LINCOLN'S PUBLIC LIBRARY

Plans Adopted Contemplate the Erection of a Beautiful Building.

DESCRIPTION OF THE ARCHITECT'S IDEA

Structure Will Surpass in Beauty Any of the Buildings Now Standing in the Cipital City.

LINCOLN, July 22 - (Special.)-In architectural beauty the Carnegie library building, plans for which were accepted by the City Library board last night, will surpass any structure in the city. The plans contemplate a building after the French renalssance, or new Greek style. The main portion of the building will be rectangular in shape, size 68x104 feet, with a 24x41 foot projection from the rear. Work on the structure will begin as soon as working plans can be prepared by the architects.

The height of the building from the ground to the top of the cornice work will be about thirty-five feet, but the dome will extend the distance to about sixty-five feet. The exterior facing of the basement, extending ten feet above the surface of the ground will be of Bedford blue limestone, dressed smooth and accurately squared. Above the basement the facing is to be of hydraulic process pressed brick with terra cotta trimmings of a lighter shade. The plans, however, do not preclude the use of stone facing for the superstructure. All cornices and other decorations are to be of terra cotta. J. H. Edmisten has issued a call for the There will be no metal or sham trimming of any kind on the building.

The roof, which slopes gently up to the dome, will be covered with red Spanish tile to meet with the committee at that time. and the whole building will be surmounted by an octagonal dome faced with terra cotta and covered with copper. The treatment of the elevations is intended to give the effect of pilasters. Exterior and Interior.

The distinctive feature of the exterior is The distinctive feature of the exterior is Friend is anxious to have a local tele-the entrance, which is of large proportions phone exchange. and rich in decoration, yet simple in detail. It is reached by a short flight of steps flanked by bronzed lamps on each side. The pediment will be supported by two fluted ionic columns on each side of the doorway. On entering the building the visitor will pass into a broad and well lighted vestibule alm and from this will ascend over another short flight of steps to the main floor. The walls of the vestibule are to be wainscoted with within a year. Tennessee marble. The interior is arranged after the style of the most modern library buildings, with especial attention to convenience. There will be reading, reference, reception and stack rooms, with apartments for the librarian and other officers. The entire building is to be piped and

The entire building is to be piped and wired for gas or electricity, with ornamental though not extrawagntly expensive fix tures, and will be absolutely fireproof.

Hummel, leading farmers of Porter and Franklin township. Hon. Francis Martin, the republican candidate for senator from the First district, is a thorn in the side of the opposition, as they seen unable to find any one in the entire district who is willing to make the race against him. Many of the democrats have already virtually conceded Mr. Martin's election as he is sure to come at least very near to carrying Richardson, and with anywhere near a nor-

mal majority in Pawnee he will go in easily. Considerable interest is taken here in the ticket put up by the middle-of-the-road populist at Grand Island and with Samuel Lichty of this county for auditor it is thought that the party will poll quite a good formers" in this county who really believes in and practices what he preaches.

out. The other man is named Sam Pessner. some time next week. The information now at hand shows that Carnott and another pal, who is not now in the state, are the ones who stole the goods and that Fessner was little more than a tool in their hands.

Fessner has papers on his person which show that he was once a first-class traveling calesman in the empley of an eastern supply firm. He is now only a common burn, thorized to hold property to the amount of possessed of an inordinate desire for alcoliquor. The authorities do not consider him a bad man, but only one who a reorganization of the union at the end has let his appetite for drink degrade him of its corporate existence under the laws to his present level.

Freight Charges in 1865.

PLATTSMOUTH, Neb., July 22.—(Special.)—An interesting relic of early freighting days in Nebraska was found in an office in New York city and sent to the Doveys here. It is a bill of lading from the firm of Amisoh & Dovey, commission and forwarding merchants, and is dated September, 1865, and calls for the shipment of 8,338 pounds of merchandise from Plattsmouth, N. T., to Denver, at the rate of ten cents per pound-or \$830 for the entire shipment. It shows that the goods were shipped from \$17,000 behind and new claims will put it Plattamouth by ox teams on September 25. 1865, and reached Denver on November 22. being nearly two months en route. shows the difference in freight rates of thirty-five years ago and those of today.

