A CASE OF "TREMENS"

Can Be Brought on by Coffee.

"It is a well known fact that one can bring on delirium tremens just as surely as the excessive use of coffee as of whiskey, and the coffee habit is just as much a condition of slavery as the whiskey habit. To be sure, if one has constitution enough to stand the effects of either coffee or whiskey and prefers to continue their use, that might be a question for them to decide." So says Mrs. Amy K. Glass of Rolfe, Ia., who continues, "My mother never drank coffee until in middle life. It produced an obstinate case of dysentery, which could not be checked with medicine until she gave up coffee. She is now sixty-five years old and welcomes the Postum Cereal Food for a warm drink at breakfast. It has made her well and ruddy where before she was ill and lacking the appearance of good red blood which she now shows.

WANT BETTER PAID TEACHERS

Central Labor Union Delegates Have a Proposition for the Board of Education.

The Central Labor union decided at its meeting Friday night to ask the Board of Education to employ the best teachers obtainable for the lower grades, instead of those drawing the lowest salaries. The reason for this is that many of the children of the names leave school after passing through the lower grades and under the present system of employing teachers are deprived of receiving instruction from the best ones. Teachers below the sixth grade receive \$65 per month, while others get from \$75 to \$90, and the union believes this order of things should be reversed, or at least equalized.

SOUTH SIDE IMPROVEMENTS

Riverside Club Debates Needs and Wishes of That Section of the City.

The Riverside Improvement club Friday night discussed the matter of the macadamizing of Thirteenth street, from Vinton street to Fort Cook, and a committee was appointed by the president to interview Congressman Mercer on the subject and ascertain the probability of the passage of the bill now before congress to authorize the macadamizing an government work. The matter of the grade on Fourteenth street near Forest school house was brought up and it was decided to make an effort to have the grade changed before the work of excavating the street is finished. It was stated that the children of Clontarf precinct are now out of school, with the

THIRD CONTRACTOR YIELDS

Kerr & Arnold Sign the Scale Demanded by the Carpenters.

PROBABLY 175 MEN NOW AT WORK

Many of These Are Working Directly for Owners, and All Are Receiving a Wage of Forty Cents Per Hour.

The third contractor to accede to the demands of the journeymen carpenters is the firm of Kerr & Arnold, which has contracts in the southern part of the city. They employ about twenty men and are not members of either of the associations of contractors. It was stated at labor headquarters that practically all of the contractors outside of the two associations had agreed to the demands and while several had not yet signed are probably waiting to hear from the contractors and members of the contractor's committee say that they have nothing further to submit to the journeymen. Six men were found at work for Contractor Kerr & Arnold at work in the city. Many of these are working directly for owners at 40 cents per hour, the price demanded from the contractors. Each morning the carpenters who are out of work report to headquarters and register. After the building has started a week they will begin to draw out-of-work benefits. Not more than seventy-five or 100 men have reported any morning.

LOCAL BREVITIES.

The International Typographical union this week by a large majority voted to levy an assessment in aid of the striking printers of Pittsburg, Pa.

Fire in the malt house of the old Krug brewery, Eleventh and Jackson streets, Friday afternoon resulted in a damage of about \$200. The blaze started on the fourth floor supposedly by spontaneous combustion.

Maggie Linn, a high school pupil, living at 2612 Rees street, was robbed of a purse containing \$10.25 Thursday. She says she hung her coat, containing the purse, in a cloak room at the high school and entered the cloak room to attend to her studies. When she was preparing to go home two hours later she discovered the purse and money were gone.

The funeral of John Little was held Thursday morning at 9:30 at St. Philip's church, solemn high mass was celebrated by Rev. Father McGovern, assisted by Rev. Father Carroll, deacon, and Rev. Father Stinson, sub-deacon. The pallbearers were William Fleming, Hobart Williams, Dennis Cunningham, M. E. McCarthy, John J. Deacy and William Moore of Council Bluffs. Interment, Holy Sepulchre cemetery.

The committee on arrangements for the popular dollar dinner next Monday has announced that the dinner will be held at Nebraska that they will be present, among them being all or portions of the delegations from Kansas, Colorado, Utah, Texas, Missouri, Iowa and Kentucky. Workmen began yesterday to put the Coliseum in order for the feast. The central portion of the big building will be enclosed as a banquet hall by canvas partitions painted in imitation of groto walls and the decorations will be simply electric lighting and flags. Over 700 tickets have been sold.

