TRIBUTE TO KING HUMBERT

Impressive Memorial at Washington in Honor of Late Monarch.

ATTENDED BY THE HIGHEST OFFICIALS

Church is Einborately Decorated and Uniforms of the Different Nations Lend a Brilliant Coloring to Solemnity of the Occasion.

WASHINGTON, Aug. 19 .- Amid scenes of impressive solemuity and in the presence of the president of the United States, members of the cabinet, officers of the army and navy the ambassadors and ministers of foreign from civil life, the memorial services for the late King Humbert I of Italy were beld at St. Matthew's Catholic church at 11 o'clock today. The announcement of the services was made by the Italian ambassador, Baron Pava, and with the co-operation of the State department the event was given representatives were in full diplomatic uniform and these, with the brilliant uniforms military attaches, and of the American generals and admirals, gave a touch of brilliant coloring to the solemn pageantry.

The church had been decorated elaborately for the occasion. Around the sanctuary and on all sides rose a mass of palms and foliage plants, while the beautiful white marble altar stood out from a forest of tall and graceful palms. Immediately in front of the chancel rail stood the catafalque-a counterpart of that in which the dead monarch recently was laid to rest at Rome. Over it was thrown a heavy black pall, edged with white, and on top was a great garland of laurel and galax leaves, tied with flowing ribbons of red, white and green, the colors of Italy. At the head and foot of the casket a tall candelabra burned and the morning sun coming through the chancel window fell athwart this somber memorial A superb wreath of purple asters and roses, sent by the British embassy, rested alongside the casket.

Fava Receives Arrivals. Baron Fava, in the full uniform of his high diplomatic rank and wearing the decoration conferred on him by King Humbert shortly before his death, stood at the main entrance of the church and received the distinguished arrivals. He was assisted by Marquis Romano and the military attache of the embassy. Among the first arrivals was the Chinese minister, Mr. Wu Ting Fang, in bright oriental silks and scarlet turban, accompanied by several of the members of his staff. The Spanish minister, Duke d'Arcos, in full diplomatic uniform of black and gold, followed soon after and was given a seat with the Chinese representative. Back of them sat the Japanese minister, Mr. Takahira, his handsome uniform set off by a vivid green rash across his breast and a sweeping white plume in his chapeau. Germany was represented by Baron Speck von Sternberg, German charge d'affaires, accompanied by the German military attaches in uniform; France by M. Thiebaut, charge d'affairs, and M. Boeufve; Great Britain by Mr. Lowther and Captain Bradley of the British royal navy; Russia by M. Routhkowsky, while the other countries of Europe, South and Central America were represented by their several ministers and

Across the aisle from the diplomatic corps the pews were reserved for distinguished American officers and civil officials and among those present were Admirals Melville, Endicott and Terry; Brigadier Generals John M. Wilson, Luddington and Weston, the staff officers of Lieutenant General Miles and scores of lesser officers. The Italian societies and citizens were given seats at the side of the church near the altar. The rear of the church was opened to the general public and was filled to overflowing at an early hour.

McKinley and Cabinet Attend. Just at 11 o'clock President McKinley and the members of his cabinet arrived at the church. Baron Fava stepped forward and received the president, escorting him to a seat immediately in front of the catafalque. With the president were Secretary Hitchcock, Postmaster General Charles Emory Smith, Acting Secretary of State Adee and the president's secretary, Mr. Cortelyou. As the prestdental party took their seats the strains of the organ floated through the edifice and the black and white robed accirtes led the procession of priests to the altar. It had been expected that Cardinal Gibbons would officiate, but his absence in the south prevented his being present. The celebrant of the mass was Rev. Father Bart, assisted by Father Lee as deacon and Father Kervick as sub-deacon. Father Chantell of Georgetown university was also in the

The service consisted of high mass, the usual sermon being omitted. At the close of the mass the priests put aside their white vestments for those of black, and descending from the sanctuary, moved about the casket, sprinkling it with holy water, praying for the repose of the soul of the dead king and chanting the "Requiescat in Pace.'

At the close of the service the prestdential party withdrew, followed by the prompt measures for the necessary requisithe people remained in the church to view bring the prisoner to this place for a hearthe catafalque and the flowers and to carry ing.

SHIP MAKES ANOTHER START

Canada Will Strive to Reach Manila in Spite of Evil

SAN FRANCISCO, Cal., Aug. 19.-News was received today from Australia that the ship Canada had made another start on its memorable voyage to Manila. The Canada left Norfolk, Va., with a load of coal for the United States warships in

Manila bay on August 27, 1899. Approaching the Leeuwins bad weather was encountered, which was followed by a dead calm. A waterspout came sailing along and took the mizzen mast out of the ship. Early in May of this year the Canada

put into Melbourne, Australia, to refit. As soon as it docked the coal was found to be on fire and the vessel had to be flooded. On May 23 the Canada sailed once more. On June 26 it was towed into Freemantle, Australia, partially dismasted and in a generally dilapidated condition.

The Difference

Between Dr. Bennett's Electric Bett and the Others Explained by the Doctor-He Avises You Against Imitations and Will Not Sell You His Belt Unless it Will Effect it Cure in Your Case.

My Electric Belt is no experiment. I worked the best part of my life perfecting and know just what it will do; therefore n every case where I recommend the every case where atment of my Helt re. If it will not care

man and womanit is life liself.
When there is a
lack of Electricity
in the system you
are sick, My Belt
is to supply this
Electricity. Electricity from ordinary batteries and electric belts will not always cure. The current is not even and steady and enters the system in a series of jars and

jolts on account of the crude elec-

Dr. Bennett's Electric Belt
