Lydia E. Pinkham's Vegetable Compound is a perfect medicine for women who are ill. It builds up the weakened female organism, and helps women over the hard places. Of this there is abundant proof.

MRS. AMOS FESCHLER, Box 226, Romeo, Mich., writes:

"Dear Mrs. Pinkham:—Before I commenced to take your medicine I was in a terrible state, wishing myself dead a good many times. Every part of my body seemed to pain in some way. At time of menstruation my suffering was something terrible. I thought there was no cure for me, but after taking several bottles of Lydia E. Pinkham's Vegetable Compound all my bad feelings were gone. I am now well and enjoying good health. I shall always praise your medicine."

Don't experiment. If you are slok, get this medicine, which has oured a million women, and get Mrs. Pinkham's free advice. Her address is Lynn, Mass. All letters are opened, read, and answered by women.

MRS. ELIZA THOMAS, 634 Pine St., Easton, Pa., writes:

"I doctored with two of the best doctors in the city for two years and had no relief until I used the Pinkham remedies. My trouble was ulceration of the uterus. I suffered terribly, could not sleep nights, and thought sometimes that death would be such a relief. To-day I am a well woman, able to do my own work, and have not a pain. I used four bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash and cannot praise the medicines enough."
