WE ARE SOLE AGENTS for—Edwin C. Burt Co.'s Ladies' Fine Shoes \$5.00

Grand Opening Sale

—of—Oxford Ties and Slippers, Golf and Bicycle Shoes

The assortment and quality of ladies' oxford ties that we show for the first time tomorrow is something remarkable. It ranges from a very good oxford tie at 89c up through all the range in price to \$5.00, with steps of 25c between each and it embraces every new style and every new shape and every new last that is worn this season. The colors are black and tan, either all kid tops or with cloth tops. And the heels run from the common sense up to the extreme high French Empire heels. We are confident that our stock of oxford ties is large enough to suit each and every woman in Omaha.

Ladies' Fine Shoes

Our special sale of ladies' shoes tomorrow will include about 600 pairs of ladies very fine, hand turn shoes made by Price & Wolfe of Chicago to retail at \$4.00 a pair, they will go on sale at \$2.50 pair on our front bargain square, and include very fine French, patent leather and imported vic kid shoes, in black, and fancy vesting top shoes in tan. The widths run from AA to E, and there are all sizes. Take your choice to day for—pair \$2.50

Our special sale to morrow in men's shoes will include a lot of about 820 pairs men's patent leather shoes, black and tan vic kid shoes and about 200 pairs of tan leather oxford ties. These shoes would cost you in the regular way not less than \$3.00 pair. They are all Goodyear welt shoes, they come in all sizes and you can take your choice Saturday on our main floor for—pair \$3.00

TRYING TO STRANGLE FUSION

Mid-Road Populists Draw Their Suiciderness on the Unholy Alliance. OUT TO MAKE A ROUSING CAMPAIGN. Hon. M. W. Howard Says the Organization to Which He Belongs is Stronger Than Ever Before.

Hon. M. W. Howard, formerly representative in congress from the Seventh Alabama District, and now one of the leading advocates of the middle-of-the-road populists, came in Omaha conferring with D. Clem Deaver enroute to Oregon, where he will conduct an educational campaign of two weeks, beginning Monday evening next at Baker City. "We are coming into the approaching national campaign," said Mr. Howard, speaking of the middle-of-the-road populists, "stronger than ever, more compact and more determined. I think we will without doubt poll 2,000,000 votes this fall which went largely to Bryan four years ago. We have the regular populist organization in more than two-thirds of the states. The movement is strongest in the south, but I find that it is growing rapidly in Nebraska and surrounding states. "The hope and purpose of the middle-of-the-road national movement is to ultimately bring about the reforms we have demanded in the populist national platforms of the last eight years, such as government ownership of the railroads and telegraph lines, direct legislation, government control of all monopolies and municipal ownership of street railways, telephone facilities, gas works, water works, etc. In the coming campaign we will be using the seed by educating the people. In this campaign we hope and expect to build up the fusion party by killing fusion. Only by killing fusion can we hope to build up that party. Fusion has stopped its growth and threatened its life, and we can never get recruits as long as we adhere to fusion. Not Aiding the Old Parties. "We are trying to avoid giving aid to either the democratic or republican party and are not concerned about the indirect effect of our action at this or any other time. "We are going to make a red-hot campaign. Every middle-of-the-roader is a speaker and educator, you know, and we have more speakers to the square inch than any other party. I suppose your principal work will be in the south, the west and the northwest. I don't think we will devote much attention to the east. That, at least, would be my judgment of what should be done. "I understand that we have already secured direct legislation in Oregon, and the recent republican legislature enacted a bill for it and that party has pledged itself to it in its platform. They also have it in South Dakota. You see we are the party to pick the pride of the two old parties and wake them up to action on needed reforms. "Ex-Congressman Howard prides himself on coming from the only district in the United States which was carried by Bryan and Watson in 1900. A three-cornered fight there elected him to congress at the same time, beating his democratic opponent by about 500 and the republican by about 900. He claims to be the only man ever elected to congress in the south as a populist in a three-cornered fight against the republicans and democrats where party lines were closely drawn. He expects to make some speeches in Nebraska during the campaign. To Gain a Good Reputation. "The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. This has given it a good reputation wherever it has become known and accounts for its great popularity. Charities and Corrections. TOPIC: KATH, MAY 18.—The annual convention of the National Conference of Charities and Corrections will open here this evening at the state house, when President C. B. Faulkner of Minnesota will deliver his annual address. Addresses of welcome will be delivered by James A. Trotman and Governor Stanley and reports will be given by Rev. Dr. Samuel C. Smith of St. Paul, Minn., and Frank H. Sargent of Concord, Mass. It is expected that over 50 delegates from the various states will be in attendance.

