CLAIRVOYANTS.

MME GYLMER, OMAHA'S FAVORITE PALMIST. Since the beginning of history there has been in extant many so-called fortune been in extant many so-called fortune tellers, such as seers, mediums, clairvoyants, psychics, etc. All these names indicate one thing and that is "fake." Anyone who pretends to communicate with some person or being in some other world through any source whatever is a prevaricator and an imposter. No human being with an ounce of brains today puts any stress on phenomena or miracles. This age is too much enlightened for their production. Miracles are performed and phenomena are produced only to the ignorant. There are just two methods of life reading and they appeal to the scientific and investigating mind and not to the ignorant and superstitious. These methods are PALMISTRY and ASTROLOGY. They were developed through scientific investigating mind were developed through scientific investi-gation and stand today in the front rank of sciences. The lines in the paim are an index to the life and the past, present

index to the life and the past, present and future can positively be told as indicated by these lines.

Mme. Grimer has deveted years of her life to the study of palmistry and is now recognized throughout the United States as a master of the art. She reads life scientifically, accurately and honestly.
