TEMPERANCE FOR THE YOUTH

Society to Train Young People Gets Its Temporary Organization.

MAY BE MADE PERMANENT LATER ON

As a result of Miss Eva Shontz's visit to this city last week the American Young People's Christian Temperance union of Council Bluffs was organized. The first meeting held yesterday afternoon at the First Baptist church. The union starts out with these officers, as recommended by the committee appointed to nominate officers and draft a constitution and by-laws: President, J. M. Sylvester, vice president, Mrs. H. A. Montgomery; corresponding secretary, Miss Marie Ferguson; recording secretary, Miss Margaret Wallace; treasurer, Harold L. McNeill. The superintendents of the different departments were selected as follows: Law enforcement and legislation, Rev. W. H. Cable, evangelist; Rev. R. Venting; anti-epileptic, Miss May Elm; literature, Miss Ada Ainsworth; lecture and entertainment, H. A. Cole; chorus, L. W. Tulley; press, Rev. Alex. Litherland; social, industrial and economic, Rev. G. W. Snyder. The purpose of the organization is to plan and carry forward such measures as will result in the promotion of total abstinence, the suppression of intemperance, the prohibition of the liquor traffic and the annihilation of the saloon. Any young person duly recommended, of 14 years of age or over, may become a member by signing the pledge to abstain from all alcoholic liquors, including wine, beer and hard cider, as a beverage and to employ all lawful means to discourage the use of and traffic in the same. The officers elected yesterday will serve for three months, at the end of which time, if found advisable, the organization will be placed on a permanent basis. At the suggestion of the committee the adoption of the constitution and by-laws was postponed until the next regular meeting. The meeting was presided over by Rev. G. W. Snyder of St. John's English Lutheran church and the auditorium was well filled, a number of young people being present. Mrs. E. N. Law of Des Moines, a prominent worker in the Woman's Christian Temperance union, made a lengthy address, in which she offered words of encouragement to the local union. Miss Petric, president of the Omaha Young People's Temperance union, also addressed the meeting. SOUTH OMAHA NEWS.

Considerable ability was displayed by the police department in the apprehension of William Watkins, ordered, who is now in jail charged with the cutting of John Leedy and Dan Black. As soon as the affair was reported to him Chief Mitchell went on a hunt for the criminal and at 2:30 o'clock Sunday morning found Watkins hiding in the old foundry building on Twenty-sixth street near O. The chief immediately locked Watkins in the steel cage and placed a serious charge against him. Dan Black, who was cut in the arm, is also in jail as being one of the parties to the assault, which may possibly result seriously. John Leedy, whose throat was cut by a razor in the hands of Watkins, is now at St. Joseph's hospital in Omaha. He is reported to be doing as well as can be expected and an opinion is expressed by physicians that he may recover. After Watkins had repaid in a cell for a few hours Chief Mitchell undertook to find out the truth of the story and by questioning Watkins in a diplomatic manner he learned that the quarrel started over the possession of a can of beer. As the affair occurred long after the saloons were supposed to be closed Chief Mitchell is of the opinion that better order in the city may be maintained by the prompt closing of all saloons at midnight. It is possible that after a conference with the mayor today the chief may issue orders to this effect. Leedy was employed at Armour's as a laborer and a number of his friends who called on him at the hospital late Sunday afternoon returned with the information that the cuts were not as deep as at first supposed and that he would recover. Dan Black made the assertion that he had no desire to appear against Watkins and was willing to let the matter drop. Chief Mitchell will, however, file the necessary complaints and will bring the negro to trial. There was some talk during the day of making a raid on the jail and summarily punishing Watkins. Chief Mitchell heard of this talk and promptly dispersed the crowd, which had gathered about the jail on Twenty-sixth street. At the same time he prepared to transfer Watkins to the county jail. When it became known that the prisoner had been taken to Omaha and that Leedy was on a fair way to recovery all excitement subsided.

Advocate Buying a Fire Engine.

In referring to the Rushforth fire of Friday afternoon, Councilman Trainor of the fire and water committee said yesterday that for a time after the hose lines were laid the pressure was not what it should have been. He found no fault with the water works company, but pointed out that the large number of streams laid by the city department and the packing house fire departments used up more water than the direct pressure would supply. Mr. Trainor is in favor of following out Mayor Kelly's plan of purchasing a fire engine as soon as possible. He says that a second-hand engine, which has been in use only two months, can be bought in Chicago for \$1,500. With an apparatus of this kind to respond to fire in the business portion of the city a great deal of property, Mr. Trainor thinks, can be saved. Mayor Kelly is known to favor the purchase of an engine and another hose wagon. If this is done the city will then be given fairly good fire protection, but with the force at hand now this is impossible.

