placed upon the excellent range which is afforded by the recent rainfall.

**Range in Dawes County.**

CHADRON, Neb., April 29.—(Special.)—Another heavy rain fell here today. The rainfall throughout Dawes county has been very heavy during the last two weeks. The ranges have not been in a better condition for years.

**Prosperity at Red Cloud.**

RED CLOUD, Neb., April 29.—(Special.)—Red Cloud is not having a boom, but it is putting on an air of prosperity that is genuine. There are not enough houses in the city to supply the demand. Many substantial farmers from Illinois have purchased farms in this vicinity and are well pleased with the country. A new flouring mill is one of the probabilities in the near future.

**Nebraska News Notes.**

Neligh is now an international money order office.

The Baptists of Tecumseh propose to erect a new church.

Reports from all parts of the state indicate small grain is in fine condition.

The rains and warm weather are starting the grass on the ranges in good shape.

Pawnee people have formed a stock company and will start a creamery and cheese factory.

The women of the Congregational church will run the Stanton Register the last week in May.

W. F. Sinclair retires from the Bancroft Blade on account of ill health and W. W. Sinclair succeeds him.

The money has all been subscribed for the purpose and the Catholics will erect a church in Neligh this summer.

Albert F. Walla has retired from the West Point Democrat and the paper will henceforth be published by Thiele & Miller.

Mrs. W. I. Compton has taken up the work of editing and publishing the Utica Sun where her husband, who died recently, left off.

The Louisville Knights of Pythias, who for the last year have been members of the Springfield lodge, organized for themselves at Louisville last Thursday evening.

A destructive prairie fire swept the country for a distance of about ten miles four or five miles southeast and east of Ewing Sunday night. A large number of farmers lost all their hay.

Frank Betmer of Neligh was working on a false wall for a brick kiln when it fell, burying him under the debris. He was alive when dug out and no bones were broken, but he was severely injured internally.

Last week County Treasurer Speiman paid off $5,000 of the railroad bonds voted by Central City in 1880. The bonds were not due until July 1, but his offer to take them up at once and stop the interest was accepted by the holders.

A stabbing affray took place Wednesday about noon between two members of the railroad gang working on the grade just west of Richland. Walter DuVall and Oscar Brewster became involved in a dispute and DuVall cut the other man across the left breast and in the hand with a dull pocketknife. The wounded man went to Belwood, Butler county, to have his wounds dressed.

"I had stomach trouble twenty years and gave up hope of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good I call it the savior of my life," writes W. R. Wilkinson, Albany, Tenn. It digests what you eat.

**PENSIONS FOR WESTERN VETERANS.**

**War Survivors Remembered by the General Government.**

WASHINGTON, April 29.—(Special.)—The following pensions have been granted:

Issue of April 11:

Nebraska: Additional—Jacob D. Slider, Wilber, $6 to $8. Restoration and reissue (special, April 12)—Daniel Fister (dead), Tekamah, $12. Renewal—George W. Sisson, Lincoln, $8. Increase—George H. Greer, Elgin, $6 to $8; Merritt H. Groesbeck, Max, $8 to $10; Michael Morris, Lawrence, $8 to $10; (special, April 13) George Rodocker, Giles, $6. Reissue—John M. Matheny, Alma, $29.

Iowa: Additional—Thomas Fisher, Edgewood, $6 to $8; William Hess, Sergeant Bluff, $10 to $12. Restoration and increase—William H. Ives (dead), Stanwood, $8 to $12. Restoration and reissue—Edward Myers (dead), Pilot Mound, $10. Increase—Jacob Cox, Moravia, $16 to $17; William J. Hull, Atlantic, $16 to $17; James P. Estes, Ioka, $6 to $8; Edward C. Mosteller, Rising Sun, $17 to $24; William D. Leek, Iowa City, $8 to $12; Joel Woods, Henderson, $6 to $8; George W. Newcomb, Albia, $17 to $24; Michael Casey, Knoxville, $8 to $10; James Underwood, Grand Junction, $8 to $12; Artemas Smith, Casey, $10 to $14; Samuel Andrews, Boonsboro, $6 to $12; John Wynn, Greenfield, $6 to $8; Levi H. Green, Waucoma, $6 to $8; James McDougle, Geneva, $8 to $10. Reissue—Isaac H. Howland, Lime Springs, $17. Original widows, etc.—Martha E. Ives, Stanwood, $12; (special accrued, April 13) Anna W. Jones, Bussey, $12.

## PERFECT MEN

When man was moulded Nature gave to him certain organs, each of which was to perform a distinct service, but all to act in harmony. Nature did not intend that there should be a weakened or diseased condition of any one of these organs. But mankind will disobey the common laws of health. It often starts way back in the years of your youth. Indiscretions and excesses make men weak. This class of men have held my attention for many years. During that time I have tried every remedy known to science, and have found only one that can be relied upon to cure in every case. It is a never-failing remedy—but a remedy only when properly used—that is Electricity—I am the inventor of

## Dr. Bennett's Electric Belt,

Which gives the right kind of current to cure these obstinate and mortifying diseases that unfit a man to occupy manhood's proper sphere. My Electric Belt has cured weak men in every part of the world, and in every city and town in this state. My Electrical Suspensory, which is necessary in the treatment of weaknesses of men, is free to every male purchasir of one of my belts. It is the greatest home self-treatment for men—young or old—because it is applied just right and gives four times the current of any other Electric appliances. It takes that weak feeling out of you and returns you to sound, vigorous manhood in from 60 to 90 days. Has soft, silken chamois-covered sponge electrodes that cannot burn and blister as do the bare metal electrodes used on all other makes of belts. There are cheap imitations of my Belt out. There never was an article of merit that was not imitated. Do not be misled. My Belt can be renewed for 75 cents when burned out—no other belt can be renewed for any price and when burned out is worthless.

Will permanently cure Sexual Impotency, Lost Manhood, Varicocele, Seminal Weaknesses, Spermatorrhoea and all other Sexual Disorders; restores Shrunken or Undeveloped Organs and Lost Vigor; cures Rheumatism in every guise, Kidney, Liver and Bladder Troubles, Constipation, Dyspepsia and all Female Complaints.

Write or call today and in sacred confidence. I will send you symptom blanks, books and literature that will tell you all about it. If you cannot call write fully and freely with the assurance that your letter will be concealed from prying eyes. Sold only by

**Dr. BENNETT Electric Belt Company,**

Rooms 18 to 21 Douglas Block, Opp. Hayden's, Corner 16th and Dodge Sts., OMAHA, NEB.
