Alderman McDonald Secures a Start Along Cherished Lines.

FOURTH WARD STREETS TO HAVE IT

Final Consideration Will Be Had at a Meeting Next Month, When the Matter is to Be Definitely Decided.

Alderman McDonald succeeded at the meeting of the city council last night in having the resolution calling for the paying of the second group of streets taken notion all the streets and avenues embraced in the resolution except three were stricken from the list. Having accomplished this he introduced a new resolution

guarantee. Alderman Huber opposed the by the bank. matter all through on the grounds that he did not believe the work could be completed before frost set in and he was opposed to laying any asphaltum in winter. The streets embraced in this resolution are located in the Fourth ward and are those which it is claimed a majority of the property owners affected desire paved with asphaltum in place of brick.

The streets allowed to stand in the original resolution are: Ninth avenue, from Main street to Sixth street; Sixth street, from Eighth avenue to Sixteenth avenue; Sixth avenue, from Main street to Sixth street.

After the Motor Company. These streets it is proposed to pave with brick and the clerk was instructed to advertise for bids as soon as possible. Alderman Brown suggested that the paving or Sixth street be pushed forward as rapidly as possible so that it might be laid before the motor company tears up its tracks on this thoroughfare. The motor company has decided to abandon Sixth street and connect its Main street line with the Suburban tracks at Sixteenth avenue and should it take up its tracks before the paving is commenced it will avoid liability for any share of the cost of the improvement.

The contracts with E. A. Wiekham for the paving of the third group of streets were finally approved and disposed of. The streets are grouped into four contracts as follows:

as follows:

Broadway, from First street to Frank street, to be paved with Galesburg brick top course and Council Bluffs brick hottom course; Pierce street, from First street to Bluff street, to be paved with Galesburg brick top course and Council Bluffs brick bottom course; price on both streets \$1.60 for cash and 5 per cent added for certincates. The bond under this contract is \$3.000 and the contractor will forfeit \$5 a day for every day that the work is not completed by January 1, 180.

Harrison street, from Washington avenue to Bonton street extension, to be paved with Council Bluffs brick top and bettem courses, at \$1.325 for cash, with 5 per cent added for certificates. The bond in this contract is \$2.500 and the penalty for failure to complete the work by January

School Warrant Not Yet Issued. The warrant for the payment of the Hoc or site has not as yet been issued by Secretary Brennan, and while the board has officially purchased the land of Mr. Hoctor, upon which to build a high school, Mr. Hoctor has not conveyed it to them, nor will he until a warrant for the sum of \$9,500 is forthcoming. So long as Brennan can help it, this will not be paid. and as he must sign the warrant as secretary of the school board, it will be some time before this will be done. Thomas Hoctor said yesterday that he wanted to mandamus Brennan to do this, but not law judge could be found in Omaha, and

he had his hands temporarily bound. Mandamus proceedings will doubtless be commenced within a few days. Mr. Brennan yesterday denied that he was going to resign as secretary of the Board of Education of South Omaha, and further declared that he had never had committee, representing fourteen counties understood there was a move on foot to depose him by action of the board, but said that until this was done he would

not resign. It is hard to determine just how the matter stands. The order of court, doclaring that the land could be purchased. ordered that there should be sufficient funds in the treasury before this could be done. A careful estimate shows that there are several hundred dollars over and above the necessary amount in the hands of the treasurer, but owing to the fact that there are a number of outstanding warrants, the interest due upon which is not known, there is still some question about the exact amount on hand. The Brennan faction also claims that there are serious irregularities in the last purchase which would preclude the other clique from getting a writ of mandamus if applied

There are Cancer until the blood is polluted and the system thoroughly contaminated by this deadly virulent poison.

Then a sore or ulcer appears on some part of the body; it may be small and harmless looking at first, but as the cancerous cells form and are deposited by the blood near the sore, it increases in size and severity, with sharp shooting pains. No matter how often the sore is removed by the surgeon's knife or flesh destroying plasters, another comes and is worse. The real disease is in the blood, and the treatment must begin there. The poisoned blood must be invigorated and purified, and when this is done cancerous cells can no longer form and the sore will heal naturally and permanently.

Mrs. Sarah M. Keesling, oat Windsor Ave., Bristol, Tenn, writes. "I am at years old, and for three years had suffered with a sewere form of Cancer on my i.w. which the doctors, said was incurable, and that Leadle out its more that I could not live mo and had given up all h
