BORNER MUST STAY IN JAIL

Was Arrested on Charge of Having Stolen August Leaders' Horses.

SAYS THEY STRAYED INTO HIS YARD

Amdavits Presented to Show that the Animals Had Been Advertised-Mrs. Borner Substantiates Her Husband's Story.

For giving shelter to two ancient, emaciated steeds Charles Borner, a prosperous farmer living southwest of the city, is lying in the county jail on the charge of horse stealing. He was arrested by Sheriff McAdow of Sarpy county, against whom habeas corpus proceedings were instituted yesterday in Judge Vinsonhaler's court. Borner claims that the horses were estrays and that he has done his best to advertise their presence at his farm. The court held, however, that the habeas corpus papers were improperly drawn up and that an action was not proper under the circumstances. Borner will therefore be confined in jail until the preliminary hearing

in Sarpy county. The habeas corpus affidavit was aworn to by Mrs. Pauline E. Borner in behalf of her husband. It set up the fact that the two horses had wandered into the Borner yard on July 12. Mr. Borner at once inserted an advertisement in The Bee, which was reproduced in the affidavit, calling attention to the fact that two stray horses were in custody at the Borner farm. Mr. Borner also spread the information in other ways until it is said to have been a matter of common intelligence through the neighborhood. In the meantime the horses were fed and properly cared for-

The horses were the property of August Leaders of Sarpy county, who had turned them out to graze in his pasture lot. When Leaders wanted to go to town the next morning there was no trace of the animals except a hole in the fence which had the appearance of being the work of human had been stolen and notified the sheriff. Sheriff McAdow at once started on the trail and finally ran the missing animals to earth on the Borner farm. The official

refused to accept the farmer's explanation thrown in jail on Monday and will probably remain there for a week. In giving its opinion the court considered

that the merits of the case should be gone into by some competent tribunal. It was pointed out that a horse might be stolen other technical particulars required in such

DORSEY APPLIES FOR REHEARING.

Supreme Court Gives Him Until August 20 to Prepare Petition. Some time ago a dispatch from Washington announced that the appeal of Frank M. Dorsey from the decision of the court of appeals had been denied by the United States supreme court. A letter received by the azsistant district attorney states that Dorsey's attorney has filed application for a rehearing before the supreme court and that he has been given until August 20 to prepare

for a hearing upon his motion. This is the case wherein Dorsey was sentenced by the United States court at Omaha to six years in the penitentiary for false reports sent to the comptroller of the cur rency with relation to the condition of the National bank of Ponca, Neb., which failed.

Herbert Crane asks in county court that the bond of Rev. John Williams be increased as guardian of Mary Gobie, a minor child. Mr. Crane believes that Rev. Williams is indebted to his ward in the amount of \$600, while the clergyman holds that the account is balanced. Court Notes.

John A. Tuthill has been summoned into Judge Dickinson's court to show cause why he should not be punished for contempt. During the pendency of divorce proceedings instituted by his wife, Blanche, Tuthill was ordered to pay \$15 each month for the maintenance of the child. Mrs. Tuthil claims that her husband has not compiled with the court's instructions.

Mrs. Gracie E. Miller asks the district court that her maiden name, Gladwin, be restored to her. Since her marriage to John B. Miller in 1888 she claims that her husband has squandered his salary and has not furnished her proper support. Mrs. Sina Streeter also asks a divorce from her husband, Perry, because of alleged abusive language and violent conduct.

WARDEN M'CLAUGHRY IN TOWN

Superintendent of Wisconsin State Penitentiary Taking an Escaped Convict Back to Wanpun.

Warden Charles C. McClaughry of the penitentiary at Waupun, Wis., stopped in the city yesterday on his way from San Francisco to his home, having in charge a prisoner named John Wilson. Wilson was placed in the city jail and Warden Mc-Claughry put up at a hotel for a few hours' rest. He didn't dare trust himself to sleep on the train, he said, lest his prisoner should attempt to escape, and as a result he had ridden nearly forty hours without losing sight of his man.

Wilson broke jail at Waupun after having served four of a fifteen-year term for bur glary. He went direct to San Francisco and there at once resumed activity along the old lines. About a month ago he was arrested on a new charge of burglary. There being a strong case against him, he me." sented to go back to Wisconsin without a Omaha requisition to serve the remainder of his term, hoping, doubtless, that before the eleven years are up the witnesses against him for the California crime will have dropped out of sight.

