

NATURE GOD'S REVELATION

Eloquent Sermon by Rev. T. W. O. Cheeseman of Ashland.

SUNDAY SERVICES IN OMAHA CHURCHES

Relation of Christians to Their Fellow-men. Subject of Rev. F. S. Steen's Address.

Rev. T. W. Conway Cheeseman of Ashland, Neb., occupied the pulpit of the First Congregational church Sunday morning and evening in the absence of Rev. Hubert C. Herring, the pastor.

From first to last the bible claims that the whole sweep of nature reveals God. Nature is no dull, monotonous and silent void, but is everywhere resonant with divine harmonies, pulsing with eternal truth.

poising the earth was that of an incandescent globe of fire which by its heat, caused the water now constituting the seas and rivers to be held in suspension in the atmosphere. This is only one of the statements of the bible which were explicable at the time it was written, but God's word was the mark of truth and knowledge vindicated. So Christ was before all things. He became the light of the world. For ages the spiritual world was merged under a subtle cloud of idolatry, superstition and ignorance. The Sun of Righteousness arose and dispelled superstition and degradation and is gradually fitting the world for the abode of the sons and daughters of God.

HERETIC NOT THE CHURCH'S ENEMY.

Rev. Trefz Preaches on the Religion of Yesterday and Tomorrow.

In Kountze Memorial church Sunday morning, Rev. Edward P. Trefz, pastor, preached upon the subject, "Heretics Yesterday and Today: An Outlook Upon the Religion of Tomorrow." Rev. Trefz said:

HOLINESS OF THE BODY.

Only Temple in the Universe is the Body of Man. Dr. C. H. Bruce of Muncy, Pa., who has been the guest of Omaha friends for two weeks, occupied the pulpit of the Knox Presbyterian church yesterday morning.

The speaker quoted the words of Paul in his second letter to the Corinthians, "Know ye not that ye are the temple of God and that the spirit of God dwelleth in you?"

"In the days which have come after it is no longer necessary to make a pilgrimage to Jerusalem for prayer and offering to God. There is but one temple in the universe and that is the body of man. Jesus taught His followers that they might worship in spirit and in truth at all times and in all places.

He showed those who accepted His teaching that God had made the human body as a temple more sacred than any architectural pile, what higher ambition could we ask than to make our lives worthy of the occupation of the Christ-spirit? As the Jews gave the best of their possessions and labor to the upbuilding of the temple, spending their skill on even the hidden details of the interior workmanship, so should we spare no pains in preparing our hearts for the divine habitation. God required the utmost of his people in the construction of His ancient edifice and this may be construed as an intimation that He will accept no less complete a service in rearing His interday temple—the hearts and bodies of men."

ARE NEARER CHRIST'S TEACHINGS.

Rule of God Will Eventually Become the Golden Rule. Rev. F. S. Stein of Lincoln preached at the First Methodist Episcopal church Sunday morning, the theme being "The Relation of Christians to Their Fellow-men and His Texts being, 'I am the light of the world.' 'Ye are the light of the world.'"

"The words of the text," said the minister, "sounded blasphemous to the Jews. They said unto Jesus: 'Thou hast witness for thyself.' This was something not permitted by the laws of that time nor for many years afterward. Defendants were not permitted to testify in their own behalf. But Jesus replied: 'If I testify in my own behalf it is because it is true and I know whence I come and you know it not.' He thus laid down a principle now recognized by the laws of almost all civilized countries: The right of the defendant to testify in his own behalf. If the defendant is often the only one who knows anything of the facts of the case and justice can more fully be done by cross-questioning him after he has told a story. This shows that we are gradually approaching the teachings of Jesus Christ, although those teachings were given 2,000 years ago."

"Jesus had a right to say, 'I am the light of the world.' What a wonderful thing, light was, at the beginning, the first of created things. Intellect, science and for years laughed at this science, but upon closer investigation it has been determined that the first form of the matter now com-

SOUTH OMAHA NEWS.

