

LABORERS OPPOSE MACHINE

Union Brings Suit to Prevent Purchase of Furnas Sweeper.

SAY IT WOULD BE VIOLATION OF LAW

Workmen Fear They Will Be Thrown Out of Employment if the Deal is Consummated.

Seven hundred laborers of the city have declared war on the street cleaning machine and will seek through the courts to drive it from the streets of Omaha.

The petition filed by the union sets forth that it is an association of daily laborers, citizens and taxpayers, the members of which are dependent upon their wages for the support of themselves and their families.

The mayor and council have conspired with the Pneumatic Street Cleaning and Manufacturing company, the petition says, to violate the provisions of section 181, of chapter xli, of the statutes of 1891, which reads as follows:

"All street cleaning and sweeping shall be done by day's labor."

The city is threatening to purchase a machine, the union alleges, for the purpose of cleaning and sweeping by such means instead of by day labor, as has been previously done since the law went into effect.

The union further says that although the mayor and council have entered into a contract to spend \$2,500 for a machine, there are no funds provided by law for the purpose.

The legislators' action in assuming such a debt is declared to be entirely in violation of law.

The petitioners ask that the city be restrained from making any payment on the machine and restrained from transferring in any way with hand labor in the cleaning of the streets.

Propose to Test the Law. The view of the union, as voiced by one of its officials, is as follows: "The union is directly interested in the machine question because virtually all of the fifty-five men now employed by the street cleaning department are members of No. 8,091. If the machine is used permanently this force will be thrown out of employment, with the exception of an engineer and five teams. We believe that the provision cited was put into the charter to protect hand labor and we propose to test the law to the utmost limit."

Through interviews published heretofore the councilmen have expressed the opinion that the use of a machine would not affect the number of laborers employed, and most of them approved of the purchase on that understanding.

On the point of available funds Comptroller Westberg says: "It is proposed to pay for the machine in two installments, \$1,250 to be paid this year and the same amount in 1901. The money to come from the street cleaning fund, which is entirely adequate to the purpose. There is now \$5,735.55 in this fund with no fixed charges to be deducted."

SOUTH OMAHA TAXPAYERS IN COURT Injunction Against Purchase of Site for High School Building.

Taxpayers of South Omaha, headed by Joseph Garlow, raised an emphatic objection in Judge Keyser's court yesterday to the purchase of the Hoctor site for a new high school building.

The main point dwelt upon is that there are no funds available for the purchase, the taxpayers believing in addition that the price fixed by Commissioner Hoctor, \$5,500, is exorbitant.

In order to show that sufficient funds are on hand the school board made a showing of \$40,000 in bonds held in the city treasury and \$24,000 in the county treasury.

"This money may be on hand," declared Attorney Van Dusen for the taxpayers, "but as a matter of fact the school treasury is empty and overdrawn. It is an imposition on the taxpayers that this money should be used when there are \$68,000 in interest bearing warrants now adrift against the school account."

Attorney Brown for the Hoctor interests urged that if the injunction against the purchase were granted hundreds of children would be threatened with no school facilities next year. During the last year he pointed out that pupils have been housed in vacant stores or wherever they could be gathered together in charge of a teacher. An affidavit was put in evidence to show that the only available room in a certain district was over a saloon.

"I can show that such an affidavit is an infamous misstatement of fact," exclaimed Mr. Van Dusen. "The affidavit was filed less than an hour ago and I demand further time to secure testimony to the contrary."

The case was put over until Wednesday morning at 9 o'clock.

White Man Turned Yellow. Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow.

His skin slowly changed color, also his eyes, and he suffered terribly. It is an imposition on the taxpayers that this money should be used when there are \$68,000 in interest bearing warrants now adrift against the school account.

After taking two bottles he was wholly cured. A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Kuhn & Co., druggists.

Change of Time. On July 1 the Chicago, Milwaukee & St. Paul railway changed the time of their train between Omaha and Chicago. The fast train formerly leaving at 7:35 p. m. will, under the new card, leave at 6:00 p. m., arriving Chicago at 8:30 a. m., in ample time for all eastern connections. The local train formerly leaving at 11:00 a. m. has been changed to a fast daylight train for Chicago, leaving Omaha at 7:15 a. m. and arriving Chicago at 10:30 p. m.

WOMEN WILL HELP FESTIVAL

Members of the Woman's Club Will Lead Individual Aid to the Enterprise.

Promoters of the musical festival are anticipating a considerable impetus to the sale of tickets because they think they have quieted the fears of some of the lovers of music in the woman's club. Some time ago an invitation was extended to the club asking its leaders to aid in the work of promoting the festival, which brought a response that was considered somewhat chilling to the enthusiasts. It was to the effect that it was not the province of the club to go into anything like the promotion of such an enterprise by urging the sale of tickets, but that the members would lend individual aid.

Inquiry on the part of some of the promoters of the festival has disclosed the fact that the women have been backward about taking an active part in the promotional work because the musical department of the club was not assured that the classical music to be rendered would be of the most refined and elevating character from an educational standpoint. The committee is now in position to tender to the club the assurance that its fears are wholly groundless, and entertain confidence, therefore, that the woman's club will get out and help push the festival to a successful issue.

At the meeting of the committee Monday an estimate was submitted of the probable cost of the festival. It shows that the band will cost \$7,800 for the fifty-six concerts, that it will cost \$3,000 for the tent, seating, stage and other necessary equipments, \$570 for the publication of the program, \$1,500 for advertising and \$500 for lighting, making a total of \$13,400. The sale of seats in books has thus far reached the sum of \$5,500. There will be a considerable revenue from the sale of concessions and reserved seats and the publication of the program, and back of all is a guarantee signed by progressive business men and lovers of music in which they guarantee in small amounts the payment of \$5,000 in case the revenues of the festival are not sufficient to meet the expense.

