DES MOINES, May 19 .-- (Special Telegram.)-Secretary of State Dobson today mailed letters to his friends over the state informing them of his withdrawal from the Seld for a second term nomination, and it is expected that on Tuesday he will make a formal announcement through the newson-To this time the candidacies of three pers. men to succeed Dobson have been informally launched. Ex-Speaker Redman of Jasper county has informed his friends that he is in the field, Hon. Eli Manning of Lucas county has indicated that he will be in the race and ex-Representative Martin of Adair will be an active candidate on the day that Dobson's formal statement of withdrawal appears in the newspapers. The list of possibilities grows larger daily, but names are being used recklessly and without authority. There is no doubt that some of those mentioned are considering the matter seriously, but at the present time but three men. Manning, Redman and Martin, are avowed candidates. It is stated by the wise who arrived here today from Chicago, was ones that Dobson is withholding his formal arrested on a telegram received from Chief. announcement to give Archie Smith of Storm Lake a chance to see his friends and decide her with the crime of larceny in Chicago. whether or not to run.

#### New Penitentiary System.

"It is now impossible to tell by the appearance of first grade prisoners at Anamosa that they are convicts. They wear suits of plain gray clothes, caps to match. and have their hair cut as they please and are altogether a very presentable looking lotof men." said Judge Robinson of the Board of Control this morning in telling of the new system just established. Judge Robinson has just returned from a visit to the penitentiary at Anamosa.

The grading of prisoners is to be adopted in both state prisons. Aside from having the right to lay aside the stripes ,the first grade prisoners have special tables in the dining room, where better fare is served than the lower grade prisoners enjoy and where china is used in serving. That men enjoy the additional privileges is shown in the fact that there are 300 prisoners whose conduct has been such as to entitle them to a place in the first grade.

The second grade men are supplied with a checked uniform, which is not as bad as the stripes, but is quite conspicuous. They do not have as desirable seats in the dining room and their food is served on granite ware. In this class there are 150 convicts There are only twenty men in the third class at Anamosa. Men in this class wear the regulation stripes, have their heads shaven and are not allowed to come to the dining room, but have their meals served in their cells.

The Council Bluffs Nonparell will be obliged to pay \$250 and costs of sult on ac count of an alleged libel. At least that, is the order of the supreme court this morning The title of the case is Lizzle Hulburt against the New Nonparell company, appellant. Plaintiff brought action to recover damages for an alleged wrongful, wicked, malicious and unlawful, reckless and careless publication in the Nonpareil. The de fendant answered admitting the publication and alleging certain facts in justification and in mitigation. The jury found specially-that the plaintiff was not entitled to exemplary damages and entered a verdict in her favor for \$250. The finding is affroned.