Republicans to Select Delegates.

A meeting of the Young Men's Republican club of South Omaha will be held tonight at 8 o'clock in the city hall building for the purpose of choosing ten delegates to attend the convention of the State League of Republican Clubs which will be held in Lincoln on June 28. The club is allowed one delegate for every fifty members and its quota will therefore be ten delegates. State officers of the league will be elected at the convention and delegates chosen to the national league meeting. It is expected that South Omaha will be given a delegate to the national league convention. For two years past J. A. Beck has held this position, but he now desires to step aside and allow someone else to have the honor. From surface indications harmony will prevail at the meeting tonight.

Magic City Gospel.

On July 4 the Christian church will give a picnic at Syndicate park. Mrs. J. H. Eggers is preparing to journey to Europe for a few months. Rev. D. W. Mortuary of St. Agnes' church writes to friends here that he will be in Paris on July 4 to attend the American celebration. The infant child of Mr. and Mrs. R. A. Ashburn of Albright died yesterday and today.

School Site Injunction Today.

One week from today the Board of Education will meet for the purpose of transacting the usual routine business and also opening bids for a school site. This site, according to the bids, must have a frontage of 125 feet and located within eight blocks of the present high school building. By abrogating all contracts the board expects to get out of its difficulty in the injunction case brought by Joseph Carlin. It is expected that the case will be called in the district court today and that upon the showing made by the board's attorney that the contract ordered into has been rescinded the court will set aside the temporary restraining order. In speaking of this matter yesterday several members of the Board of Education expressed themselves as willing to purchase any suitable site which is demanded by the people. President Bulla said that if the taxpayers did not object the board would not insist that the board is utterly indifferent as to the location. What is wanted is the site that will be most beneficial to the public and prove the greatest convenience to pupils. In conclusion Mr. Bulla said: "If the people do not want the Hector property brought let them put in bids for any site which is located anywhere within eight blocks of the present high school building and I will give assurance that my propositions will be given all due consideration."

Council Meeting Tonight.

An exceedingly interesting meeting of the city council will doubtless be held tonight—unless the lights go out again. Aside from the accumulated business, hearing of petitions, etc., a large number of liquor licenses will most likely be granted. Over ninety applications for licenses are ready to pass upon and by the acts of the council tonight a large sum of money for both the city funds and the school district treasury will become available. From the license the school district will receive about \$15,000, while the occupation tax of \$200 will bring into the city treasury in the neighborhood of \$18,000. This money coming into the treasury at this time will prevent an overlap in many of the funds and will save considerable interest on warrants which can be paid as they come in. The Hector site propositions will be given all due consideration. Mayor Kelly has given it out that he will present the name of C. C. Clifton for the vacancy in the council. In case Mr. Clifton is not confirmed the mayor will most likely hand down the name of N. B. Mead. The

India Famine Relief Meeting.

The mass meeting Friday night at Blum's hall, called by the ministers for the purpose of securing donations for the famine sufferers of India, was not as well attended as was expected. It is asserted that the change of dates from Sunday night to Friday night did not meet with the wish of the people. Rev. Irving P. Johnson, rector of St. Martin's Episcopal church, reported contributions of \$77 and a plate collection of \$7. To this sum must be added the \$25 previously given by the churches, which makes a total for South Omaha of \$160. Thomas Broadhurst rendered several addresses on the famine in India. The most interesting was in white sang several songs. Mayor Kelly presided and delivered a brief address.

HAS FIVE WEEKS TO REBUILD

Contract Des Moines Undertakes in the Line of Restoring Burned Auditorium.