It was stated that the tickets will be ready for issuance next Wednesday. The soliciting committee will continue its work until August 10, when it is probable that canvassers will be put to work on the sale of books, who will be paid for their services in tickets. As the single tickets are to sell for ten cents, it is believed that the sale of books of twenty admissions for \$5 will be an inducement for purchasers to buy large numbers of books before the festival opens.

CONSOLATION PRIZE WINNERS. List of Contestants Winning the Huberman Prizes in the Bee's Vacation Contest.

Quite a thoughtful provision in the Bee's late vacation contest was the generous offer of Mr. A. Huberman, the jeweler at Thirtieth and Douglas streets, to provide consolation prizes for worthy contestants unfortunate enough not to secure vacation trips. These prizes were to go to those contestants immediately following those to whom were allotted vacation trips, and include the following young women:

Omaha. Emma Inman, diamond ring. Etta Reed, opal ring. Mrs. L. Braun, gold dumbbell sleeve buttons.

Iowa. Daisy Ledwich, Harlan, wedding ring. North Nebraska. Lena Klein, North Platte, wedding ring. South Nebraska. Annie Sanders, Beatrice, wedding ring. Council Bluffs. Addie Becroft, wedding ring.

BOX PARTIES AT BOYD'S To Six Omaha Winners in Bee's Working Girl Vacation Contest.

As a fitting close and in recognition of the generous offer made by the public in the Bee's working girl vacation contest just terminated, the managers of Boyd's theater have decided tomorrow evening to entertain the six Omaha winners by placing at their disposal without charge six private boxes, one to each of the young women. After the hard work and excitement of the contest and preceding the vacation trips such an evening's entertainment will come very appropriately. The names of the winners are: Beatrice Van Horn, Sophia Miller, Katharine Stillwell, Katie Kern and Ella Crane.

Des Moines Man Hurt. N. A. Cracroft, whose home is at Youngstown, a suburb of Des Moines, attempted to board a moving freight train at Twenty-fourth and the Union Pacific tracks about 6:30 Monday evening and was thrown to the ground, sustaining painful injuries. No one saw him fall and he laid there until Union Pacific No. 2 came along an hour or more later. The engineer saw the man and stopped the train. Conductor Tom Costello put Cracroft aboard and brought him to the union station, where he was turned over to the police. He was attended by Police Surgeon Ames and afterwards wards removed to the Clarkson hospital by order of City Physician Ralph.

PLUMBER TRIES TO TURN CHEF

Was Concocting Some Novel Dishes When His Wife Appeared and Entered Protest.

John Nelson, a head plumber, returned to his home, 1912 Dorcas street, Sunday night with an un-plumb head and did several things, the effects of which were a ride in the patrol wagon and a fine in police court. It was nearly midnight when he succeeded in getting the front door open; then, finding the house dark and his family in bed, he took off his shoes and went down to the kitchen to cook supper.

Taking a soup bone from the ice chest he placed it in a saucepan, broke three eggs over it and sprinkled the mixture with baking soda. He then poured some vinegar in the coffee pot and was trying to light the gasoline stove with the latchkey when his wife appeared and entered a protest. There was a quarrel and in a moment the plumber-chef was throwing things.

Aroused by the rumpus, the children came running down stairs and arrived just in time to see Mr. Nelson in the act of currying his wife with the nutmeg grater.

In police court yesterday he was fined \$15 and costs for being drunk and abusing his family.

RETURNS TO HER HOME

Mrs. Barbara Stumpfmaier Released from St. Joseph's Hospital, Apparently Cured.

Mrs. Barbara Stumpfmaier, who, on the night of June 26, was shot twice by her husband, John Stumpfmaier, who afterwards committed suicide, was released from St. Joseph's hospital Saturday and has returned to her home at Twelfth and Blaine streets.

Though able to walk about and engage in light household duties, she still carries one of the bullets shot into her body by her insane husband. The other was removed. It is supposed that the remaining bullet is lodged somewhere near the spine, but the surgeons were unable to locate it exactly. It causes no inconvenience at present.

During her illness of nearly a month her three children have been cared for by the neighbors.

SILVERITES TO FIGHT POYNTER

Will Show Their Resentment of His Methods of Transacting Official Business of the State.

A decided detestation of the silver republicans from the fusion state ticket is well under way. "It is my judgment that Governor Poynter will be defeated," remarked James W. Carr, because of the large amount of dissatisfaction among the better element of the fusion forces. Many of the silver republicans of the state have lost confidence in Governor Poynter for several reasons, among which is his lack of ability to handle the affairs of the state, and particularly those of the state institutions, without constantly having an unseemly quarrel on hand.

Silver republicans feel that but for his very peculiar methods much of the unseemly turmoil which has been stirred up at the state institutions would have been avoided, and he would thus have been saved from being the laughing stock of the state, which he now is. "Many other things can be said and proven concerning the conduct of the affairs of the state by the governor's office, which to me are sufficient reasons why I will not support Mr. Poynter, and which will develop later in the campaign, and while I shall support all clean, capable candidates who stand squarely upon the silver republican platform, I will not support any man, regardless of what his political complexion or his professed political principles may be, if I do not believe him to be clean, capable and above all things, honest."

"In my judgment, the fusion forces stultified themselves in the re-nomination of Governor Poynter and will disgrace the principles they profess to maintain if they re-elect him."

Mr. Carr has been probably the most active silver republican in Douglas county, has practically dictated the local affairs of that party, has gotten up its caucuses and conventions and was a delegate to the state convention. He says that a majority of the silver republicans of the county will not vote for Governor Poynter.
