### IREY SEEKS REINSTATEMENT

Quo Warranto Proceedings Instituted to Restore Him His Place on the School Board.

G. G. Irey, ousted member of the Board f Education, has filed a petition in quo warranto seeking for the restoration of his position on the school board which he alleges is now being held contrary to law member of the board and held that office prays that Mr. Levy, who it is claimed has be invested with his former dignity.

Attorney Winter, acting for Irey, says: "Our contention will be that Mr. Irey was never lawfully dispossessed of his seat. As the board knows he was called to Pennsylvania during the Christmas holidays by the serious illness of his wife. It was not his purpose to evade any process of law. Before his absence from the fourth consecutive meeting, which the law makes a forfeiture of office, Mr. Irey notified the board of the circumstances which occasioned his absence. He added that, in case it was the will of the board, he would return to this city at once in spite of the continued illness o his wife. The board chose to place this notice on file without making any answer and to appoint Mr. Levy in his place. We will hold that Mr. Irey had a justifiable excuse for his absence and will make a showing of his willingness to appear in

case the board insisted.' Mr. Irey reiterated his threats against the members of the board who had caused his ejectment, and promised that the present proceedings would be the forerunner of others in which his enemies would be die closed in their true light. The revelations, he said, would have reference to the purchase of certain geographies and other text books.

### CHEERS FOR THE ADMIRAL CITY COUNCIL PROCEEDINGS

Treasurer Heunings Makes a Showing of His Success as a Tax Collector.

Before the council Tuesday night the city reasurer made a showing of personal tax collections for April which he believes will justify him in the employment of the two extra employes for whom he has petitioned During April, 1900, the sum of \$7,116.62 was received from personal taxpayers, while in the same month one year ago \$705.41 was received. The taxes paid range from 1882 to 1900, the grater amount, however, being from three to five years old. The report was placed on file.

The resolution providing for an increased the western states today saw and cheered allowance in several departments passed at the last meeting of the council was received tary and civic parade, was driven through back from the mayor without his approval. The chief executive said that while he be lieved the treasurer's and the engineer's departments were entitled to larger apportionments than those allowed by the old osition in the grand stand, erected on the council, he objected to the raising of wages in other departments and believed that i would tend to create dissatisfaction among employes not so favored. The resolution. which enlarges the apportionments of the departments \$12,600, was passed over the mayor's veto, Lobeck and Mount voting no.

The mayor also vetoed the resolution callng upon the Board of Public Works to fill the pitfalls in the Sixteenth street pavement with cinders and gravel. He said that such a makeshift would be discreditable to the ity. The veto was sustained. Councilman Lobeck wishes the explanation made in this connection that he has never favored taxing the cost of the Sixteenth street repairs against abutting property owners. He should have been quoted as favoring the expense being borne by the city.

The council received an invitation from the Polish citizens of Omaha to a celebration of the constitutional day of Poland, which falls on May 3. The ceremonies will be carried out at Twenty-sixth and Walnut streets and are in charge of Anton Inda and others. Councilman Hascall took occasion to praise the Poles as a brave and patriotic nationality, and on his motion the invitation was accepted.

The mayor notified the council that he had appointed William I. Kierstead to serve as clerk of the Board of Fire and Police Commissioners in place of Thomas Davis. resigned. The new incumbent will hold office until 1903. The appointment was unanimously confirmed.

Made by The Bee April M.

Result of Newspaper Census. 1,110 Total, 3 Cities. . . 11,881

In order that all doubt may be dispelled The Bee makes the following proposition: It will place the census lists for each of the routes in the city of Omaha in the hands of a committee of Omaha business men the World-Herald shall name, to be carefully checked up with the carrier delivery circulation of the World-Herald for the first week in April, the World-Herald to be credited with every name omitted by The Bee's census takers; the proving-up process to be made by one representative of The Bee, one of the World-Herald and one of the News. That is to say, every subscriber claimed by the World-Herald in excess of the credit given shall be traced to his residence or business office and his receipts submitted. When the comparison is completed The Bee will revise its figures and credit the World-Herald with whatever additional carrier delivery subscription it may prove up. at the same time agreeing to deduct from its own credit all names shown to have been erroneously inserted.

# **ALWAYS FAVORABLE.** The general opinion concerning the new pro-

duct Van Houten's Chocolate for eating-which has been on sale to the public for some time, -is highly favorable. The public recognise that this Chocolate ranks as highly among chocolates for eating as Van Houten's Cocoa does among cocoas; in other words, that Van Houten's Chocolate excels in delicious flavor, and in wholesomeness of composition.

Every day much harm is done by the excessive consumption of cheap confectioneries and chocolates of inferior quality, doubtful taste and doubtful composition.

Why not abstain from these altogether, and substitute the digestible, wholesome

the Dectors Despaired. The sacrifice of a woman at the altar of motherhood is not an unusual event, but how unnecessary such sacrifices often are will be seen from the following interview with Mrs. C. R. Simmonds of 140 Mineral Springs Ave., Pawtucket, R. I. Mrs. Simmonds, whose husband is a well known and popular grocer of Pawtucket, says:

"When my child was born on April 22, 1899, I suffered such an excessive loss of blood that I was utterly prestrated and had no strength whatever. Blood poisoning set in and my life was despatized of by two of the prominent physicians of this city.

"Before my marrisage I used Dr. Williams' Pink Pills for Pale People with good results in building up and purifying my blood and when the doctors gave me up, I decided to give the pills at rial, although the case was desperate.

"My husband bought some of the pills and by the time I had taken three boxes I had gained so much strength that I was able to leave my bed for the first time in two months. I continued taking the pills and in another month could go about as usual. My appetite was good, the color returned to my cheeks and I gained rapidly in weight.

"I very gladly recommend Dr. Williams' Pink Pills for Pale People to anyone afflicted as I was."

Subscribed and sworn to before me this 27th day of August, 1890.
