Freddie Glade, the Nebraska twirler whom the Prohibitionists luckily picked up a short time ago and immediately elevated to the premiership in their pitching aggregation, day afternoon's game. His pitching was to them a veritable enigma and they solved it for only five hits, which netted but one run. The cold water brigade, on the other hand, had but little difficulty in locating Harry Burrell's projections and touched him up for ten hits, bagging a brace of runs and winning the game by such an attenuated margin that at no time was it clinched until the last man was out.

The exhibition was a masterplece of the great American sport. It was witnessed by an unusually large Sunday crowd-at least 4,000 people filling the grandstand and the bleachers. They enjoyed the game to the fullest extent because it was a performance that no true lover of the sport could fail to Sioux City appreciate, although their grief at the GAMES OF THE NATIONAL LEAGUE. champs' defeat was overwhelming. The Colts early proved themselves unable to locate the Glade brand of curves which came ysteriously over the plate with a speed that was amazing, so the fans had but little opportunity to enthuse over any baserunning stunts. They took their fill of shouting, however, and permitted their pent-up spirits to overflow at the expense of the umpire, as was natural under the cir-

Good Work in Outfield.

In a game so close and with but one error on their side it can easily be judged that there was more than one spectacular play. Such were confined mainly to the outfield, Rebsamen, McVicker and Hoy for the locals | Garvin, p. carrying away the laurels, while Brain and Nagle did splendid work for the visitors.

The run-getting was confined to two innings, the visitors appropriating their pair in the second and the champs pounding out one lone run in the ninth Seisler was the first man to face Burrell in the second and was passed to first. Claussen flied out Mertes. to Toman and Lohman drove a safe hit down in right field which permitted Seisler to advance to third. Glade and Thiel followed with singles, upon which Seisler and Lohman crossed the plate. Nagle and Hines then retired the side with flies to Hoy and

For the locals the first eight innings were about as gloomy as could possibly be. In the ninth, however, they started off at a gait which promised to prove a repetition of some of the exciting finishes they have indulged in before. Toman flied out to Brain and then Mattie McVicker distinguished himself by making the only two-bagger of the day. He drove a long fly out in right field which came near going over the fence, and as it soared away toward town, far beyond the grasp of the fielders, the crowd turned itself loose and roared as it had not roared before. Rebsamen immediately followed with a safe hit on which McVicker scored. Wilson lined an easy grounder out to Hines and Rabsamen and himself were doubled, thus ending the performance. For

the Pittsburgers.

CHICAGO, June 17.—The Pittsburgs were badly beaten, principally by the great battery work of Garvin and Chance. Garvin had the visitors at his mercy throughout the game, was wonderfully well supported by his catcher and but for errors by Clingman and McCormick would have the credit of a shut-out. Cleveland Takes the Last. MINNEAPOLIS, June 17.-Cleveland took MINNEAPOLIS. June 17.—Cleveland took the last of the series from Minneapolis today, defeating them handily. Neither Parker nor Hoffer pitched extra fine ball. A combination of errors by the home team and unfortunate plays resulted in defeat. Pickering made a sensational catch in rightfield. A home run by Jacklitsch and another by Suilivan, the latter in three runs, were other features. LaChance was hurt in the third and Crisham took his place. Attendance, 4.500. Score:

MOVEMENT Loans Expand to an Amount that

Makes a New Record in New York Banking.

NEW YORK, June 17.—Discussing the weekly bank statement, the Financier says; Despite the export of \$2,500,000 in gold to Europe last week, the associated banks of New York, according to the statement issued June 16, have lost only \$369,300 as the result of the six days' operations. This is much less than the actual calculations covering specific movements called for and the discrepancy will probably figure in next week's statement.

New York banking. The rising loan total is more or less of a mystery, but a more active query for commercial paper is noted, and conservative houses are probably securing themselves in advance against any contingency that may be met with during the presidential campaign. Out of town banks have been free buyers of commercial paper in this market for some days past and are seemingly content to access presenting loss. In this market for some days past and are seemingly content to accept prevailing low rates. It is reported that a loan of \$5,000,000 was negotiated with New York banks for syndicate purposes last week, too late to figure in the current statement. The gold export movement, in view of present easier conditions abroad, is now regarded as being of consequence at present. The fiscal trade balance due the United States of at least \$530,000,000. The balance has not only remained unpaid, as revealed by the gold movement, but has been added to by an excess of specie exports over imports. In the last three years the gold received in excess of exports has been only a small fraction

strength, in spite of the favorable war news and the reduction of the bank rate. This lack of energy and initiative is attributed to the troubles in China. Growth of Labor Unions.

ALBANY. N. Y.. June 17.—The quarterly bulletin of the bureau of labor statistics issued today shows that between December 31, 1899, and March 31, 1990, a net gain of sixty-two unions and 8,152 members was made by the labor organizations of the state. The increase of organizations has been continuous for several years and the aggregate membership is now 22,533, which is 30 per cent larger than it was at the corresponding dates in 1898 or 1899. Since 1897 the number of women belonging to labor organizations has more than doubled.

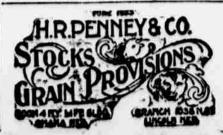

The proportion of trade unionists not at work at the end of March was 20 per cent, as compared with 18.3, 21.0 and 30.6 per cent at the end of March, 39.38 and 37, respectively.

