Two Races in One Afternoon with Top Weight in the Second.

BARNEY SCHREIBER IS ONLY WAITING

He Says He Will Later Give the Club a Chance to Reinstate Him or Hale Him Off the Turf.

CHICAGO, Ill., July 4 .- Today's program at Washington park had one of the most, unique features in the history of western racing. It was the attempt of a cost to win two races in one day and in the latter event to concede weight to and beat the two best youngsters in the west next to himself.

Richard Thompson, the owner of Sidney Lucas, the American Derby winner, started the colt in the second race at one mile and after he had won the race sent him to the post in the Sheridan stakes, just an hour later. Here Sidney carried 129 pounds to 127 for Sam Phillips and 125 for Advance Guard. It seemed preposterous to believe the colt could go the mile and a quarter route under such circumstances and the bookmakers made him the outsider in the betting at 5 to 1. Advance Guard being the favorite at 3 to 4, with Sam Phillips at 13 to 5. The race was a loaf for over half a mile, Sidney Lucas being allowed to set the pace. Op the back stretch Vitatoe on Advance Guard became alarmed about the leader and sent the Canadian colt up. Sidney Lucas and Advance Guard raced together at top speed around the far turn and to the entry to the stretch. Burns did not begin his ride until he was almost ready to make the run for home. The result was a thrilling finish, the horses passing the judges under a terrific drive, only half lengths spart, with Sam Phillips leading, Advance Guard second and Sidney Lucas third.

Horsemen all agree that the three colts. finished in exactly the reverse of their merit. although they are fairly well matched and outclass all the other three-year-olds in the west. Thirty thousand people saw the races. The weather was hot and the track was only fairly good.

There is considerable diversion of sentiment among horsemen at Washington park over the suspension of Barney Schreiber by he Washington part account of the running of the horse by-Night. Schreiher today talked temper-ately about the action. He said he would give the local club reasonable time to con-sider the case and then if it took no action sider the case to the courts and the case to the courts and the case to the bim off the second the bim off the the bim off the second the bim off the second the bim off the the bim off the second the second the bim off the second the bim off the second the sec the Washington park officials last night on their action.
