The eight cut-offs, pleted, beginning with the Buford-Laramie cut-off, which includes the Immense contract of tunneling through Sherman hill and ending with the Leroy-Rear river cut-off. will make a total shortening in distance of 39.47 miles by the building of 158.64 miles

It is estimated that these cut-offs will while the item of shortened distance is one of importance the prime object in the expenditure of this great amount of money was to so improve the road that the transportation of trains can be more easily accomplished by reason of the reduction of grades and the elimination of many curves. For instance, the Buford-Laramie cut-off lessens the distance but .37 of a mile and yet in order to avoid the steep grade over Sher man hill \$2,500,000 has been appropriated for the work on this single improvement.

The management of the road talks on a certainty apparently and the business men of the city will take the matter up and make proposals to the company's officials when they come.

Extends Service to Boston.

The recent introduction by the Illinois Central of personally conducted tourist excursions from Chicago to Los Angeles has proven such a success that, arrangements have been made for the extension of this service through to Boston. The trip is an exceedingly attractive one, as both eastbound and westbound trains stop at Niagara falls long enough for the tourists to visit that popular resort. The trip from Los Angeles to Boston consumes just a week. departure being made from Los Angeles one Priday morning with arrival in Boston the following Friday morning. Westbound this car leaves Boston each Thursday afternoon and gets into Los Angeles the following Wednesday afternoon.