Wilson were about his left ankle a fifteenpound bracelet, called an "Oregon boot, the purpose of which is to dissuade a prisoner from jumping off a train while it is

PREPARING FOR ENCAMPMENT Omaha Veterras Making Ready to Attend the G. A. R. National Meeting in Chicago

Members of the various Grand Army of the Republic posts in Omaha are beginning hands. Leaders concluded that his horses to make preparations to attend the national encampment at Chicago during the last week in August. The new Renstrom Hygiene Bath Co., recently incorporated in this city with a capital stock of \$10,000, is meeting with great encouragement and its success seems assured. This company owns and operates an entirely new system of hygiene bathing and its ladies' bathery in The Bee building is doubtless destined to become the most

popular resort of the fair sex in Omaha. The principles applied are old, yet the combination and mode of application are distinctly new and the bathery is the tangible result of several years' experiment. The system as it is operated here seems almost perfect and the results obtained are little short of marvelous in the cure of rheumatism and nervous troubles. As a restorer of health and beauty much is claimed for this new invention and the claims are apparently well founded. The baths and treatment are cordially endorsed by leading physicians and the management extends a cordial invitation to the ladies to visit and inspect the Bathery.

Siege Battery O Recruited to Its Full Strength Under Instructions from Washington.

No word has been received yet at army headquarters regarding the time that siege the round trip. Excursions from nearby battery O will leave Fort Riley for the cities on the Union Pacific, Burlington Pacific coast, but orders are expected by every mail. Acting upon instructions from Washington special orders were issued Monday afternoon raising the battery to its maximum strength-145 men. To do this it was necessary to transfer ten men from light battery B and eleven men from light battery F. The battery is now awaiting orders to move and is fit for service in any part of the globe.

Several Questions Still Open. "City Attorney Connell says there are sev eral questions that will have to be settled in court before any definite action can be taken. There is a difference of opinion as to when the city's contract for water expires. The years of 1900, 1901 and 1903 have been given as the date of the expiration of the contract and a ruling of the court must be had to determine the value

"After the engineer selected prepares his report the council proposes to call a mass meeting and give the public a chance to find out everything it wants to know about the matter. There is no disposition to railroad anything through and everything will be open and above board."

In discussing the selection of an engineer to give an estimate on the value of the water works plant, Mr. Connell said that he thought it would be wise to select some capable man and have him prepare an exhaustive report. After this is done Mr. Connell suggests that it would be well to have the city engineer go over the report carefully and pass judgment upon it. In this manner he believes it would be possible to get very reliable information as to the value of the plant.

KNIGHTS ASK LOWER RATES

Railroads Agree to Give Would-Be Ak-Sar-Benites One Fare for Round Trip.

Four Knights of Ak-Sar-Ben, inured to danger by their frequent exposure to it while crossing desert sands and passing jungles infested by wild beasts, had the temerity to face an imposing array of Omaha general passenger officials yesterday and unflinchingly ask for the extension of courtesies often sought, but seldom granted. The fearless four were H. J. Penfold, Thomas A Fry, Edgar Allen and George P. Cronk

Their conference with the passenger officials was relative to the application of low rates on all of the railroads from nearby points for parties desiring to enter the oasts of Omaha on Monday nights and be initiated into the mysteries of Ak-Sar-Ben's court. The success of the excursions from Fremont and West Point were cited as examples warranting the railroads in assist-EXPECTS ORDERS TO MOVE ing to bring outside Nebraskans into Omaha for the purpose of aligning themselves with the Knights. The railroad officials gave the committee to understand that all parties from points within a hundred miles, numbering between fifty and a hundred, would be granted a one-fare rate for and Missouri Pacific will be arranged in the near future as the result of the understanding reached.

> Low Rates for G. A. R. Passenger men anticipate that Chicago passenger traffic will be noticeably light for the next few weeks, as many travelers will undoubtedly postpone their journeys until August 24 to 27, when a half-fare rate will be operative on account of the annual encampment of the Grand Army of the Republic. This will not interfere with the regular business traffic, but many people who expect to go east some time during the summer and can just as well as not wait a couple of weeks or so will hold off buying their tickets until the low rates become effective. As a result it is expected that Omaha-Chicago passenger business during the latter part of August will be exceptionfor September 1, subject to extension to September 30.

Moves to New Office. The city passenger office of the Union Parific is being installed in its new location at Fourteenth and Farnam streets. The new quarters are not yet completed, but it is possible to gain an idea of the magnificence which will characterize the interior furnishings of the new office when it is finished. All of the furniture is new, the ticket cases are of modern, improved pattern and the finishings are decidedly handsome. City Passenger Agent George Abbott will have
