High School Will Hardly Be Built on Old Grounds.

FIGHT BEGINS TO WARM UP ONCE MORE

Time to Appeal Expires Today, But Board is Expected to Back Up on Its Selection Without Forcing.

The thirty days' limit in which an appeal can be taken to the county superintendent from the action of the Board of Education in selecting the old High School property on Glen avenue as a location for the new high school building expires today. It is believed that no appeal will be taken, although this will not mean that those who are opposed to the school being built on the Glen avenue property will not take some other steps to prevent the building being erected there. In the event of the school board refusing to rescind its action and to select a site more centrally located the opponents of the Glen avenue site will resort to injunction proceedings in the district court.

PREPARE CAMPAIGN IN IOWA

Debs and Herron Will Stump State for Socialist Democracy.

DES MOINES AUDITORIUM SATISFACTORY

Chairman Weaver of the Republican State Central Committee Inspects the Building and Congratulates Residents of Capital City.

DES MOINES, July 20.—(Special Telegram)—Iowa's own, Prof. George B. Herron, and the nation's own, famous Eugene P. Debs, will stump Iowa during this campaign for the ticket and principles of the socialist democracy. Prof. Herron since his retirement from Grinnell college has been in Europe. He will return within a few weeks. The fact that he will take the platform for the principles he holds so dear has been a source of pride to the socialists. The announcements were made by A. W. Ricker of Lone Tree, who visited the city today. Debs has already agreed to spend one week in Iowa. The organizers think that they can secure his services for still another week. The edict has gone forth that Iowa must be the stamping ground for the party this year. The idea is to start Debs into all the river towns where socialism is the strongest and counteract the influence of the Democratic party. The party will be in charge of the campaign. The party will be in charge of the campaign. The party will be in charge of the campaign.

The men have all returned to the river and they expect to bring in another lot by the 1st of August.

JUDGE MOORE POSTPONES RESIGNATION.

LEAD, S. D., July 20.—(Special)—Judge Joseph B. Moore of the Eighth judicial circuit has decided not to resign immediately, as some of his friends believed that he would do. There are several very important cases on the docket at this time, which the judge believes, ought to be tried by him, since he is conversant with all of the facts. There is considerable speculation in the circuit who will be appointed by Governor Lee to take Judge Moore's place when he does resign. As yet not a single name has been mentioned as the successor. It is likely that Judge Moore will hold onto his office until the very last thing.

SAMPLES OF JAPANESE FLOUR.

PORTLAND, Ore., July 20.—J. C. Robinson, a well known mill man, has given a sample of flour from a mill in Yokohama. The flour was manufactured from a cargo of wheat sent from here several months ago and all appearances is a first class article. Along with the sample, over which comes the statement that the actual cost of the manufactured article was the best flour of \$2.50 per barrel at a Pacific coast point. As \$2.50 per barrel is the lowest figure yet quoted for flour sent to the Orient it would seem from this that the Japanese were in a fair way to become active competitors for the flour trade of the Orient.
