"I was afflicted for years with St. Vitus' dance. The first symptoms of the discase began in 1889, when the nerves began twitching in my left hand. I consulted physicians of this city, but none of them ever did me a particle of good. After I had suffered for two and one half years, the disease continuing to grow worse, I heard of Dr. Williams' Pink Pills for Pale People.

" It was in 1891 that I was induced to try them, and I was surprised at my rapid improvement. I took only two boxes, and was entirely cured. It was hard to realize that I, who for over two years was scarcely able to walk, and who often found it almost impossible to talk, should be restored to perfect health and in full possession of all of my powers by two boxes of this wonderful remedy.

"I am happy to state that my health is still perfect and I have never had the slightest symptoms of a return of the disease, although it is eight years since was cured. "

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the ele-ments necessary to give new life and richness to the blood and restore shuttered nerves. They are an unfailing specific for such discases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia rheu-matism, nervous headache, the after-effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.
