WESTCHESTER, Pa., Oct. 1.—Ex-United States Senator Quay tonight made the first of what is to be a series of speeches throughout the state of Pennsylvania in favor of the election of McKinley and Roosevelt.

In concluding his speech Mr. Quay made an appeal for the election of McKinley and Roosevelt, expressing the opinion that the best state in the union will give the best majority in all the union for the re-election of the best president God has vouchsafed to the union since the death of Abraham Lincoln.

"RED CHEEKS"

The above comments occur in a letter referring to proper selection of food, from E. J. Wilson, 342 Homestead, Fall River.

"When our first baby boy reached seven months, he began to lose strength and grow pale. He could not digest any of the ordinary baby foods or prepared milk."

Acting on the advice of a sister-in-law who was bringing the roses to the cheeks of her two children, by their diet of Grape-Nuts food, my wife purchased a package and began feeding it gradually to our baby.

Preparing it with a little hot water and a little sugar, he ate it with great relish. She not only fed it to the baby but herself began eating it three times a day.

"The transformation was wonderful. Within a month the baby was free from all stomach trouble and my wife's strength was completely renewed, that feeling of fatigue having entirely disappeared. Do not over-feed when giving Grape-Nuts food to the baby. Other children have had colic, constipation and indigestion. This food is concentrated and requires less in volume than any food known. Its delicious taste wins friends and the remarkable effects win the reason of any thoughtful parent."
