PHILADELPHIA, Pa., June 16.-If it were not for the uncertainty over the vice presidency, there would be absolutely nothing to relieve the monotony of the republican gathering in Philadelphia. With the presidency long since settled all interest centers in the second place, and the delegates, visitors and republicans of high and low degree are genfortable and unusually serviceable; etally making the most of it. Of course, there is no real breach between Senator Hanna and Senator Platt recently, but perhaps a little soreness exists, New York senator does not want any interference in New York by the chairman of the republican national committee. When Bliss was first put forward for the second place it was well known he was backed by Hanna. Bliss has never been a favorite with Platt, and that was the beginning. There is yet a lingering belief that if New Combs-Side, Pompadour and York would come solidly forward for Bliss he could be induced to accept. This, however, is not likely, and the belief is general that Platt stands in the way. Mix these combs with the real shell

> "Is Greene a candidate?" asked Hanna and that was all there was to it. So until New York speaks she will continue to be the center of interest.

Tonight the situation in New York is just this: The state wants the vice presidency. Senator Platt does not want Bliss because he believes his selection would be a victory for Hanna in New York. Bliss and Hanna do not want Odell because it would be an absolute surrender to Platt. Neither wants Woodruff.
