ALL RIGHT IN CALIFORNIA

Colonel George Stone Says the State is Safely Republican This Year.

Colonel George Stone of San Francisco, president of the National League of Republican Clubs, passed through Omaha yesterday evening on his way to St. Paul, where the league will hold its annual convention July 17 to 19.

Colonel Stone is one of the hard-worked republicans of the slope and is known as the great harmonizer. There have been factions in the republican party of California and when they fought each other the state went democratic.

"California republicans," he said, "are united in their support of the policy of the president. Even the democrats are in favor of expansion and the republicans to a man stand behind the Philippine policy of the government."

The colonel will arrive in Chicago today, where he will be joined by Governor Roosevelt. With the Illinois delegates they will go to St. Paul in a special train.

An honest, horny-handed Farmer who owned a Nice Farm, through which ran the North-Western Line train, used to spend so much time watching the beautiful trains as they passed by.

Moral—If he had been located on some other road with less attractive trains he would probably have grown rich and gone to congress. As it was he died a poor but honest man.
