Following his go tonight Supples will make immediate preparations for departure for Detroit, where he is matched to meet Jim Popp, the celebrated Canadian fighter, next Monday night. The two men have already fought two draws and it is .expected that one of them will get a decision in their fifteen-round go in Detroit. Much interest is manifested in the fight in eastern sporting circles owing to the reputations both men have made for themselves as clever exponents of the pugilistic art. Supples' appearance here will widen the circle of those interested in his contest with Popp, so that it will include the many western sporting men who will see him do battle with Abbott. There can be no question but that Curley Supples is one of the cleverest lightweights in the country, as has been demonstrated by his two victories over Emil Sanchez and his two draws with Popp. His fights with Popp are of considerable importance, when it is remembered that Popp has defeated both Jack Daly and Otto Sicioff and has acquitted himself creditably with Frank Erne, George McFadden, PENSIONS FOR WESTERN VETERANS.