PARIS SPORTS COME TO END

Unreasonable Handicaps Kept Americans Out of Many Events.

TEWKSBURY THE ONLY YANKEE VICTOR

Team Flat Race of 5,000 Meters Between Leading Hunners of France and England is Won by British Contingent.

PARIS, July 22.-The world amateur championship contests in connection with the Paris exposition came to an end today at the grounds of the racing club in the Bois de Boulogne. The weather was cooler than it was last week, though the sun shone brightly. Comparatively few Americans attended, owing to the fact that only three or four of their countrymen were announced to compete in the events, for the most part handleaps, in which the Americans had received too severe treatment of the fiscal year on August 6. As soon as to tempt them to exhaust themselves in running losing races,

Six events were decided. The Americans competed in three and won one, their only success for the day. The program opened with the 110 meters hurdle race, A. G. Kraenzlein, University of Pennsylvania. being made the scratch man. As the other Americans who entered were also pulled back all declined to run. Rau, a German with a twenty meters allowance, won; Pritchard, with eight meters, was second and Clingthoefer, Frenchman, with fourteen meters, third. Time: 0:18 1-5.

Three competitors stripped for the shot putting, the six Americans who had entered, including Richard Sheldon, New York scribed for her proved ineffectual and she Athletic club, who was scratch man, standwas growing worse every hour. Her parents ing out. Crettier, a Hungarian, with two were sure she would die. Telephone Etiquette. but I am freshly amazed every day at the revelations of thoughtlessness, stupidity or boorishness that come by way of my

I have a telephone number that sounds in the ears of "Central" just like a certain I have a telephone number that scunds in the ears of "Central" just like a certain other number whichizin great demand, so that I get about three times the number of calls that are rightfully mine. This would be annoying in itself, but the worst of it is the total unconcern at their mistake shown by nine-tenths of the people ringing me up —when they do not make me an object of -when they do not make me an wrath and scornful amazement wrath and accornful amazement for a being the individual wanted. Now and the some Christian of gentler breeding fusual

being the individual wanted. Now and then some Christian of gentler breeding (usually a man) getting my wire by mistake says courteously. "Oh, I'beg your pardon!" Far oftener I hear a votes (usually a woman's) saying in snappy, complaining accents, and without apology. "Who is this? Well, it's 33I I want?"

Occasionally they command me to give them 33I at once, please! Now, one would suppose that by this time every man, woman and child drapable of using a telephone would know the proper formula for it—which is, of course, to announce one's own name directly on getting the right wire: or if they get the wrong number, equally, of course, they should know that the mistake was their own or "Central's," and apologize for troubling some unknown person. Instead of this the majority of people seem to lose all common civility and regard for others convenience when they close their fingers on a telephone receiver. close their fingers on a telephone receiver I was roused early the other morning from sweet slumbers to put the receiver a

in my life that I had ever been told in such tones of condensed weath to "get out."
I do not repeat this for the benefit of the gentleman concerned, as he possibly does not read, and is certainly not likely to be a subscriber to The Bee. But it may serve as a horrible example to the thoughtless telephone public. Consideration for others, and the observance of politeness—which two are one and the same—are just as important and as much appreciated over the wires as they would be if the parties of the first and the second part were under each other's eye. Rudeness and incivility are even less excusable when the perpetrator is well excusable when the perpetrator is well hidden from sight and knowledge of those who are compelled to receive his offensive boorishness.

South Omaha News.

Commence of the second An important meeting of the city council will be held tonight and it is expected that every member will be present.

First in importance will come the introduction of the annual appropriation ordinance, and it is more than likely that this ordinance will be passed under a suspension of the rules in order that a clean set of books may be opened at the commencement the appropriation ordinance becomes a law contracts may be entered into and outstanding claims may be allowed. The levy, as stated before, will be 55 mills. With the utmost economy on the part of the municipal authorities the amount derived will likely see the city through the fiscal year. Mayor Kelly proposes to do all in his power to keep down expenses and live within the income. This will be a bard matter on account of the small levy allowed for fire and police purposes, but rigid scrutiny of expenditures in other departments will possibly assist in helping out these two funds. The liquor license occupation tax has assisted materially in reducing the overlag left by the democratic administration, as have also the sums derived from other licenses. Since Mayor Kelly assumed charge money has been turned into the city treasury for licenses issued than for a number of years prior.

