## CLAIRVOYANTS.

An honest proposition made by the world's greatest clairvoyant, trance, test, business and independent slate writing medium,

stratest clairvoyant, traines, test, business and independent slate writing medium, CHAS. H. LINCOLN.

He appreciates the fact that many of the best chizens of Omaha would only be too enger to consult a good clairvoyant if they just had some assurance or proof that they would not spend their money in vain, but would gain some valuable information and benefit. Therefore, Mr. Lincoin glashy makes the following are selled question and to give each caller's name in full free of any charge, just to prove to you his wonderful powers to all those calling with the object of having a reading. He asks no questions, but before you can utter a word he tells your name in full, names of friends, enemies or rivals, whether husband, wife or sweetheart is true or failed, gives advice on all points of interest, such as love, courtship, marriage, divorce, business speculations and transactions of all kinds, in fact, no matter what may be your hope, fear or ambition, come to this gifted man and find help. He has helped others; why not you? No money accepted in advance, nor do you pay one penny until you are absolutely satisfied. Is this gifted man and find help. He has helped only to those who are in need of help and call with the honest purpose of having a reading. Also no person will be entitled to more than one full reading at his low fee for this week.

"When the story of the tweifth census s fully told it will show in an interesting Dedge Local from nell Bluffs ..... b 4:30 pm b 10:15 am way the astonishing development of the apiarian industry in the United States." said Prof. L. O. Howard, chief of the Bureau of Entomology and known all over the country as Uncle Sam's "bug man," to a New York Sun correspondent.

"Bee culture is practically a development of the last forty years." tinued, "although isolated individuals were engaged in the work long before that time. The importance of the industry at the present day is not generally realized. There are more than 300,000 persons engaged in the culture of bees in the United States alone and the present census will show the present annual value of apiarian products to be in excess of \$20,000,000. There are 110 apiarian societies.