DES MOINES, June 24.—(Special).—Hon. H. C. Weaver of Wapello, chairman of the republican state central committee, arrived in Des Moines today for the purpose of taking a look at the ruins of the burned auditorium and determining whether Des Moines will be able to handle the republican state convention. State officers of the party are expected to meet here on August 1, unless the committee decides to make a change. Immediately after the burning of the big convention hall early last Sunday morning Cedar Rapids rushed in to bid for the convention and telegraphed to Chairman Weaver to accept the offer. A committee asking for the change in the location from Des Moines to Cedar Rapids. It is to determine whether a change shall be made that Chairman Weaver came to Des Moines. The fire department had not yet left the ruins of the auditorium before the business men of the city were putting down their names on the subscription list for the rebuilding fund; the insurance companies adopted a magnificent spirit and not only permitted the wreckers to go to work at once in tearing away the cracked walls and moving off the debris, but they decided to allow a full loss on the \$25,000 insurance. The wreckers have most of the debris now cleared away. The contract for the steel beams and girders has been let, tomorrow the masons will commence operations and the contracts require that the structure be under roof in time for the convention. It gives Des Moines but little more than five weeks to erect an immense building that will seat 4,500 people, but Des Moines is determined that it shall be done. Chairman Weaver seems to be greatly impressed by the showing being made by the city and it is quite certain that he will report that the convention meet here as called.

Thomas' Protege Turned Down.

It seems that the Cincinnati Symphony orchestra, which played at three concerts here during the national convention of music teachers for a consideration of \$2,000, considers itself greater than Thomas' famous orchestra. The conductor, Frank Van der Stucken started for Des Moines early last week but was short a few men and as he was able to pick up several of Theodore Thomas' men who were home on a vacation he did so. H. S. Perkins of Chicago, one of the officers of the Music Teachers' association, is associated with Theodore Thomas and, thinking it would be a great treat for the convention to hear Miss Katharine Wade, a singer who is a protegee of Thomas, he had her placed upon the program. After the rehearsal Miss Wade was informed that the orchestra would not play an accompaniment for her that evening and the result of this was that she did not sing and the orchestra of the Thomas orchestra and the Cincinnati Symphony orchestra are now saying mean things about each other.

Sunday Base Ball in Des Moines.

Des Moines is to have Sunday base ball. It was either that or give up the franchise in the West. The city is to have a base ball club, who are personally opposed to Sunday base ball, gave in and it is announced that Des Moines will play her Sunday games here as scheduled. A contract was closed last evening for the kite race track grounds a mile west of the business portion of the city and a ball field will be put in there. The first game played there will be between Des Moines and St. Joseph on July 15.

A Sips a Cattle Thief.

SPIRIT LAKE, Ia., June 24.—(Special).—Sheriff Jones landed Bus Gallagher in the county jail after a clever tracing of stolen property. Monday night fifteen head of cattle disappeared from a pasture near Terrill. Sheriff Jones was notified and setting about it at once soon found that twenty miles northwest of Terrill, on Tuesday, by a party signing his name as Gallagher. He secured his description and soon identified him as a farmer living six miles west of Milford. Deputies were set to watch all trains coming from Chicago and Wednesday night as Gallagher stepped off the train at Milford he was taken into custody and taken to the county jail at Milford, where he found his man was \$25 in his pocket and with waybills, shipping contracts, etc., carefully planned around his leg under his clothing. At this point the prisoner gave up and acknowledged the whole deed.

Held On Murder Charge.

CRESTON, Ia., June 24.—(Special).—Edward Perry of Afton has brought into Creston last night a pig in jail by the name of Miller in default of \$1,000 bond, on the charge of assault with intent to commit murder. On Friday afternoon young Perry, in company with Walt Raymond, left Creston in a buggy and it is charged that Raymond and left him in an unconscious condition in the brush by the Catholic cemetery this side of Afton. Going on to Afton Perry notified some parties there of Raymond's condition and in company with Frank Stewart went back and got him. Raymond was resuscitated after being taken to Afton and afterwards had Perry arrested. Raymond's diamonds were found on Perry and he was committed to jail.

Unknown Man Killed by Cars.

CLINTON, Ia., June 24.—(Special).—On the arrival of Northwestern train No. 2 at Clinton last night a pig in jail by the name of Miller in default of \$1,000 bond, on the charge of assault with intent to commit murder. On Friday afternoon young Perry, in company with Walt Raymond, left Creston in a buggy and it is charged that Raymond and left him in an unconscious condition in the brush by the Catholic cemetery this side of Afton. Going on to Afton Perry notified some parties there of Raymond's condition and in company with Frank Stewart went back and got him. Raymond was resuscitated after being taken to Afton and afterwards had Perry arrested. Raymond's diamonds were found on Perry and he was committed to jail.

School Heating Contract Let.

