of the afternoon in front of posse barracks, when Thomas, Rhine and Burkhardt were shot. In accordance with instructions issued by the Board of Police Commissioners tonight and Sheriff Pohlman this afternoon the posse commissus will be reduced to 500 men. It was decided by the police board that the time had come when a large body of armed men was no longer needed to preserve the peace.

RAIN STORM SWEEPS INDIANA

Wabash River Out of Its Banks and Bridges and Crops Are Washed Away.

INDIANAPOLIS, Ind., June 22.—One of the heaviest rain storms in years swept Indiana today. The Wabash river is out of its banks and is still rising. Much damage has been done. At Wabash the waterworks are broken and the city is without water for use or fire protection. At Treaty, six miles south, a Big Four freight train of fifteen cars was wrecked in a washout. The iron bridge on Upper Treaty creek is gone and not a bridge is left between Treaty and LaFontaine. Two houses were carried away. The Wabash has been rising there at the rate of two feet an hour and is spreading over the flats. Many factories will have to close.

At Fort Wayne there was a cloudburst. The water backed over many blocks of residences. Electric lines were stopped and barns and debris are backed against the bridges. At Warsaw the big city sewer under construction is filled with dirt. Basements are filled with water. At Peru there were four cloudbursts and great damage is done. The government gauge showed a fall of over six inches in ten hours.

Throughout the Wabash valley there is much water and as the water is rising still more damage is feared. Crops are overflooded and the corn will suffer especially, as nearly the entire valley is inundated and thousands of acres will have to be replanted. The Big Four passenger train which left Indianapolis for Peoria Thursday evening was wrecked a few miles east of Fort Wayne, Ind., today. The mail car, a coach and sleeper turned over and rolled down an embankment. Four persons were injured, among them H. H. Gould and wife of Peoria, Ill., and Charles S. Miller, engineer of maintenance of way, Indianapolis. A cloudburst and subsequent heavy rain was the cause of the accident, the track being weakened on account of the heavy rain.

MINISTER WU WAXES WARM

Chinese Diplomat Indignant at Alleged Dispatches from China

STATEMENTS THAT ARE RATHER PUZZLING

Report as to Assassination of 1,500 Foreigners in Tien Tsin is Characterized as Absurd, While Others Are Equally So.

WASHINGTON, June 22.—Reassuring advices regarding the condition of affairs in Central China have come to Minister Wu of the Chinese legation here. The viceroys of the provinces of Hanan and Hupeh have sent a cablegram saying that peace and order prevail in that section of the country. It is at the same time some apprehension is felt that any attempt by foreign warships to ascend the Yang Tze Kiang river for the protection of foreigners in those provinces may excite the natives and arouse their suspicions. Such an incident was conveyed in the viceroys' dispatch. Mr. Wu communicated the contents of the cablegram to Secretary Hay when he called at the State Department today. The minister is still without any advice touching affairs in northern China and expressing a disinclination to discuss the matter. He has been satisfactorily done and may be in possession to certify to the correctness of the enumerators' account for services rendered under law.

"Every enumerator is required to file a daily report card showing how many hours and minutes he has been at work and how many persons he has enumerated that day. Since there are (including special enumerators) institutions and for the military and naval population approximately 25,000 enumerators, and thirty days are allowed for the completion of the census, the number of daily report cards to be examined in the census office is somewhere between 1,000,000 and 1,500,000, every one of which has to be copied by hand upon a series of blank tabular statements, of which there is only one for every enumerator. These are then copied upon a summary statement showing the amount of work in each supervisor's district, and since there is space on each blank for recording the names of 100 enumerators, and one hundred blanks were filled, there will be approximately 1,000 of these sheets.

It is difficult for anyone not familiar with census work to form any idea of the vast amount of material to be handled in all the divisions of the office. The number of boxes containing schedules sent to the enumerators in advance of taking the census was 4,000 tons. All of this material is secured in the census office, has to be sorted out and arranged in order by states and the subdivisions of states by length aggregating several miles in all.

except on two points. The ambassador said with much emphasis: "The intervention of the powers in China must, under no conditions, mean a settlement by war of old scores with the Chinese government, and it must not embrace governmental reorganization. Especially it must not include a change in the head of the government. Even if the Chinese and the international armies come into collision these considerations must never be lost sight of."

