Jasper City is Bound to Make a Record with Its Convention.

HOSPITALITY ITS PEOPLE'S WATCHWORD

Citizens Are Working as One Committee to Have Everything Ready for the Gathering of the Fusionists.

BIOUX FALLS, S. D., April 29.—(Special.) -A mass meeting of citizens of Sloux Falls has been called for Monday evening in the auditorium for the purpose of making final arrangements for caring for the populist national convention, to be held in this city May 9. Various estimates have been made of the number of visitors to the city at that time, those varying from 8,000 to 12,000.

Railroads have granted a rate of one fare for the round trip and several of the roads having lines running into the city are preparing to run excursion trains from points in Minnesota, Iowa, Nebraska and South Dakota, and these excursion trains are expected to bring in the greater portion of the visitors who will be in town during the convention. The Milwaukee will run special trains between here and Canton, on its main east and west line, the trains to be run as the traffic requires. The delegates from Nebraska, Kansas, Texas and other states who are to attend the dollar dinner at Omaha on the evening of the 8th will be brought to Sloux Falls by special trains,

A committee is engaged in maki of private residences in which the overflow bring the work to a conclusion, when it will be known exactly how many visitors the city can entertain. The hotels are increasing their facilities by renting adjacent buildings. and other buildings, among them a commodious one formerly conducted as a hotel, have been leased by citizens and are being fitted up for the accommodation of visitors. Prices will not be excessive and so far as the citizens can prevent it those who will conduct temporary lodging places for the accommodation of visitors will not, even if so disposed, be permitted to charge their guests unseemly prices. The chief aim of the citizens, who are anxious that the good name of Sioux Falls shall not be tarnished, is to entertain the visitors in such a way that they will upon reaching home sing the praises of this ambitious little western city instead of having cause for criticising it for the manner in which it entertained its

The tent which has been secured in which to hold the sessions of the convention will be shipped here the coming week from Chicago and will be erected several days prior to the date fixed for the convention.

Aberdeen and the Masons. ABERDEEN, S. D., April 29.-(Special.)-Extensive preparations are being made by the Masonic bodies of Aberdeen for the en tertainment of the Masonic grand lodge which sneets here the week beginning June 11. It is estimated there will be not less than 400 or 500 people here from abroad during that week. The grand chapter of the Eastern Star, the grand lodge of Anclent Free and Accepted Masons, the grand chapter of Royal Arch Masons and the grand commandery of Knights Templar will all be represented by large delegations. A most interesting program of exercises and entertainment is being prepared for the occasion and it is expected that attendance and interest will exceed that of any meeting of

these lodges for years. F. M. Joslin of Frederick and two partners have gone to Oregon to bring through 3,600 head of sheep recently bought there. The sheep will come by rail to Bismarck and will be driven from there to the feeding grounds northwest of Frederick.

Great interest has developed in the pros pective ironing of the Aberdeen, Pierre & Black Hills grade and the completion of the line from here to Rapid City. It is known that representatives of the company have Borie and have about three miles of the driven over the line from Rapid City to Aberdeen and will shortly make a report to interested parties of the result of their investigations. This report will be made the basis for future action by those behind the operations. They will construct the cut-off enterprise. If any action is taken it will be west from Buford to and including one-half done shortly

Evans Sentenced Again.

Burgiary at East Pierre.

PIERRE, S. D., April 29.—(Special Tele"During the war with Spain all the horses" now be foreseen the week will be given up Burginry at East Pierre. gram.)-A bold burglary was attempted at an early hour this morning at the East Pierre postoffice and general store of D. J. can be taken care of. As yet the work of Davis. The burglar, who gives the name this committee has not been completed, but of John Davis, broke out a large pane of the meeting tomorrow evening will speedily glass through which he entered the building, and was at work on the cash drawer when discovered. The breaking of the glass arcused the proprietor, who entered by the back door and had the burglar covered with a revolver before he knew he was discovered. The police were telephoned for and

the man arrested on a charge of burglary. Duhamel Sells His Cattle.

RAPID CITY, S. D., April 29.—(Special.)
For a consideration of \$250,000 cash, Peter Duhamel of this city sold to an eastern syndicate, at the head of which is Corbin Morse of this city, all of his cattle, which are numbered into the thousands. Mr. Duhamel has been in the stock business on the ranges east of this city for a number of years.

SEVERE STORM IN WYOMING North Dakota, Montana, Co'orado,

Create Great Loss Among

CHEYENNE, Wyo., April 29.—(Special Telegram.)-What may prove the most disastrous storm of the winter in Wyoming has been in progress throughout the southern and central part of the state and western Nebraska since last night. Rain fell throughout the night and this morning turned to snow. Tonight the storm increased in force and the weather is growing colder. All of the streams are swollen and damage from floods in some sections is The railroads are also bothered with soft roadbeds, caused by continuous rains in some rections. Sheep shearing is suspended and heavy loss among the sheep shorn is feared. A large wool warehouse just completed at Rock Springs was blown down today. Unless the storm abates heavy lorses will be sustained by sheepmer whether sheep have been shorn or not.

Railroad Contractors Busy.

CHEYENNE, Wyo., April 29 .- (Special.)-The Union Pacific hee awarded a contract to Owen Bros. of Norfolk, Neb., for the construction of sidetracks and double track between Cheyenne and Ogden, the work to be completed as soon as possible. The amount of the contract is \$150,000. Owen Bros. have also been awarded the contract for seventyfive miles of double track on the Nebraska division. They are now building nine miles of double track from Cheyenne west to

work completed. McArthur Bros., the Chicago firm that secured half of the Sherman hill contract, are here today making arrangements to begin of the Sherman hill tunnel, just east of Dale creek. They have ordered several carloads of all of the latest grading and tunneling machinery and will break ground at Buford in a few days.