ORDER FOR MEMORIAL DAY

Veterans of the Spanish War to Decorate the Graves of Fallen Comrades.

Willis J. Hullings of Lancaster, Pa., commander-in-chief of the National Association of Spanish War Veterans, under date of May 5 has issued his general order for the observance of Memorial day, May 30, as the day upon which the members of the association shall visit the graves of their comrades who decorated the graves of those who died in the military and naval service in the war with Spain and the insurrection in the Philippine islands and whose bodies now lie in the cemeteries of almost every city in the land. In the observance of the day no form of ceremony is provided, but camps and comrades are authorized to arrange such fitting testimonials and services as circumstances may permit. It is suggested that when it may be acceptable to posts of the Grand Army of the Republic the services shall be held in common.

INSPECTOR JONES AT WORK.

Frank Jones has gone to work as sanitary inspector. He has a letter of appointment from Mayor Kelly and armed with this authority he took charge of the office of the inspector yesterday afternoon. After going through the files in the office Mr. Jones went to work to see what was needed in the way of cleaning streets and alleys and by today he will be hard at work regulating affairs. As for milk inspector Mr. Jones proposes to get at this portion of his work within a day or two and will insist upon all milk dealers complying fully with the city ordinances.

TRAINOR PERHAPS THE GOVERNMENT.

Councilman Pat Trainor is on the war path. He has a lease, through a relative, for a portion of city property south of the east end of the Q street viaduct. This lease is in the name of Ben Luckey and yesterday the lease started to erect a structure on the lot. The building, after it had attained a height

ED HOWARD IS MENTIONED

Fusionists Regard Him as About the Only Available Candidate in This District.

"Whom will the fusionists run for congress in this district? In all probability it will be Edgar Howard," said Jim Dahlanen, formerly chairman of the democratic state committee. "I do not see anyone else who is available and is willing to make it. I don't know whether Howard is willing, but as he is anxious to run for auditor on the state ticket I think we can prevail on him to take the congressional nomination instead, especially as he can have that without a fight, while it is doubtful whether the other can be secured for him. You ask whether he will be elected? Well, that is another question. I think I am safe in saying that he will run as well as anyone else the fusionists could put up."

OLD HANDS TO HANDLE MAILS

Chief Clerk Shearer Saves for Omaha-Ogden Route Its Former Important Duties.

The sudden departure of F. H. Shearer, chief clerk of the railway mail service at Omaha, for Chicago last Wednesday while the convention of the Postal Clerks' association was in session caused a great deal of comment at the time and was not accounted for until Mr. Shearer returned yesterday. As a result of his trip the Omaha headquarters recovers a part of the work which had been taken away from it and will continue to have as much importance in the railway mail service as formerly.

SOUTH OMAHA NEWS.

All over the city there is a disposition to lay permanent sidewalks and it is expected that a great deal of this kind of work will be done during the spring and summer. W. R. Bennett, W. B. Cheek, A. J. Caughy and several others on Twenty-third street are laying fine concrete walks. Down in the business portion of the city E. T. Miller and the Omaha Sewing association are putting down substantial walks on Twenty-seventh street just north of N street. It is the intention to compel property owners to lay walks on Twenty-fifth street from L to Q streets and on Twenty-sixth street from L to Q streets. Aside from these permanent sidewalk districts both sides of L street between Twenty-fourth and Twenty-seventh streets will be included. Mayor Kelly says that the sidewalks, especially in the outlying districts, are in extremely bad shape and many of the personal injury suits are directly traceable to this source.

POND'S EXTRACT. Used over half a century. Refreshing and invigorating. For the toilet or after shaving. Immediate relief to eyes irritated by wind or dust. As a Remedy, it controls pain, bleeding and inflammation. Used Internally and Externally. CAUTION:—Witch Hazel is NOT Pond's Extract, and cannot be used for it. Ordinary Witch Hazel is sold in bulk, diluted, easily turns sour, and generally contains "wood alcohol," which is an irritant externally and, taken internally, is a deadly poison. Pond's extract is sold ONLY in SEALED bottles enclosed in buff wrapper. POND'S EXTRACT OINTMENT cures Heking or Bleeding Piles, however severe. It is specific in all skin diseases.
