NO COIN FOR THE CLERKS

Comptroller Points Out Actual Need of Additional Funds.

CHARTER FIXES LIMIT TO HIS EXPENSES

Council Realizes the Necessity of Present Force in Justice to the Taxpayers and Passes the Salary Lists.

A special meeting of the city council called yesterday for the purpose of passing the appropriation ordinance for September developed into an exciting session. Councilman Hascall refused to vote for the ordinance because it appropriated \$7,500 for clerk hire in the city comptroller's office and was supported in his opposition by Councilman Trotter. Councilman Mount presided over the meeting and refused to put a motion by Mr. Hascall which provided for the striking out of the salaries for the comptroller's office. The motion was regularly seconded by Mr. Trotter, but the acting president of the council refused to consider it and the appropriation ordinance was passed in spite of the opposition.

Mr. Hascall contended that the city charter specifically provides that the comptroller's office shall have only \$5,000 for clerical hire, exclusive of the comptroller's salary of \$1,800 per annum. Since April the appropriation ordinance have granted the office \$300 per month a sum which will bring the yearly allowance for the office to \$7,080. If the council allows the comptroller to have \$2,000 more than granted him by the charter it is contended that the members will be liable to punishment, and Mr. Hascall insists that such a course may land councilmen behind the bars.

No Reduction Possible.

City Comptroller Westberg declares that it will be impossible to conduct his office properly with a smaller number of clerks and says that the amount in excess of \$5,000 is used in paying two clerks who keep the accounts of all special assessments districts in separate ledgers. An account is opened with each district and warrants are not paid on districts which have not paid their taxes. Formerly all grading district accounts were kept together, and Mr. Westberg insists that an injustice was done taxpayers who were prompt in meeting their assessments. If the council sees fit to reduce the comptroller's appropriation Mr. Westberg says

it will not be possible to maintain separate accounts for the various improvement districts. The clerks who are doing this work are the only ones who can be spared without discontinuing work which is absolutely necessary.

No provision was made in the ordinance for paying the certificates of indebtedness which were issued to the men who worked with the street cleaning gangs last week and it is not known whether street cleaning will be continued after the litter of the carnival has been cleared away. The mayor approved the cleaning during carnival week as an emergency measure, but he is undecided as to whether the emergency clause can be stretched to fit street cleaning during the remainder of the year.

MRS. VERMEHREN IS RELEASED

No Complaint Will Be Filed Against Her for Shooting Her Husband.

Mrs. Sarah Ver Mehren, who shot her husband, Herman H. Ver Mehren, the wholesale liquor dealer, last Tuesday night, was yesterday upon recommendation of the county attorney, released from custody. Her husband, who is still at the Presbyterian hospital, is reported in a fair way to recover.

Millions will be spent in politics this year. We can't keep the campaign going without money any more than we can keep the body vigorous without food. Dyspepsia cure to save themselves. Now Kodol (Dyspepsia Cure) digests what you eat and allows you to eat all the good food you want. It radically cures stomach troubles.

QUAIL MUST SEEK SHELTER

Nebraska Simons Will Journey to Iowa and Minnesota in Search of Game Birds.

The season for the hunting of quail opened in Iowa and Minnesota yesterday and several Omaha parties are making preparations to hunt in those states this week. In Iowa a law is in force requiring all nonresidents of the state to take out a license, the fee being \$10 for each county in which the resident of another state hunts game. There is no such law in the state of Minnesota and this will take the larger number of hunters into that state, as the additional railway fare is more than saved by the tax. The quail season in Nebraska does not open until November 1.

THOUSANDS HEARD CONCERTS

People of Omaha Gave Musical Festival a Magnificent Patronage.

LAST WEEK'S ATTENDANCE THE BIGGEST

Net Proceeds Will Be in the Neighborhood of \$10,000, Which Will Be Used for Auditorium Fund.

How royally the people of Omaha and visitors to the city during the month just closed supported the musical festival was shown at a meeting of the executive committee of the festival yesterday, when the report of Chairman Hooker of the committee on admissions was made. It showed that during the month the concerts were attended by 73,577 people and that the last week was the banner one in point of attendance, an average of 4,046 have been maintained at each concert.

The average of the three preceding weeks was as follows: First week, 2,693; second week, 1,928; third week, 2,503. The average attendance of the entire month was 2,623 daily. The biggest assemblage was the night of the rag-time concert, when the 5,000 mark was passed. Sunday night's concert came near equalling it, the attendance being over 4,900. The total cash receipts were \$21,814. Since all bills have not yet been paid, the net proceeds have not been determined, although the sum will approach \$10,000, which will be used as the net-egg for the auditorium fund.

