There can be nothing better for backache. nervousness, sleeplessness and all ailments arising from kidney disorders than Morrow's Kid-ne-olds. It is impossible to manufacture a better kidney remedy. Kid-neolds contain the very best ingredients that are good for allments arising from the kidneys. Sioux City Base Hall Management Strikes a Queer Obstacle.

SIOUX CITY, Ia., May S.—(Special Telegram :—Sloux City may find itself in the same fix with reference to Sunday ball games, as is the case now in Des Moines. Up to this time, however, it is not on account of any organized movement, but purely a personal matter between the manager of the club A B. Beall, and A. H. Frank, a restaurant keeper. Frank says he will have the players arrested Sunday afternoon if they attempt to toss any balls. Heall says he is bluffing. The restaurant man has the refreshment privilege in Riverside park, of which Beall is lessee. But he has not this in Woodland park, just over the fence, where base ball is played. Frank says Reall will take all the people away from Riverside to Woodland park, and there will be no one left to eat at his place of business, and Sundays and holidays are the only ones which pay. The contest between the men has worked up the fans to onite a pitch of excitement, but the question cannot be solved until Sunday afternoon comes.

GAME LACKED A LOT OF BEING CLASSIC

Spectators Enjoyed It. However, and No One Had Any Fault to Find-Locals Lacked Practice.

Captain Bliss and eight of his fellow classmates in the department of base ballology at the Nebraska State university came over from Lincoln Tuesday for the express purpose of showing the Omaha Young Men's Christian association team its untoward tresumption in daring to contest on the diamond with the representatives of a great institution of learning. The professors defeated the Christians by a score of 9 to 6. The game was by no means a classic, even when judged from the standpoint of medium grade amateur ball, but the players enjoyed it, the few speciators "rooted" enthusiastically and nothing further was necessary.

The contest was virtually the second pratice the local team had had this season, and though two of its crack players were abtent the exhibition served to show the presence of some splendid material in the organization which expects to less in local amateur ball circles this season. Young Davidson promises well as a pitcher. He played a steady game yesterday, presenting but one man a free pass to first. He had good speed, excellent judgment and a few twieters in

Lack of practice was apparent in the playing of the locale, particularly in fielding operations. Creigh's work at short, how ever was almost wholly above reproach. He fielded cleverly a number of difficult balls, but succeeded in getting into the error column by an unfortunate play when he threw a fierce grass-cutter over to first. failing to beat out the runner, instead of putting the leather to second and intercepting a forced run.

The locals' first run was made possible by a scratch hit by Hoagland, but the latter's commendable effort resulted disastrously for him. In sliding to first he bruised his ankle so severely that he had to be assisted from the field and lay in the players' dressing room, suffering excruciating pain, under the ministration of a phy sician, while the game proceeded. Crawford completed the run for Hoagland and was enabled to score through a wild throw of

In the third inning Eddie Lawler dis tinguished himself by lining out a twobagger when the bases were full, bringing in the three runs, but expiring on second himself.

Ryan was tried in the box by the visitors for the first time and showed up in good form. He was accorded fairly good assistance, although the errors made by the students were well nigh as costly as those of the locals. The score: Y. M. C. A.

When you write or call upon me i hope you will freely open your mind and tell me all about yourself—do not keep anything back—then I can intelligently instruct you how to apply my Electric Belt so as to receive the speedlest cure. It will cure you; you can rest assured of that fact—and a cure by electricity means a sure of the rest. You can rest assured of that fact—and a cure by electricity means a cure—it is permanent and I guarantoe it to be.

My Electric Belt is the best one in the world—there is no longer any dispute about that point—it has so many great advantages over the other old style belts that any rational man or woman would rather pay several times the price of mine than to wear one of the others were they given free. These old-fashioned electrical devices were all right when you could get no ather

trodes that cannot burn and blister you. allows the entire current to penetrate the system as it should, not being retained upon the surface, causing bad blisters and running sores that take months to heal.

Dr. Williams' Pink Pills for Pale People

Mrs. William Cotter who lives at No. 42 Windsor Street, Hartford, Conn., says: "I was taken with neuralgia several years ago and suffered untold misery. I tried a great many doctors and several remedies, but I found only temporary relief. About three years ago I was advised to try Dr. Williams Pink Pilis for Pale People and I did so. I thought that the first box gave me some relief, and my husband insisted that I keep on taking the pilis. I did, and I can truly say that the pilis are the only medicine that ever permanently benefited me.

"I used to have to give up entirely and He down when the pain came on. My face would swell up so that my eyes would close. The pills cured all this, and I have had no return of it for the last two years. I keep the pills constantly on hand, as I believe they are a wonderful household remedy.

"To Dr. Williams Pink Pilis for Pale Feople I owe all the comfort I have enjoyed for the past two years in being free from neuralgia, and I am giad to be able to recommend them."
