Welcomed at St. Joseph. ST. JOSEPH, Mo., July 4 .- Governor Roosevelt was accorded a generous welcome tonight by the citizens of St. Joseph. He made two brief addresses, one at the station where his special train pulled in and another at Lake Contrary, five miles from the city proper. His address at the station

was, in part, as follows: "I am happy to see that the whole country is as prosperous as you are today. Today, the Fourth of July, is the day upon which we Americans, if we are true to the traditions of the people, ought to learn how to profit by what our forefathers did. The men of 1865 showed that they were practicing what the forefathers of 1776 preached. And so was celebrated yesterday morning at 11 now we of this day can show our loyalty to the men who fought and died in 1776 and the men who fought so valiantly from '61 to '65 by doing our duty as our duty confronts us. they ought to be." At Lake Contrary, at the city park, the governor faced an audience estimated at 25,000 and not even a brisk rain which came up during his speech could dampen the patriotism of the assemblage.

Colonel Roosevelt's address was of a patriotic character, particularly appropriate to Independence day, and was thoroughly enjoyed by the immense audience. It was nearly midnight before the governor's special train left over the Burlington. Governor Roosevelt will tomorrow make speeches at Hannibal, Mo., Quincy, Ill., and other points on the line of the Chicago, Burlington & Quincy railroad.

of the republic and I come to plead that at the outset of a new century the United States shall move forward slong the path that is marked out for it. This afternoon I picked up the papers and there it was set forth how the American missionaries and laymen in China are lying dead in the streets of Pekin. The streets of that celestial city run red with the blood of people who are there to do their duty in the work of the world. Now you have been told of the evils that would come from expansion. China is not expanding, but she is murdering.

The expansion will go the other way in The expansion will go the other way in her case. What you have seen in the streets of Pekin would have been seen in the streets of Manila if the men who stand against us had had their way and if our army had been withdrawn from the Philippines. You hear now the denunciations of those who wish that the flag should be withdrawn from where it has been hoisted, that the soil, watered with the blood of your young men of the Twentieth Kansas should be allowed to go back into the hands of those who would make the scene of such anarchy as we have read about today in Pekin. The atrocities in Pekin would have had their counterpart in Manila had our troops moved out and left the Tagais in full control. You of Kansas have led lives of strenuous work; work that must be done by all those who are to achieve success that is worth achieving.

MELL.

Mrs. M. F. Long, of Le Loup Franklin Co., Kans., writes: "Words cannot express how grateful I am for your kind advice and good medicines. I have been in poor health more or less all my life. In the past nine years grew worse, and two years ago I was so poorly could hardly drag I consulted a specialist, and he said I had ulceration and that an operation would have to be performed. This did not seem necessar to me, so time went by, and at last I wrote to Dr. Pierce asking advice. I soon got a helpful answer advising me to try his medicines, the 'Favor-ite Prescription,' Golden Medical Discovery, and also his 'Pleasant Pellets.' I began taking 'Favorite Prescription' and the other medicines as advised. When commence ing I weighed 119% pounds, and af-ter taking one bottle of each I felt like a new woman. In one month I gained 8 pounds. After taking two bottles of each of the medicines, I began to look like a woman and not like a skeleton, and that weary tired feeling all left me."