Inspectors Jones, Cook and Click are atending strictly to business and no permits are issued unless the sums provided by ordinance are first turned into the city treas-

appoint W. C. Lambert city attorney and Henry C. Murphy city prosecutor was apparently favorably received in all sections yesterday. Mayor Kelly says that an experienced attorney is needed at the head of affairs at this time and he has been guided in his selection by the demands of the citi-Paving Bellevue Avenue.

It is understood that a petition is to be circulated among the property owners on Bellevue avenue in the interest of a pavement. At a joint meeting of the special committees of the city council and the Commercial club it was decided that if the Union Pacific wanted any favors from the city it would have to agree to pave its proportion of Bellevue avenue, and no Sherman gravel will go. The committee contends that travel on this road needs a heavy pavement and only Colorado sandstone laid on a concrete base, the same as now being laid on Vinton street, will do. A viaduct across F street is also demanded.

As the Union Pacific owns all of the property on the south side of Bellevue avenue it is considered that it will be an easy matter to secure enough signatures from property owners on the north side to have the necessary foot frontage demanded by law. four trials. The travel pay under the old rule out with the Missouri Pacific and that it worked out on a basis of 1,000 miles travel

The recent act of congress abolishes the commutation for rations and the per diem and allows all privates and noncommissioned officers four cents a mile for travel between would give each person \$40 on a trip of 1,000 Philippines the new law is not as favorable as it is to those at home for, because of the additional pay for being engaged in actual warfare, the soldier would receive \$41 under

the old rule where he receives but \$40 now. The correspondent also refers to the two months' additional pay granted soldiers in the foreign service. The law allowing the additional pay was passed for the Spanish war only and by its terms the law has been inoperative since the conclusion of hostilities with Spain. It was never applied to soldiers who enlisted after the conclusion of hostilities and never to any soldiers in the Philippine service.

If you are sick all over, and don't know just what ails you, it's ten to one your kidneys are out of order. Foley's Kidney Cure will bring you health and energy. For sale by Myer's-Dillon Drug Co., Omaha, and Dillon's Drug Store, South Omaha.

LINEMAN FATALLY INJURED J. A. Craun Falls from a Pole Where He Was Sent to Adjust

J. A. Craun, a lineman in the employ of the New Omaha Thomson-Houston Electric Light company, was fatally injured by falling from a pole near Nineteenth and Dodge streets about 7 o'clock Sunday evening. He had been sent there to replace the fuse in a fuse box and while working he lost his balance or was shocked by the current and fell headlong to the sidewalk thirty feet below. In addition to severe internal in-

juries the right arm was broken below the elbow and several ribs were fractured. The accident was witnessed by several people, who immediately went to his assistance. He was attended by Dr. R. J. Mattice and removed to the Clarkson hospital nearby in the city ambulance. It was said at the hospital eary this morning that Craun could not survive and that his death was but the matter of a few hours at most. He was conscious at the time, but so badly injured internally that an operation was impossible and the extent of the injuries could not be fully determined. Craun was unmarried and lived at the Dodge hotel, Thirteenth and Dodge streets. His eastern rela-

tives were notified of the accident.

A gentleman recently cured of dyspepsia Burns' famous blossing: "Some have meat and cannot eat, and some have none that want it: but we have most and we can eat-Kodoi Dyspepsia Cure be thanked." This preparation will digest what you eat. It instantly relieves and radically cures indigestion and all stomach disorders.

The Eye

won't stand very much abuse-It refuses to work-then you guil working, too. The only reasonable thing for people with eyes to do when they begin to show signs of being contrary is to select some reliable optician and have him doctor them with a pair of the right kind of glasses. We are opticians. We are re-
