

INTERESTED IN IRRIGATION

Eastern People Drop Their Opposition to Reclamation of Arid Lands.

WILL HELP THEIR MANUFACTURERS

Increased Population in the West Would Mean an Increased Consumption of the Products of Their Factories.

H. B. Maxson of Reno, Nev., secretary of the National Irrigation congress, was in Omaha yesterday while returning to his home from Chicago, where he had been attending a meeting of the executive committee of the congress.

Colonel Maxson spent much of the time while in Omaha in consultation with officials of the Union Pacific, who have at all times taken a lively interest in all matters pertaining to irrigation and have given substantial aid to all enterprises of a legitimate, promising character.

Heretofore the east seemed disposed to believe that the fertility of the west, made possible through irrigation, would add competition to the farming industry of the east, and consequently opposed irrigation.

Colonel Maxson has a pleasant recollection of the several months he spent in Omaha in 1898 as director of the Nevada exhibit at the Transmississippi exposition.

RATE AGREEMENT BEING VIOLATED.

Railroad Officials Admit that Shipping is Going On.

That the recent ironclad agreement entered into by the presidents of all western lines for the purpose of maintaining a firm basis on freight and passenger business is being extensively violated is an open secret in railroad circles.

Interchangeable Mileage Proposed.

General Passenger Agent J. J. Burlington has been appointed by Chairman MacLeod of the Western Passenger association a member of a committee to confer with the southwestern mileage bureau with a view of putting into effect an interchangeable mileage system covering eastern and transmississippi river committee territories up to and including Colorado common points.

Texas Order Will be Nullified.

Information has been received by the freight officials of Omaha lines interested that the action of the Texas railroad commission in establishing an arbitrary rate of 5 cents per 100 pounds on all carload shipments from Texarkana to Texas points will be nullified by order of the commission.