ONAWA, Ia., June 24.—(Special).—The school board has let the contract for heating the new school house to the American Heating and Ventilating company of Chicago for \$3,750. The hot air and fan system will be used. Bailey & Co., the Omaha contractors, have commenced work on the new school house. Reports show that over fifteen hundred live have been seeded through the use of One Minute Cough Cure. Most of the cases were of grippe, cough, asthma, whooping cough, bronchitis and pneumonia. Its early use prevents consumption.

will be buried today at Laurel Hill cemetery. Arthur H. Rushforth, whose foot was house was burned last Friday, will rebud at once. A meeting of the High school alumni will be held at the High school building this evening. Some people predict that the census returns for South Omaha will show a population of 25,000. A. L. Schuman has filed a remonstrance against the granting of a liquor license to Fred Bump at 241 N street. M. C. Welch, cow buyer for Swift and Company, has recovered from a severe illness and will return to duty at the yards today. The managers of the local corporations will appear before the county commissioners today to adjust the 1900 assessment. The street car company has completed the work of laying heavy rails on Union street and paving operations will commence today. J. E. The remains were taken to Middleton, Mo., yesterday afternoon for interment. Paris Exposition Pictures, Part III, now ready. 10 cents and a coupon cut from The Bee, page 2.

World's Fair at St. Louis.

ST. LOUIS, Mo., June 24.—Subscriptions for the World's Fair continue to come in unstoppered. The most interesting feature of the week was the correspondence from Paris. The announcement by cable of the Louisiana purchase centennial excited great interest in the French capital, and many communications have already arrived as a result. There has also been some satisfactory correspondence from Buffalo and from New York. Miners Narrowly Escape Drowning. BELLEVILLE, Ill., June 24.—While miners engaged in making an excavation in the Oak Hill coal mine, west of Belleville, this afternoon they made an excavation in the ground in consequence of which they were nearly drowned. The water poured into the Oak Hill pits with great force, flooding and completely wrecking the mine in a remarkably short time. Fifty workmen in the mines came very near losing their lives, being rescued by heroic work of the mining engineers.

Double Tragedy at Poseyville.

POSEYVILLE, Ind., June 21.—John White, a farmer, and his wife were found dead at their home today, seven miles southeast of this place. The woman was lying in an unconscious state, with her head in the parlor with the top of his head blown off. It is thought Whitehead killed his wife and then himself.

KNIGHTS OF PYTHIAS MEMORIAL.

Exercises Held at Hughes' Hall After Graves Were Decanted. The Knights of Pythias memorial day exercises held at Hughes' hall yesterday afternoon were well attended. Following a selection by the band and the invocation offered by Rev. Myron C. Waldell of the Broadway Methodist church, the Grand Chancellor, H. M. Boyesen delivered the eulogy on the deceased member of the order. The trend of his remarks was that what a man does during his lifetime is what lives after him and not what the man was. The fact that a man who died has a fine tombstone erected over his grave does not make him any better in the eyes of the world than the man whose grave is marked by a simple headstone. He spoke of the order and the effect membership in it had on the lives and characters of the knights. His address was listened to with interest. The hall was beautifully decorated with cut flowers, ferns, palms and the national colors. Prior to the exercises the two companies of the uniform rank in full uniform and the members of the subordinate lodges, headed by the Musical union band, paraded through the principal downtown streets. In the morning a committee from the several lodges proceeded to the different cemeteries and placed flowers on the graves of the members of the order buried there. There are twenty-five knights buried in the local cemeteries. Commonwealth 10-cent cigar.

Died from Effect of Heat.

David Clancy, an elderly man, died suddenly at St. Bernard's hospital yesterday morning, shortly after being taken there by the police on instructions from City Physician Jennings. Clancy was found about 6:30 o'clock yesterday morning by Officer Swanson, lying in the alley between Mrs. Pinney's residence and the county jail. The officer thought the man was drunk and took him to the city jail, where it was discovered that Clancy was sick. Dr. Jennings was sent for and he gave the unfortunate man some medicine. Clancy grew worse and was removed to St. Bernard's hospital, where shortly after admission he died. It seems that he had become affected by the heat Saturday while working.

Baptist Council Called.

A council of the pastors and delegates from fifteen of the Baptist churches in the surrounding towns has been called to meet next Wednesday afternoon to consider the advisability of ordaining to the gospel ministry Albert Venting, the adopted son of Rev. R. Venting, pastor of the First Baptist church of this city. Dr. Green, president of William Jewell college of Liberty, Mo., will preach the ordination sermon in the evening, at which time, if the council so decides, Mr. Venting will be ordained into the ministry. "Mr. Ritley" 5-cent cigar.
