

LI CRIES FOR PEACE

Chinese Diplomat Sues for Cessation of Hostilities.

IDENTICAL APPEAL MADE TO POWERS

It is Forecasted that United States Will Give Negative Reply.

CONDITIONS ALREADY NAMED NOT MET

No Assurance that Chinese Would Respect Any Agreement Reached.

PALACE THOUGHT TO BE UNDER SIEGE

Tacit Promise Given that No Indignities Will Be Offered to Their Highnesses, the Emperor and the Empress Dowager.

WASHINGTON, Aug. 20.—The reply of the United States to China's latest appeal for a cessation of hostilities, received today from Li Hung Chang, has not yet been made public, and it is likely the matter will be considered at the cabinet meeting tomorrow. But there is reason to believe that the overtures will in effect be rejected, on the ground that the conditions laid down in the American note of August 12 have not been complied with, and until complied with the proffered course of the United States must proceed. The dispatch of August 12 said specifically that the United States was ready to enter into an agreement between the powers and the Chinese government for the cessation of hostilities, on condition that the relief force should be permitted to enter Peking unimpeded, and escort the legation therefrom under such circumstances as the commanding general might lay down, but up to the present time there is no evidence that the allied forces are unimpeded at Peking, or have received the sanction of the Peking government to convey the legation to the city.

DENIES RUSSIAN ATROCITIES

Mrs. Drew Corrects the Reports Said to Have Been Started by Her.

WASHINGTON, Aug. 20.—The diplomat connected with the Russian embassy has been attacked by constant reports attributing atrocity to the Russian troops in China. One of the most notable instances was an alleged interview with Mrs. Anna Drew, wife of Mr. E. H. Drew, the chief secretary of Sir Robert Hart. As a refutation of the sentiments put in her mouth, Mrs. Drew has addressed the following letter to the Russian ambassador. After the usual opening she says: "We have been living at Tien Tsin the past year and I returned from there only last week. Our steamer was besieged with newspaper reporters upon our arrival at Peking, and although I was extremely careful in what I said to them, a great many strange things have been put into my mouth by some disagreeable people. The worst of all was an article which attributed to me the most horrible story of the atrocities committed by the Russian soldiers. I wish to deny these statements in full and as the account has been copied into many eastern papers it has, perhaps, come to your notice. I feel that I at least must tell you how false it all is. In fact, I am, from my own experience during those terrible days of the siege of Tien Tsin, speak only in the highest terms of praise of the Russian soldiers, who undoubtedly saved our lives on more than one occasion."

It is giving this letter out for publication the Russian embassy wishes it understood that little importance is attributed to the effect of the stories reflecting upon the Russian troops. Were it not that the false reports no notice would be taken of them, as the facts themselves are the best refutation of the sensational calumny published, with the obvious purpose of prejudicing the American press and people against the Russians.

MANY HEADS FALL IN PEKIN

Leaders of Anti-Foreign Party Suffer Decapitation—Prince Ching Accused of Treason.

SHANGHAI, Aug. 20.—Official Chinese advice from Peking says that the emperor, Li Yen Yuan of the anti-foreign party, and Li Shan, a pro-foreigner, have been decapitated, and that Yung Lu has been imprisoned by Prince Ching. It is added that the emperor and dowager empress are sixty and died the next day. The identity of Li Yen Yuan cannot be traced. Kang Yi, former assistant secretary general to the emperor, and General Fu Ching are heading an army that is advancing to Peking from the south with the object of forcing the emperor to abdicate. Prince Ching was left in command at Peking and welcomed the allies in a friendly manner. These reports are from Chinese sources.

VON WALTERSEEE MAKES START

Leaves with Staff and Campaign House to Assume Supreme Command in China.

BERLIN, Aug. 20.—Field Marshal Count von Walderssee, accompanied by his staff, left for the front of his province to meet the Chinese report heavy losses in the fighting between Tien Tsin and Peking. General Li Yen Yuan was wounded at the Tien Tsin fighting, and the Japanese military headquarters located in the Japanese legation. Admiral Remy also transmitted an authentic report from Peking on the 15th, saying: "Troops moving on the imperial city."

RUSSIANS TAKE YUK SHI PASS

Force of 7,000 Chinese Are Put to Flight After Battle Lasting Several Hours.

ST. PETERSBURG, Aug. 20.—General Orst, chief of staff to the Russian forces in China, reports to the Russian war office the defeat of 7,000 Chinese after a hard fight, the capture of Yuk Shi pass and the occupation of Medschel. The presidential demand for an extra session of the Reichstag is now almost universal. Foreign office officials are emphatic in the assertion that Great Britain's great interests abundantly justify her landing troops at Shanghai.

A telegram dated at Tokyo August 19, says: "After entry into Peking was effected by the allied troops the Chinese troops on August 15 betook themselves to and remained in the imperial palace. A body of Japanese troops was told off to guard the palace and there met with obstinate resistance by Chinese troops. Fighting is still going on. OMAHA'S POPULATION GROWS

Official Census Figures Will Show an Increase of Fifteen Per Cent.

WASHINGTON, Aug. 20.—(Special Telegram)—Every enumeration district in the city of Omaha has been hand-counted by the population division of the census. Figures as a result of this count are now in the adjusting bureau and are being carefully given with a view of being officially given to the public late this week. Philadelphia having the right way. Citizens of Omaha may prepare themselves for a big surprise, for it is learned from sources regarded as reliable that the metropolitan of Nebraska will show a small gain over the population of 1890, which was 140,452. It is asserted that Omaha, instead of falling off, as has been very freely predicted, will show a gain of between 15 and 17 per cent. Taking the former as the more conservative figure, this would give Omaha a population of 161,519, or a gain of 21,067 in the ten years.
