OTHER LARGE OBLIGATIONS MUST BE MET

Legislators Are Occupied with Plan to Issue Funding Bonds to Cover the Deficiency in the Levy.

The council failed to provide for street cleaning at its meeting last night. A resolution was introduced by Conneilman Zimman which empowered the Board of Public Works to expend \$5,000 for street cleaning during the remainder of the year and instructed the city comptroller to issu certificates of indebtedness in payment for such work, but the resolution was opposed Councilman Hascall, who succeeded in having it referred.

A special meeting of the council has been called for 10 o'clock this morning, when street cleaning will be discussed and steps will probably be taken to have the city put in good condition before the opening of carnival week. Several councilmen ob ject to issuing any additional certificates of indebtedness under the emergency clause in the charter until some steps have been taken to provide for large obli gations which have already been incurred. A plan is on foot to issue \$100,000 worth of funding bonds to care for all expenditures in excess of the levy. An ordinance providing for the issuance of such bonds is in preparation and until a majority of the council agrees to support such an ordinance it is likely that no provision will

But I did resign the captaincy of the Rough Riders on grounds that are known to me and will tell your some of the republicans that live in town were mad and used every means to keep others from coming to drill and did not come themselves; that I told George Ireliand that I wanted him to take my name off the book; that I could be just as good a republican out of the club as in. THEORIES ABOUT FOOD.

Also a Few Facts on the Same Subject.

We hear much nowadays about health nods and hygienic living, about vegetarian-sm and many other fads along the same Restaurants may be found in the larger cities where no meat, pastry or coffee is served and the food crank is in his glory, and arguments and theories galors advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health. Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and is assimilated more quickly than vegetables and grains. Restaurants may be found in the larger

for the American army, as follows:

It is a fact known personally to the editor that at the time of the capture of Manila. August II, 1898, Aguinaldo and his army did not form a part of the assaulting column. That, as soon as the American army advanced. Filipinos followed, looting everything they could lay hands on. As soon as the Americans passed inside they threw out a guard line to hold the Filipinos back and then Aguinaldo demanded that his troops he allowed to loot the city and he himself to occupy the governor's palace. Upon these conditions he offered friendliness. end is assimilated more quickly than vegetables and grains.

Dr. Julius Remmson on this subject says:
"Nervous persons, people run down in health and of low vitality should eat moat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Sthart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia. Tablets, because they supply the pepsin and diastase necessary to perfect digestion, and every form of indirection will be overcome by their use."

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure its proper digestion by the daily use of a safe, harmeless digestive medicine like Stuart's Dyspepsia Tablets, composed of the natural digestion as they have absolutely no effect upon the actual digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures, are useless for indirection, as they have absolutely no effect upon the actual digestion of food.

Dyspepsia Tablets, which actually perform the work of digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to collain active digestive principles.

All druggiets sell Stuart's Dyspepsia Tablets at boc for full treatment.

The statutes allow a candidate to spend \$100 for each 5.000 voters, with \$1.50 additional for each 100 over that number.

It is a peculiar fact that candidates who were defeated in the convention are those who underwent the heaviest expense in seeking nomination. The candidacy of M A. HEART PULSE

Means much to a person, because when a doctor measures the pulse of his patient he tells thereby the heart's action.

Is your heart sound and well? Does your heart flutter? Does your heart pulsate regularly? Are you subject to hysterical heart beats? If you have noticed any of these symptoms, it is well for you to begin using something that is going to correct the heart's action.

HUDYAN is what you need. HUDYAN will cure you of your heart trouble, unless it is an organic heart trouble and beyond cure. No one can put a new heart into your body, but the remedial agent-HUDYAN-will cure any functional derangement of the heart. The following symptoms lead up to dangerous heart troubles.

Pain in the left side, Fig. 7; pain in the small of the back, Fig. 1; dizzy spells, headaches and giddiness, Fig. 6: hollow eyes, haggard look, Fig. 5; difficulty in breathing and oppressed feeling in the chest, Fig. 3; coated tongue, Fig. 4; and pains in the stomach, Fig. 2. Again, we have Nervousness, Paleness, Emaciation, all these being complications to which women are subject and complications which may indicate dangerous heart disease.

WOMEN, you who suffer with dragging or bearing down pains, painful periods, irregular menses, profuse or scanty flow, falling of womb, chronic ulceration or inflammation of uterus and appendages, or leucorrhoea (whites), you are in dauger. Heart trouble is nearly always a complication of such disorders. HUDYAN cures all these weaknesses, that are peculiar to women, thus averting, as well as curing, dangerous heart disease. HUDYAN brings comfort to suffering women.