BUSINESS MEN INTERESTED

Yankton Commercial Club Wants Direct Railway Communication with Omaha. WOULD BRING BUSINESS TO THIS CITY. Counties Tributary to the Projected Yankton, Norfolk & Southwestern Heavy Shippers of Grain and Live Stock. The Business Men's club of Yankton, S. D., is manifesting an earnest desire to secure direct railway connection with Omaha and are threatening to renew the negotiations inaugurated some time since in that behalf. Secretary Frank Van Tassel has written Secretary Utz of the Commercial club, under date of May 15, to say: "The business men of Yankton are very much interested in securing a direct railway connection with your city, and at the same time we feel that if your leading business men were alive to the value of the resources of our state, which is growing rapidly, and particularly the live stock shipments which are now pouring largely into Sioux City from this section, and which might easily be diverted to Omaha instead, it would be worth your while to join hands with us and try to accomplish something that would prove of mutual benefit, and more especially of benefit to your city. "Thinking that your business men are perhaps not fully posted as to the commerce of this section of South Dakota, and the products which are daily finding their way to the Sioux City market, and do not realize that a proper effort on their behalf might secure the same for your city, our club thought it might be advisable to visit Omaha, and the same could be talked over and perhaps some way devised by which a connection might be secured which would bring the two sections and cities into a closer relationship commercially, and with that end in view suggested the club members, Hon. Barlett Tripp (ex-minister to Austria), Mr. Harry Ellor and myself as a committee to make the visit. "Want Projected Road Completed. For two years the people of Yankton have been scheming to secure the completion of the projected Yankton, Norfolk & Southwestern railway through from Yankton to Omaha. Most of the grading on this proposed line has been done between Yankton and Norfolk. 20 much of this road as has been graded, the right-of-way and all equities belong to W. W. Graham of Graham of Norfolk, O., who was the contractor who did the grading and who bid in the road at master's sale to protect himself. A few days ago Secretary Utz received a letter from Mr. Graham, in which he said that he had made inquiry along the line between Norfolk and Omaha as to the possibility of securing aid for the completion of the line, except at Fremont, where he believed substantial aid will be freely given. He declared that if Omaha had shown any disposition to aid the owners, either by subscribing for some of the bonds or in the way of bonus, as other places like Norfolk, Pierce, Wagon and Yankton had done, he felt certain that the road could have been put through to Omaha, and he hoped to be able to do it yet, although the New York people connected with the enterprise thought that if the people at the terminal points were not willing to take some interest in it, there could not be much merit in the line. Mr. Graham writes that he hopes yet to induce Omaha people to do something for the road. This road is intended to make tributary to Omaha the east line of Dakota counties, as it was intended to operate a line of boats in connection with it, which would bring thitherward the products of those counties. In a letter on that subject last year C. J. B. Harris, then secretary of the Yankton Commercial club, submitted figures showing that the shipments of grain and live stock from Yankton, Hutchinson, Turner, Hanson, McCook, Sanborn, Miner, Beadle, Kingsbury, Spink and Brown counties, which were the ones which this road was intended to supply, were in 1898 as follows: Wheat, 20,000,000 bushels; corn, 23,000,000 bushels; oats, 15,000,000 bushels; hogs, 372,000; cattle, 248,000; sheep, 50,000. Mr. Harris is still in communication with Secretary Utz on the subject of a Yankton connection for Omaha, and is likely to be in Omaha soon, accompanied by W. M. Powers, president of the Yankton Commercial club, for the purpose of organizing a company. Meeting Was Satisfactory. Major J. R. Buchanan, general passenger agent of the Elkhorn, has returned from Chicago, where he attended a meeting of the Western Passenger association. "Our meeting" said Major Buchanan, "was an eminently satisfactory one. The docket was cleared of a great many questions which had been hanging fire for a long time. The majority of them were routine matters and questions of minor detail except when considered in the aggregate, and their satisfactory disposition was of importance. "Western passenger affairs are in splendid shape at this time. All lines are active and members of the association except the Wis-