John O'Neil, who was mixed up in a drunken fight at the east end of the L street viaduct Saturday, is coming out of his prison although it was reported on the streets yesterday afternoon that he was dead. When Police Captain Allen went to investigate the affair he found O'Neil in his room at the Kirby in a drunken stupor. His face and hands were still covered with blood and dirt and no attempt had been made to give him any attention. O'Neil sobbed up and down during the afternoon to discredit the holdup story which was first put in circulation. He admits that the affair was nothing but a drunken brawl. Most of O'Neil's injuries are about his head and as these do not appear to be serious he will without doubt pull out all right.

Shortly after the fight occurred the police arrested W. H. Scully and he is now locked up at police headquarters on a charge of being drunk and assaulting O'Neil. As soon as the police heard the rumour that O'Neil was dead they removed Scully from the ordinary cell in which he was confined to the street viaduct. Scully appeared greatly exercised and made the assertion that the affair was nothing but a drunken row. Even if Scully gets out of this little mixup all right the police think they have made a good catch, as the prisoner is badly wanted in Montana, where he is said to have left a wife and child in destitute circumstances. Letters found on Scully show that he has recently received money from L. H. James of Moorcroft, Wyo., and from Robert T. Morgan of Gillette, Wyo.

When questioned by Jailer Elfeldt about leaving his wife and child Scully declined to discuss his family affairs beyond saying that he owned a ranch in Wyoming. Captain Allen told a number of officers are searching for the others supposed to be implicated in the fight. If found, assault and battery complaints will be filed for the purpose of driving a certain class of citizens away from the east end of the L street viaduct.

Magie City Gossip.

John C. Carroll has returned from a trip to South Dakota. Lon Martin of Long Island, Kan., is here visiting relatives. Mrs. A. L. Coleman, wife of Jeweler Coleman, is on the sick list.

The Foresters will give a picnic at Sarpy Mills park on Sunday, May 20. Wallace Goffrey and wife intend spending a week at King's lake fishing.

J. M. Fitzgerald has bought the old Oscar Hill saloon on Twenty-fourth street. Alfred Fulmer of St. Joseph, Mo., is the guest of Mr. and Mrs. W. A. Bennett.

C. C. Carey writes from Phoenix, Ariz., that his copper mine is coming along nicely. Friends of Ivor Thomas are recommending him for a place on the fire department.

Mrs. Peter Jacobs, wife of Electrician Jacobs, has gone to Kansas to visit relatives. Athletic competitions will be held at the Young Men's Christian association this week.

Basket ball team No. 2 of the Young Men's Christian association is the winner of the championship games. The South Omaha Choral union will give its last concert at the First Methodist Episcopal church Tuesday evening.

It is reported here that Frank Riley, better known here as "Snaky" Riley, dropped dead on the streets of Valentine, Neb., a day or two ago.

Rev. J. A. Johnson, pastor of the First Methodist Episcopal church, leaves today for Chicago to attend the Methodist conference.

Sound advice to those who have kidney and bladder troubles, is to take a safe, sure, medicine like Foley's Kidney Cure. It always benefits the kidneys. For sale by Myers-Dillon Drug Co., Omaha; Dillon's Drug Store, South Omaha.

Better Fire Protection.

In connection with better fire protection it is asserted by the city authorities that it is the intention to double the present force as soon as possible. What is wanted is a hook and ladder truck, a steam fire engine and one more hose company. With these improvements the city will be fairly well provided for in the line of fire protection. Chief Smith is making his plans for this increase in fire apparatus. With the advent of new fire-fighting machinery the alarm system will have to be thoroughly overhauled and enlarged. Quite a number of new fire alarm boxes are needed and these will be placed in motion as soon as the funds at the disposal of the council will warrant.

Demand for Lumber.

Lumber dealers make the assertion that the summer season will be a busy one and that great quantities of material will be sold. It is predicted that prices will remain about the same inasmuch as the importance is expected. Quite a number of new buildings are being planned, work to commence as soon as the spring crop of brick is available.