Telegraph Operator Killed. CHEYENNE, Wyo., April 29 .- (Special Telegram.)-Ed Osborne, a Union Pacific telegraph operator who had been employed on the Callaway branch in Nebraska, was killed instantly at Hillsdale, twenty miles east of here, th's afternoon. Osborne jumped from an eastbound passenger train and fell under the wheels, his body being cut in

two. He leaves a wife. The remains were

brought here tonight. At an early hour this merning Union Patific passenger trains Nos. 6 and 191 met head on at Cooper Lake, forty miles west of Laramie. Both engines and one or two mail cars were damaged. An unknown tramp was slightly injured. The wreck, which delayed traffic several hours, was due to a blinding snow storm, the train crews being unable to see each other while one train was going in

To Report on German Trusts.

Lydia E. Pinkham's **Vegetable Compound** Cures Painful, Profuse, and Irregular Periods.

MRS. E. F. CUSTER, Brule, Wis., writes:

"DEAR MRS. PINKHAM:-Your Vegetable Compound has been of much benefit to me. When my menses first appeared they were very irregular. They occurred too often and did not leave for a week or more. I always suffered at these times with terrible pains in my back and abdomen. Would be in bed for several days and would not be exactly rational at times. I took Lydia E. Pinkham's Vegetable Compound, and menses became regular and pains left me entirely."

The monthly sickness reflects the condition of a woman's health. Any woman whose menstruation is unnatural may look for serious trouble to develop at any time.

MRS. ANNA LACY, Ross, Iowa, writes:

"DEAR MRS. PINKHAM:-I was troubled with female weakness, irregular and painful menstruation. I suffered so every month that I was obliged to go to bed, but thanks to your medicine I am now well. I would advise all women who suffer as I did to use Lydia E. Pinkham's Vegetable Compound."

MISS MARY GOMES, Aptos, Cal., writes:

"DEAR MRS. PINKHAM:-After receiving your letter I began the use of your remedies, taking both Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."

Mrs. Pinkham's advice is invaluable help to all women who suffer. It is absolutely free. Her address is Lynn, Mass.

MRS. EDNA ELLIS, Higginsport, Ohio, writes:

"I am a school teacher, have suffered agony monthly for ten years. My nervous system was a wreck. I suffered with pain in my side and had almost every ill known. I had taken treatment from a number of physicians who gave me no relief. One specialist said no medicine could help me, I must submit to an operation. I wrote to Mrs. Pinkham, stating my case, and received a prompt reply. I took Lydia E. Pinkham's Vegetable Compound and followed the advice given me and now I suffer no more. If any one cares to know more about my case, I will cheerfully answer all letters."

Cures the worst forms of Female Complaints, Bearing-down Feeling, Weak Back, Leucorrhea, Falling and Displacement of the Womb, Inflammation, Ovarian Troubles, and all Diseases of the Uterus or Womb, Bloating, and is invaluable to the Change of Life.

Dissolves and expels Tumors from the Uterus at an early stage, and checks any tendency to Cancerous Humor.

Subdues Faintness, Excitability, Nervous Prostration, Exhaustion, Kidney Complaints, and tones the Stomach.

Tremendous Increase in This Line Only an Intimation of What is to Follow in the Near Future.

'The American farmer, as well as the American manufacturer, is reapling the benefits of cotton cloth sent to Asia means a better expansion," said Frank H. Hitchcock, chief the expansion question today. "Our sales last three years, 1897-1899, were over \$500,-On Thursday the senate will listen to 000,000 greater than in the preceding three eulogies on the late Representative Baird of years, 1894-1896. This enormous gain affords some idea of the possibilities that await a further development of our agricultural export trade.

"Wider markets are becoming not only an

advantage, but a necessity. The products of our farms, like the products of our factories, are increasing far beyond our own requirements, and the surplus thus resulting must be disposed of abroad, or we shall have a constant glut in the home market. To avoid such a condition we are striving as never before to increase our shipments to foreign countries. We are searching the world over to find new markets in order that the American farmer may have a readier and more profitable sale for his products. "Our control of the markets of Cuba and Porto Rico will mean money in the pockets of our farmers. Under normal conditions these two islands purchase annually \$50,-600,000 worth of agricultural produce, chiefly breadstuffs and provisions, and practically all

of this trade should come to the United Trade in the Orient.

"In due time the Philippines also will son, a large importer of fine millinery at of American farms. This group of islands | up with all the new novelties and show 1658 Milwaukee avenue, Chicago, says: "Dur- is particularly important, because of its reing the late severe weather I caught a lation to the valuable commerce of the orient. It acted like magic and I began to in the Philippines and a naval base there to insure the protection of our commerce on the Pacific we shall be better able to reach forth into the coveted markets of China, Japan and the rest of eastern Asia.

> 'The foreign trade of China, Japan and the East Indies, even under the present undeveloped conditions, amounts to more than \$1,000,000,000 a year, and of this vast commerce the United States enjoys less than 10 per cent. The possibilities of commercial expansion in this direction are simply enorous. Our exporters are beginning more fully to recognize this fact and to take advantage of it. The results already obtained are significant. Five years ago our exports to China and Japan were valued at a little more than \$12,000,000; last year they amounted to nearly \$40,000,000. Products of the farm enter extensively into this rapidly growing trade. The cotton planter of the south and the wheat grower of the north and west are alike benefited. During the last year more than 100,000,000 pounds of American cotton were shipped to Japan, as compared with only 11,000,000 pounds five
