BALTIMORE, Sept. 26 .- "Naturalized by annexation" are the words entered opposite the names of Dr. Prancesco Del Valle, his

son and four other Porto Ricans on Baltimore's city registration books. The men

presented themselves for registration in

several voting precincts. The registration

officials had apparently received instructions

from the board of election supervisors to

allow the Porto Ricans to register, provided

they complied with the residence clause of

the law, which requires a citizen to reside

in a legislative district six months before

being eligible to vote. Isaac L. Strauss,

counsel to the board, a few days ago gave

an opinion that citizens of Porto Rico be-

## HEALTH AND BEAUTY

## Promptly Regained by the Use of Peruna, the Great Tonic.

Miss Alice Calrow, 2526 Central avenue, Minneapolis, Minn., writes-

"About a year ago my health began to tail, and my complexion, which up to that time had been clear and brilliant, began to grow dull and rough.

"I tried several advertised remedies with no result. I finally decided it was a tonie I needed, and reading of your celebrated Peruna, I concluded to try it. The result was wonderful.

"I have taken only four bottles and my face is as smooth and cheeks as red as formerly.

"As a tonic for the blood too much cannot be said for Peruna.

"I will cheerfully recommend it to anyone who will write me concerning it."

Miss Jonnie Johnson, vice president Chicago Teachers' Federation, and a teacher in the Healey school of Chicago, writes the following from 318 Lake Park avenue, Chicago: "During the past ten years I have been a teacher in Chicago and have found myself worn out and in need of a tonic. Among the different remedies I have tried none have helped me more than Peruna. I find it especially helpful in cases of catarrh of the stomach; it restores the functions of nature, induces sleep and builds up the entire system. It has not only been a help to me, but several of my

friends who were teachers, and who hav e used it, speak very highly of the recuperative qualities of Peruna." Peruna is a specific for pelvic catarrh.

Howard was represented by ex-Congressman W. C. Owens of Georgetown and Carl Little of Manchester. The prosecution was represented by Acting Commonwealth Attorney Williams, T. C. Campbell of Cincinnati and H. B. Golden of Barboursyille. "Jim" Howard, as he is commonly known in the mountains, is a strikingly handsome man, 44 years old, and would be the last man pointed out by a stranger as the man on trial. He had the record, however, of being the leader of the Howard-White faction in the Baker-Howard feud in Clay county, in which numerous lives were taken. He had killed George Baker and was suspected of the assassination of Tom Baker, who was killed after the same fashion as the Goebel murder, and Howard's friends believe that these facts had much to do with the making of the verdict sentencing him to the gallows.

The trial of Henry E. Youtsey of Newport will be called next at Georgetown next Monday.

One of the jurors admitted that the failure of Howard to bring any of the occupants of the executive buildings on January 20 to testify that he was not there was considered by the jury as an indication that he was there. The testi-

mony of Gaines as to seeing Howard run out of the grounds, and A. Stubblefield, who swore that Howard confessed the killing a Governor Rooseveit's first speech today was few days after the murder, were the points upon which the jury replied. Howard's attorney will apply for a new trial, basing air by Senator Wolcott, and where he said: the motion upon the expressions of several

Governor Roosevelt succeeded in finishing his remarks, though there was an evident intention among those present that he should not do so.