Colonel Savage Popular Here.

Citizens of South Omaha appear to be greatly pleased at the fact that the first

See C. F. Harrison's real estate bargains.

Four Hoodlums Arrested.

William Hanley, C. Radigan and Will McLean were arrested by the "Crownlight" Orphan about 9:40 p. m. Sunday while engaging in a three-cornered slugging match. While Hanley, who has a considerable habit of bumping into people and tripping them, was arrested at the same place, earlier in the evening and charged with disorderly conduct.

CARRIERS ELECT DELEGATES

Representatives to the National Association at Detroit, Mich., Are Chosen.

At the meeting of branch No. 5, National Association of Letter Carriers, on Saturday night arrangements were made for participation in the national convention and for the reception of delegates to the state meeting in this city. The representatives of the local carriers at the Detroit assembly in September will be P. Jorgensen, H. Lehman and N. A. Sundberg. Charles B. Newman, Charles H. Creighton and Edward Kelly were chosen as alternates.

Index of Tramps.

At the present time the police are grappling with the tramp proposition. One or two mornings ago twenty-one tramps were unloaded here from one boxcar which came up from Kansas City. These undesirable citizens spread all over the city, begging for money and something to eat. The police are doing everything possible to keep this class in subjection and it can be safely asserted that there is very little lawlessness here at the present time. Mayor Kelly proposes to have all suspicious characters arrested and sent to the county jail for a term. If this is done it is thought that tramps will soon give this city a wide berth.

It's a Big Success

Ten months ago the Cramer Chemical Co. of Albany, N. Y., wrote us for our idea of advertising their wonderful cure in the state of Nebraska. We wrote them and gave our opinion as to how it should be advertised, which they accepted and began the advertising at once. Had we not been well acquainted with the manufacturers of this remedy (at our old home) we would not have taken the interest in it we did, but knowing them to be men who were worthy and reliable, we knew any remedy which they would make would be one of great merit—that they would give to the public a medicine that would cure. The number of persons who have been permanently cured the past six months and the tremendous sales we have had here more than exceeded our expectations, which certainly speaks volumes for a remedy that was not known in Nebraska ten months ago.

SCHAEFER CUT PRICE DRUGGIST

Cor. 10th and Chicago Sts.

Nebraska Shirts. There are a great many little details in their construction that it will profit you to know about—some peculiar points of interest there are about them that will interest the wearer, and that properly shown will enhance his ideas of the value of the garment. Is there anything more uncomfortable than a shirt that don't "FIT"? Most men think not. An ill-fitting shirt is a constant annoyance to the wearer and keeps him in continual bad humor. And yet half the men in the country wear ill-fitting shirts. There are several makers of shirts who produce a fairly good shirt. One or two of them make what are entitled to be called "Better Shirts" than the ordinary good ones. It remained for us to take the lead under the deserved title of "THE BEST SHIRT THAT WAS EVER MADE FOR THE MONEY"—and that is the unqualified verdict of every man who has inspected our latest production. Quality and merit being acknowledged—price remains the only other consideration. We simply GUARANTEE that our prices on shirts of all kinds—quality and finish considered—are lower than any other in the land.

This is a Safe Shirt Store for You.

Nebraska Clothing Co. CLOTHES FOR MEN AND WOMEN

THE BURLINGTON STATION

FIRE WILL CATCH YOU SOONER OR LATER.

Did you see the Omaha Tent and Rubber company's building after the fire? If you have your office in that sort of a building where do you think you will be when a fire breaks out in your building? It is sure to come—it is only a question of time.

THE BEE BUILDING is absolutely fireproof. There is no wood in its construction, except what you can see. Look around you and think what a nice blaze some of those wooden joists, wooden partitions and wooden stairways would make in the building where you now are. Is it worth while to sleep well at night? If so, let us show you rooms in a fireproof building.