The French ambassador, Marquis de Nolles, expressed a different view. While substantially agreeing with the ambassador of the German foreign office, he insisted that the removal of the emperor dowager and her palanquin would be necessary to secure the peace and stability of the country.

The Washington government states daily in detail of the activities of the Chinese ambassador White regarding the whereabouts and safety of a number of American missionaries located within the German sphere of influence in Shan Tung. The German government has been unable to furnish a satisfactory reply.

The semi-official Berlin Post has a special dispatch from Rome asserting that the Vatican has applied to the French government for the protection of Christians in China. The reply of the Paris cabinet, according to this correspondent, is that the matter will be treated in harmony and solidarity with the other powers.

The Chinese embassy has received several anonymous letters threatening vengeance should the news of the murder of the German minister in Pekin, Baron von Ketteler, prove to be true. It immediately applied to the Berlin police for protection and a number of men in plain clothing now patrol the precincts of the embassy night and day.

"A. B. C." for Russian Journalists. LONDON, June 22.—The London correspondent of the Daily Express says that the Russian minister of the interior, M. Sipiaguine, has issued the following instructions for the guidance of newspaper writers in dealing with the current situation: "First—No reference to the movement of Russian troops or war ships. Second—Papers must bear in mind that the Russian situation is a delicate one. Third—No criticism of Russian diplomacy or of military or navy strategy. Fourth—Editors must be careful to collect that Russia is predestined to predominate in Asia. Fifth—Comparisons may be made between Russian and foreign troops and seamen when unfavorable to foreigners.

Another Uprising Feared. SHANGHAI, June 22.—Owing to the absence of warships at Kiu-Kiang-Yu some apprehension is felt there of an uprising. The Merchants' Steamship company has arranged always to keep one steamer in readiness. The British twin-cruiser, Daphne, arrived here with ammunition. There are no signs of a disturbance.

Yokohama to Care for Wounded. YOKOHAMA, June 22.—The British sailed for Tokyo yesterday. The government has arranged to receive and treat the wounded of other powers. Ships belonging to the standing squadron are assembling at Sasecho.

Mobilizing Siberian Regiments. LONDON, June 22.—The St. Petersburg correspondent of the Daily Mail, Frederick Kourapkin, yesterday ordered a mobilization of all the Siberian regiments of the line.

METHOD OF TAKING CENSUS

Director Merriman Gives Out Statement Concerning Details of Work

WASHINGTON, June 22.—Director of Census Merriman today gave out the following statement for the benefit of the public: "The census is not yet completed. The receipt of many letters daily, asking for information as to the result of the census in particular localities, especially in the larger cities. It does not appear to occur to the writers that the census is not yet completed. The law allows until June 30 in cities of 5,000 inhabitants, and in rural districts until the 1st of July for its completion, and after that the schedules have to be examined by the supervisors of census before they can be forwarded to Washington. It is the duty of the supervisors to determine whether the work has been satisfactorily done and may be in possession to certify to the correctness of the enumerators' account for services rendered under law.

"Every enumerator is required to file a daily report card showing how many hours and minutes he has been at work and how many persons he has enumerated that day. tee, which was named by Chairman Hanna last night. Mayor Ashbridge visited Senator Hanna and was highly complimented by the national chairman for his part in the success in the convention.

KENTUCKY IS NOT LOST

Ex-Governor Taylor Declines That Chance in Blue Grass.

PHILADELPHIA, June 22.—Governor W. S. Taylor of Kentucky, who is still here, but expects to return tonight to Indianapolis as in high spirits today over the result of the convention. In an interview he said: "We shall carry Kentucky by such an overwhelming majority that they will not dare to count us out."

