Slight Reduction. Southern rates are undergoing some changes at this time and thus far every change has been in the nature of a reduction. The Missouri Pacific took the initiative in the lowering of rates by an-nouncing a reduction of 2 cents per 100

This reduction is of considerable importauce, inasmuch as Omaha is the gateway through which large shipments of potatoes from outside points are consigned to Texas

MILLIONS OF WOMEN USE CUTICURA SOAP exclusively tor preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing red, rough, and sore hands, in the form of baths for annoying irritations, inflammations, and chafings, or too free or offensive perspiration, in the form of washes, for ulcerative weaknesses, and for many sanative antiseptic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated or toilet soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in One Soap at One Price, viz., Twenty-Five Cents, the BEST skin and complexion soap, the BEST toilet and BEST baby soap in the world.
