LABASTINE is the original and only durable wall coating, entirely different from all kal-somines. Ready for use in white or fourteen beautiful tints by adding cold water.

ADIES naturally prefer ALA-BASTINE for walls and cell-ings, because it is pure, clean, durable. Put up in dry pow-dered form, in five-poind pack-ages, with full directions.

LL kalsomines are cheap, tem-porary preparations made from whiting, chalks, clays, etc., and stuck on walls with de-caving animal glue, ALABAS-TINE is not a kalsomine.

EWARE of the dealer who

says he can sell you the "same thing" as ALABASTINE or "something just as good." He is either not posted or is try-ing to deceive you.

ND IN OFFERING something he has bought chean and tries to sell on ALABASTINE'S de-mands, he may not realize the damage you will suffer by a kalsomine on your walls.

ENSIBLE dealers will not buy a lawsuit. Dealers risk one by solling and consumers by using infringement. Alabastine Co. own right to make wall coat-ing to mix with cold water.

HE INTERIOR WALLS of every church and school should be coated only with pure, dur-able ALABASTINE. It safe-guards health. Hundreds of tons used yearly for this work.

N BUYING ALABASTINE, customers should avoid get-ting cheap kalsomines under different names. Insist on having our goods in packages and properly labeled.

UISANCE of wall paner is ob-viated by ALABASTINE. It can be used on plastered walls, wood cellings, brick or can-vas. A child can brush it on. It does not rub or scale off.

STABLISHED in favor. Shun all imitations. Ask paint deal-er or druggist for tint card. Write us for interesting book-let, free, ALABASTINE CO., Grand Rapids, Mich.

PARIS, May 22-The representations by Albert J Spalding, the American director of athletics at the Paris Exposition, to the French officials in control of these even's regarding the position of American athletes who desire to participate in the contests, but who have objected to the Sunday feature of the games, have resulted in the granting of the concessions asked. In a letter to Spalding the French officials state that they recognize the manner in which Sunday is respected in the United States and that in inder to have the pleasure of the participa-tion of the Americans they agree to, when-ever possible, change the finals failing on Sundays to week days. This removes the objections made by the majority of athletes in the United States.