He continued: "You people out east don't understand our position. Kentucky is not lost to McKinley and Roosevelt. If the national committee will do its full duty and give to the undimmed and struggling republicans of Kentucky the co-operation and all they require the Blue Grass state will be found in line for McKinley and Roosevelt next November. Roosevelt is very popular in Kentucky because of his manly expression of sympathy in our behalf. He is an ideal campaigner. On the platform he is always logical and likable. His magnetic, stirring honesty shows itself in every line of his face. I hope he will take the stump and visit our state. He is my candidate for president in 1904."

CONVENTION GETS IN TANGLE

Florida Democrats Deadlocked on Nomination for Governor.

JACKSONVILLE, Fla., June 22.—The state democratic convention was deadlocked all day on the nomination for governor. Up to 6 o'clock tonight thirty-seven ballots had been taken with no choice. On the thirty-third ballot a stampede was attempted for Maxey, his vote being jumped up from thirty-eight to 123 1/2. His strength was drawn from Beggs, Myers and Milton. Myers dropped out of the race after the thirty-third ballot, though no formal withdrawal was made.

On adjournment, at 6 p. m., the vote stood: Jennings, 127; Beggs, 52; Maxey, 32; Milton, 15.

The convention met at 8 p. m. on the first ballot Maxey withdrew in favor of Milton, on the forty-third ballot Beggs withdrew and on the forty-fourth ballot William S. Jennings received the requisite two-thirds vote and his nomination was made unanimous. The nomination was a case of wild enthusiasm. The nominee is a first cousin of William J. Bryan. He is a native of Illinois, but removed to Florida in 1886. He is 37 years old.

ROOSEVELT IN NEW YORK

Republican Candidate for Vice President Makes Call on Senator Platt.

NEW YORK, June 22.—Governor Roosevelt left this city for Oyster Bay at 10 o'clock this afternoon. After sleeping last night at the Union League club, he went with General Francis V. Greene to the Fifth Avenue hotel, meeting Chairman E. B. Odell, and playing cards with the Senator Platt. There was nothing more than an exchange of courtesies between the senator and the vice presidential nominee.

TURNERS AT PHILADELPHIA

List of Winners in Election, Oratory, Chorus Singing as Well as Athletics.

PHILADELPHIA, June 22.—Particularly interesting were the contests in fencing, club swinging and the events of the women and girls at the National Turnbund. The Chinese embassy has received several anonymous letters threatening vengeance should the news of the murder of the German minister in Pekin, Baron von Ketteler, prove to be true. It immediately applied to the Berlin police for protection and a number of men in plain clothing now patrol the precincts of the embassy night and day.

While the active turners were busy engaged on the prize contests for the choruses, oratory, elocution and impromptu speeches took place in the Junger Manner hall. The singing sections of Braddeck, Pa., New York City and the circuits of Illinois, New Jersey, St. Louis and several Brooklyn societies competed for the prize of the first class. Those vying for the prize of the second class were the choruses of the Allegheny, Atlantic City, Chicago and Wilmington societies. The contestants for the elocution prize were E. C. Samuels, New York; Julius Detrich, Bloomington, Ill.; Carl Schaefer, Chicago; Heinrich Kuhn, New York; William Buttner, Philadelphia; Valentine Urig, Louisville; Henry Raab, San Francisco; Max Brewer, Bradock, Pa.; Frederick Heineke, Pullman, Ill.; Leo W. Keiser, Allegheny, Pa.; and William Ahrens, St. Louis. The impromptu speakers seeking the prize allotted for this were Frank Mann of Kansas City, Mo.; Noah Guter, Newark, N. J.; and P. A. Boebe, Denver.

The pioneers of the North American Turnbund attending the fest who have been members of the National league since 1861 were given a banquet at the Hotel Bellevue in Fairmount park after which the Patriotic league of the session held its meeting. The orator of the occasion was Frederick Hutt of Milwaukee, who reviewed the history of the league.

The visiting Turners were entertained to

night by the local Turners by a "concert" in industrial hall. It was an informal affair.

