ADVICE OF MINISTER WU

Gives His Opinion as to How the Present Situation Should Be Met.

WASHINGTON, July 17.—The news of the fall of Tien Tsin was conveyed to the Chinese minister early today. He was deeply interested, but evinced little surprise at the outcome, as he had looked upon the result as inevitable.

The minister pondered for a time and then said: "The first essential in dealing with the present situation is to maintain calm in the midst of the feverish excitement and to avoid hasty conclusions, based upon a multi-tude of conflicting reports."

It is clear that Tien Tsin is cut off from Peking, so that at most this can be but a local demonstration and not one attributable to the government of China.
