

THE HUMAN PHENOMENON

Comes to Omaha with Health in His Hands.

METROPOLITAN HALL, 23RD AND HARNEY

Monday and Tuesday, July 2 and 3—All Persons Who Are in Any Way Afflicted Should Not Fail to Attend the Free Phenomenal Demon-

stration and lecture on the life and cause of Humanity—Cures will be effected on the platform right before your eyes—3 p. m. (ladies only)—8 p. m. general public—no charges.

Life and health in the human system means that the body is supplied with a sufficient quantity of vital fluid. Sickness and disease show that the supply is exhausted and an entire absence of it means death. Vital fluid, then, is the essence of life and health that makes rich, red blood, rosy cheeks and the robust appearance. Via influence permeates every nerve, rejuvenates the body, awakens and quickens the nerves, stimulates the heart, puts new strength, new life, new ambition into every function and feeling that makes life worth battling for. That is vital power—a simple and direct transference of the vital current from one who nature has blessed with an excessive supply to one who is deficient in that element of life.

There is not a chronic disease known that the Human Phenomenon will not benefit, and in most cases cure, especially diseases caused by the impairment of the nervous system in both sexes. Those who wish to be cured may call at Millard hotel any day from 9:30 a. m. to 5:30 p. m. and 7 to 8 p. m. on and after Monday, June 2, daily, except Sunday, and obtain consultation and examination, and if curable a price will be named. If not curable your name will not be taken.

PRESCRIPTIONS AND PATENTS

Some drug stores do but little prescription work and as a result the drugs are not always fresh and full strength. With us, however, prescription work is a leading specialty. We do not use—we could not afford to use—any but the purest ingredients of prescribed strength. To this and to the fact that all prescription work is carefully checked is due the popularity of our prescription department.