JIMMIE IS INCORRIGIBLE

Declares that He is a "Bad Man" and is Proud of It. WILL PROBABLY GO TO REFORM SCHOOL. Has a Penchant for Destroying Order in a South Omaha School and a Fondness for Strong Drink. Eleven-year-old Jimmie Gillan is in the county jail, charged with incorrigibility. He presses his face against the iron bars and delights in declaring himself a "bad man." Jimmie will be arraigned before Judge Vinsonhaler for trial today, and will probably be sent to the reform school until he is of legal age. Charles M. Johnson, principal of the West Side school in South Omaha, is the prosecuting witness. Prof. Johnson alleges that Jimmie has on various occasions disrupted the discipline of the school to such extent that suspension was almost necessary. Despite his tender years, the Gillan lad has formed the liquor habit, and when he is in his cups, it is said he is as wild as an old Spotted Tail, Red Cloud, Geronimo or any of the other celebrated braves. About three weeks ago Jimmie Gillan was before Judge Vinsonhaler on the same charge, and was released on promise of good behavior, and on the understanding that he would remain away from South Omaha and live with the brother in Walnut Hill. Jimmie broke his promise, and returning to South Omaha, filled up on brewwater. Then he armed himself, it is alleged, with a blacksnake whip and invaded the South Side school, whacking the more timid lads fore and aft. He declared he had some old scores to even up. He even threatened to "chop up" Principal Johnson, it is alleged. The brightness of the juvenile outlaw, despite his bad record, made an impression on Judge Vinsonhaler when he was arrested for the first time and the judge delivered a lecture in releasing him. "You must not fight," said the court. "But, your honor, when the other boys hit me, can't I hit back?" Jimmie inquired. "The boldness with which this query was put attracted much attention. The boy is not large for his age, but he has the eyes of a tiger and is of a shalobone physique. Construction that never becomes exhausted. His mother has been dead several years, and his father—a highly respectable work-

A CITIZEN'S STORY

Told by an Omaha Citizen for the Benefit of Omaha People. The greatest importance attached to the following is that it concerns an Omaha citizen. It would lose three quarters of its interest if it involved some resident of Kalamazoo, Mich., or Woonsocket, R. I. Like all the testimony which has appeared here, and like all which will follow about the old Quaker remedy, Dr. Doan's Kidney Pills, it comes from residents, fellow citizens and neighbors. No other remedy can show such a record of home cures. Read this case. Mrs. Fred Horn of 2902 Cuming street, says: "In the winter of 1898 I could not sleep on account of pain in my back. It also bothered me during the day and I often had sharp cutting pains in the kidneys when stooping or causing any strain on my back. At the time I commenced using Doan's Kidney Pills I was very bad. They were procured at Kuhn & Co.'s drug store and the first box relieved me. I continued the treatment until I had taken three boxes when there was no longer any need to take more. I know Doan's Kidney Pills do the work that it is claimed they do." Doan's Kidney Pills is sold by all druggists, Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

SHAKE INTO YOUR SHOES
