When baby comes to the home it will bind the wife closer to the husband, or it will gradually tend to cut her off from his companship. A sickly mother loses in physical charm, and often in temper disposition. A fretful child is a trial, even to loving parents. The use of Dr. Pierce's Favorite Prescription prepares the wife for motherhood. It strengthens the body, and induces a healthy condition of mind, free from anxiety or fear. It makes the baby's advent practically painless. The mother being healthy her child is healthy, and a healthy child is a happy child, a joy to the parents, linking them together to the parents, linking them with a new bond of affection.
