fighting in Pekin and for that reason the Washington officials feel assured that hostile demonstrations in the Chinese capital have ceased. The dispatch related largely to transportation conditions and stated that the railroad between Taku and Pekin could not be used at the present time, as portions of it had been destroyed by the Chinese. General Chaffee will co-operate with the other commanders in China in reconstructing the road for the use of the allied forces. General Chaffee also reported that the telegraph line constructed by the signal corps from Tien Tsin to Pekin is frequently interrupted, being cut probably by hostile Chinese.

### New Instructions for Rockhill,

At a conference at the White House today, in which the president. Secretary Root and Acting Secretary Adee participated, careful instructions were prepared for Mr. Rockhill, the United States special commissioner to China, to be forwarded at once to him for his guidance. The State department received a dispatch from Mr. Rockhill today, dated Yokohama, briefly announcing his arrival. This brought about the White House conference and the preparation of instructions. Before Mr. Rock hill left he was advised very fully on the purposes of this government, but since his departure the situation has so changed at Pekin as to make it desirable to supplement the instructions he already had received. Mr. Adee stated that as the instructions related to pending affairs. it would be inexpedient to make public any reference to them.

### Germany Follows American Lead.

The United States has taken the lead in replying to China that there will be no. temporizing negotiations and there is every reason to believe the powers will unite in this same policy. The answer of the United States was quickly followed today by similar action on the part of Germany, the Berlin foreign office delivering to the Chinese minister an answer refusing to enter into negotiations on the ground that there was no evidence that Li Hung Chang's credentials gave him sufficient power to act and that nothing short of complete authority from the respinsible rulers of China, the emperer and empress. dowager, could be received as sufficient. As soon as this action at Berlin was taken the German charge d'affaires, Baron Speck he called at the State department to inform the authorities of Germany's course There was an exchange of felicitations, as it was looked upon as another evidence f the uniformity of action between the United States and Germany.

The Japanese officials expressed their full conviction that Japan would take similar action, if, indeed, such action already has acting with her eyes open in this peace overture, as it is similar to the overtures at the close of the Japanese-Chinese war. when the sessions of the Shimonoscki peace congress came to a halt because the credentials of the Chinese commissioners gave them no powers to act conclusively.

### Probable Course of Other Powers.

The course of France and Great Britain has not been made known here, but there is thought to be no doubt that these governments will decline to treat with China at this time. Each government, however,

"It was the declaration of all the min-isters for foreign powers that the expedi-tion of the allied troops was solely for the rescue of the ministers in Pekin. Now, the allied troops, having entered Pekin and found the ministers safe, it seems proper that hostilities should at once cease and that negotiations should commence. I ask the United States government to appoint an envoy with full power, or appoint the minister now in Pekin for the purpose, as he is necessarily acquainted with the affairs between China and foreigners, and to inform me if the conference will take place in Pekin. City Building in Ruins.

The city building was a heap of smouldering ruins and beside it steamed the water-soaked ashes of Columbia hall. The police force of the city was disorganized and scattered. The chief had left the city. Electric wires, deadly to the touch, lay across the streets in the vicinity of the burned buildings and debris of all kinds was scattered far and near. The downtown streets were just as the mob had left them and although nothing was being

done by the rioters, crowds of spectators, hundreds in number, hung around, waiting for something to turn up. At 6 o'clock the crowd began to increase

and the curious spectators hurried to the scene of the trouble. A policeman appeared and then another, timidly at first, but with increasing assurance as no violence was offered. Then Company C of Canton, a detachment of the Eighth Ohio regiment, marched down the street from the train and halting before the ruins of the building was at once set to patrolling

### Soldiers Take Charge.

There was no evidence of ill-will or disquiet on the part of the crowd at the lines. There was no talk of violence. The turbulent element had slunk away with the coming of daylight and order was once more fully restored after an awful night of terror and anarchy.

On the advice of his friends, Mayor Young sought his office by back atreets and alleys, as it was feared that his presence so early after the rioting would cause a fresh outbreak.

At 9:50 nine companies of the Fourth regiment arrived in the city and marched to the scene of last night's rioting. Shortly before 10 o'clock Mayor W. E. Young issued a proclamation, closing every saloon in Akron until further orders. The mayor is taking every possible precaution to prevent a renewal of the outbreak.

Gien Wade was shot and almost instantly killed. He was in the mob and a bullet from the revolver of a policeman in the city hall found the boy's heart. Another innocent who will die is Rhoda Davidson. Sitting in a carriage with her mother and father, on the outskirts of the mob, a bul-

let from a policeman's revolver passed harmlessly over the rioting throng and found lodgment in the skull of the child. During the day wild rumors were current that mobs were being formed to go to Cleveland and lynch Peck, but there was no good ground for them.

Although Mayor Young is criticised some what for his contradictory speeches, a great deal of the blame of the rioting is placed on the shoulders of Chief Harrison. The city officials today secured the old postoffice at the corner of Mill street and Broadway for temporary quarters.

At a conference in the afternoon at the Buchtel hotel between Mayor Young and onsidering the affidavits submitted by both the military officers, dead lines were established and soldiers were placed in different parts of the downtown sections of

### Cattle Show at Kansas City.

KANSAS CITY, Aug. 22-A sale and show f Shorthorn and Hereford cattle, with robably the largest amount of money ever probably the largest amount of money ever huns up for prizes at any exhibition of these broads of cattle, will be held at the stockyards here from October 18 to 28. The prizes will amount in the aggregate to more than \$21.00-\$41,000 in the Short-horn classes and \$1.000 in the Hereford contest. There will be 150 Shorthorns on sale and it least 550 of them in the show ring. The number of Herefords entered for sale is 250 and there will be as many, if not more, of the "while faces" in the show ring as of the Shorthorns. The show will be the first ever given under the auspices of the American Short-horn Breeders' association. Two officers of the association, President C. E. Leonard of Bellaire, Mo., and Screttary J. H. Pick-erill of Springheid, 10., arrived today to make preliminary arrangements.