Although the number of immigrants recorded at the port of New York in the first three months of the present year was somewhat smaller than the number in the last three months of 1899 it considerably exceeded the number for the first quarter of any recent year, having been 39,498, as against 44,153 in the corresponding period of 1899.

THE MOST POPULAR Western Girls

Every One May Help Select Them in the Second **ANNUAL VACATION CONTESTS**

The Bee Gives 10 Trips---

Who Will Take Them?

The seven most popular girls in Omaha, Council Bluffs, South Omaha (one to be from Council Bluffs), who earn their living, will be on the seven best vacation trips that money could plan, with all expenses paid and free transportation for

an escort. To these The Bee has added three trips, and will also send the most popular young lady living South of the Platte River in Nebraska, the most popular young lady North of the Platte River in Nebraska outside of Omaha, and the most popular young lady in Western Iowa, outside Council Bluffs, on similar vacation outings and also with free transportation for an escort.

In All the World No Trips Like These.

Northwestern is but a night's ride, and the most pleasant one in these days of ratiroad luxury. A double track span between Omaha and Chleago makes it a safe as well as a pleasant journey.

This trip will be on the newest road from Omeha to Chicago, which also combines the newest equipment. A day's stop in Chicago at the famous Grand Pacific hotel, and then to the northward over the Pere-Marquette railroad toward the pretitest spot in all the state of Michigan—well named "Charlevoix, the Beautiful. The Belvidere hotel has been chosen for a two weeks' breath of lake Belvidere hotel has been chosen for a two weeks' breath of lake hotel that the pleasure is doubled. There is everything every one can wish for in the way of amusement—sailing, rowing, bicycling, tennis, bathing, bowling, golfing and fishing, together with numerous excursions on the many little launches and steamers on Pine and Round lakes or out on Lake Michigan, with all the chances in the world to delight the eye and enjoy the pure air, which acts as a tonic to shattered nerves. The return trip will be by water on the steamship Mantou to Chicago, and home again over the Illinois Central. (Class A.)

A day's stop at the Grand Pacific Hotel, centrally located, will give an opportunity for a hasty glimpse of Chicago, and then a one-hundred-andseventy-five-mile ride will bring one to Green Lake, Wisseventy-five-mile ride will bring one to Green Lake, Wisconsin, which is ten miles iong and from two to four miles wide. With its richly wooded shores, added to its commodious summer hotels and cottages, it would be a pleasure to think of what "ninety in the shade" would be in the store, office or factory. Two weeks at the Oakwood, which is the best hotel at Green Lake, is certainly a delightful prospect. No pleasanter place could be found to spend the summer. Boats, and all kinds of shady drives, and splendid fishing, make it one of the most attractive spots in Wisconsin. The weekly yacht races and hop add to the gaiety which can be expected. (Class A.)

This trip is over the Fremont, Eikhorn, & Missouri Valley Railroad to the Black Hills and Hot Springs and return. The Eikhorn carries you through one of the most beautiful farming countries in the world—the Eikhorn Valley, with its fertile fields and well-built bergs. Thence to the Black Hills, both picturesque and interesting, with its gold mines and typical western towns. The chief attraction there will be a two weeks stay at the Hotel Evans, the finest appointed hotel in the west, at Hot Springs, which boasts of the largest and finest plunge bath in America. This will include all of the privileges of the baths, without expense and this is a treat to be envied. Pleasant paths and drives, wonderful caves, cascades, canons, flowers and waterfalls go to make up the beauties which nature has abundantly furnished. (Class A.)

From Omaha to Kansas City over the Missouri Pacific, with three days at the biggest and best hotel in the west-the Coates House. The Coates House is eminently the leading hotel of Kansas City, and the traveler naturally says. The Coates House in the same breath with "Kansas City." From Kansas City to Warrensburg, Missouri, is but a comparatively short trip. Just outside of Warrensburg is Pertle Springs, and the Hotel Minnewawa, where everything is as delightfully refreshing as the name. It is decidedly restful there, but still there is plenty to do if one has the inclination—boating, fishing, driving and other seasonable pleasures never allow time to hang heavy. Two weeks there will convince the fortunate young lady that the time is altogether too short. (Class B.)

RULES OF THE CONTEST

CLASS A-The young lady receiving the highest number of votes will have first choice of Class A trips, the next highest second choice, and so on. No votes will be counted for any young lady who does not earn her own living. No votes will be counted for Omaha Bee employes. The votes will be published each day in The Omaha Bee. The contest will close at 5 o'clock p. m.

CLASS B-The three trips designated as Class B, will be awarded to the most popular young lady without restriction as follows: One to the most popular young lady living in Nebraska south of the Platte river. One to the most popular young lady living in Nebraska north of the Platte river, outside of Omaha and South Omaha. One to the most popular young lady living in western Iswa, not including Council Bluffs. The young lady of the three winners who receives the most votes, will have first choice of three trips, and the one receiving the next greatest number, second choice. All votes must be made on coupens cut from The Bee. Pre-payments for subscriptions may be made either direct to The Bee Publishing Company, or to an authorized agent of The Bee. The votes will be published each day in The Omaha Bee. The contest will close at 5 o'clock p. m. July 21st, 1900.

WOTES will be counted when made on a coupon cut from The Omaha Bee and deposited at The See business office or mailed addressed "Yacatipa Contest Dept." The Omaha Boe, Omaha, Neb.