NEW YORK, June 22.—Much interest was evinced today in the relay and bicycle races, individual apparatus work and field sports of the North American Turnbund. Only two bicycle races were finished, owing to the lack of starters in the other events. The one-mile and five-mile races were won by A. R. Erens of Chicago, finishing the first in 2:28.45 and the second in 1:30.30. The 100-yard relay race was won by the North St. Louis team in 67.5 seconds. The fencing relay between the Chicago and Philadelphia clubs has not yet begun.

The broadsword contest between Louis J. Greiner of Chicago and Carl Walder of the former secured 14 out of 18 points and the latter was second with 10 points. Individual work on the horse, vault and parallel bars, the side and long horizontal was the subject of competition this afternoon.

Yegling Thoroughbreds Sell Well. NEW YORK, June 22.—A number of thoroughbred yearlings were sold at auction at Sheepshead Bay today, bringing \$2,000,000. Bicycle Races. The bicycle races scheduled for the police-men's picnic at Sheepshead Bay today were postponed on account of the mud and held Friday afternoon on the Rensselaer club track at the Sheepshead Bay series. For the direction of officers Baldwin and Dunn. The judges were Patrick Fallon, J. C. McDermott and Gus Gray. The mile race was won by O. H. Plummer, with J. E. Hogan second, time 2:33. The five mile race was won by J. E. Hogan, with J. E. Hogan second, time 14:47. A strong wind cut down the race. There were twelve entries in each race.

Horse Races Declared Off. PEORIA, Ill., June 22.—The local circuit track at Peoria, which has been held in this city on account of July 16, have been declared off on account of the mud series. Entries for the six round bout, the latter is the only man who ever beat Jerry McElovey at his own game of infighting. For four rounds the battle was entirely in clinch. McElovey fought himself loose and had the Philadelphia going as the bell tolled.

Break One Mile Tandum Record. SALT LAKE CITY, Utah, June 22.—John Chapman and Jerry Lawson broke the one mile tandem competition world's record on the Salt Lake Palace track tonight, making the distance in 1:29.

SOLELY SMITH LO.T ON FOUL

Little California Disappointed After Fourteen Rounds of Fighting with Joe Bernstein.

NEW YORK, June 22.—Joe Bernstein of this city met Solly Smith of Los Angeles at the Broadway Athletic club and after fighting fourteen rounds, Smith was disqualified for fouling. The men were matched to fight twenty-five rounds at 124 pounds. From the onset Smith was inclined to lose on a foul. In the first he went down without provocation and Referee John White made him get up. He quickly as his dropping was too palpable, several times he dropped to one knee, but was not allowed to get up. In the seventh Smith sent a right hand swing to Bernstein's jaw which staggered him. In the eighth Smith's right hand swung to Bernstein's jaw which staggered him. In the ninth Smith swung back of the ear. After this Smith visibly weakened, but his pluck and courage were admirable. He knew he was in against a losing game and pushed, smashed and clinched without regard for his own safety. In the tenth round Bernstein sent Solly down three times with rights on the head. In the eleventh round Bernstein sent Solly down three times with rights on the head. In the twelfth round Bernstein sent Solly down three times with rights on the head. ALABASTINE is a durable and natural cement—base wall coating, in 5 lb. paper packages, made ready for use in white and fourteen beautiful tints by mixing with cold water. It is a cement that goes through a process of setting, hardens with age, and can be painted and decorated without washing off its old coats before repainting.

ALABASTINE is entirely different from all the various kalsomines on the market, being durable and not stuck on the wall with glue. Alabastine packages should insist on having the goods in packages properly labeled. They should reject all imitations. There is nothing "just as good."

ALABASTINE Prevents much sickness, particularly throat lung difficulties, attributable to unsanitary coatings on walls. It has been recommended to a paper published by the Michigan State Board of Health on account of its sanitary features; which paper strongly condemned kalsomines; Alabastine can be used on either plastered walls, or on woodwork, and with any one can brush it on. It admits of radical changes from wall paper decorations, thus saving all recoloring. It is the best of all best effects. Alabastine is manufactured by the Anheuser-Busch Brewing Ass'n, Grand Rapids, Michigan. Instructive and interesting booklet mailed free to all applicants.