The executive committee of the auditorium company held a meeting after the adjournment of the musical festival committee. Reports of the members who had interviewed a number of leading men of the city relative to their acceptance of places on the advisory board showed that the project is meeting with the undivided support of the business and financial men of Omaha. With but one exception all of the men approached announced their willingness as being in hearty accord with the movement and expressed a willingness not only to serve on the advisory board, but to give every possible assistance, both moral and financial.

HAYTI MUST PAY DAMAGES

Judge Day Returns a Decision in Favor of the American Firm.

WASHINGTON, Oct. 1.—Judge Day, the arbitrator in the Metzger case, has just returned his decision in favor of the claimant and has decreed that Hayti pay an indemnity of \$23,000. This case was submitted to arbitration in accordance with a treaty drawn a year ago between Secretary Hay and Minister Legier. The claim for indemnity was made by John D. Metzger & Co., an American firm, on account of the seizure and sale of their goods at Port au Prince for the nonpayment of certain taxes and on account of an alleged failure to furnish them with an adequate supply of water for the operation of their mill at Port au Prince and on account of a quantity of lumber alleged to have been sold by them for the relief committee on the occasion of the devastation by fire of Jacmel. The treaty requires the Haytien legislature to provide for the payment of the judgment within six months.

Receipts and Expenditures.

WASHINGTON, Oct. 1.—The comparative report of government receipts and expenditures issued today shows that during the month of September the receipts from all sources amounted to \$45,394,326 and expenditures, \$38,695,771, leaving a surplus for the month of \$6,698,555. The expenditures from the several sources of revenue are given as follows: Customs, \$19,700,516, increase as compared with September, 1899, about \$50,000; internal revenue, \$22,927,439, decrease, \$1,417,000; miscellaneous, \$2,760,371, increase, \$27,000. The expenditures charged to the War department amounted to \$14,125,284, increase, \$2,500,000; navy, \$4,734,285, decrease nominal. During the three months from July 1 the total receipts have exceeded the expenditures by \$1,000,000.

Statement of Comptroller.

WASHINGTON, Oct. 1.—The monthly circulation statement of the comptroller of the currency shows that at the close of business on September 29, 1900, the total circulation of national bank notes was \$228,335,973, an increase for the year of \$8,045,845, and an increase for the month of \$4,112,183. The circulation based on United States bonds amounted to \$24,222,979, an increase for the year of \$8,908,809, and an increase for the month of \$2,581,823. The circulation of lawful money was \$34,112,994, a decrease for the year of \$1,862,561, and an increase for the month of \$630,540.

United States Receives.

The United States received on September 29, 1900, the total circulation of national bank notes was \$228,335,973 and to secure public deposits, \$47,650,780.

Schadler Found Guilty.

IOWA CITY, Ia., Oct. 1.—Special.)—The jury in the case of the State against William Schadler last night returned a verdict of guilty on a charge of adultery. The jury was out less than one hour. Two days were taken for the trial and it took the silent skill that home talent could supply. The case attracted much attention, the accused having a large acquaintance. Schadler intends to have his case appealed.

Billion Cello.

Mr. H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic sent to a nearby drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. Similar cures have been effected by this remedy in almost every neighborhood. It is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for.

RAILS AND TIES MAY BE LAID

Minneapolis & Omaha Road May Work Its Will on Eighth Street.

CHANGE OF GRADE IS NOT IMPERATIVE

Contemplated Track in No Way Interferes with Omaha & Southwest-ern and Judge Munger Denies the Injunction.

Judge Munger has handed down an opinion in the case of the Omaha & Southwestern Railway company against the Minneapolis & Omaha railroad, in which the plaintiff sought to enjoin the defendant from laying tracks on Eighth street and track to connect its line with tracks owned in common by both roads. The decision is in favor of the defendant, the judge holding that the construction of the new track will in no way interfere with the rights of the plaintiff. The points raised in the bill were that the new line would require a change of grade on Dodge street and that the track is constructed for private gain and not for public interest.

In regard to the first point the judge holds that no person but the city has the right to raise the issue and the other point is disposed of by finding that the construction of the line will in no way interfere with the rights of the plaintiff. The first point is raised in the case of the city against the Omaha road now pending in the federal court and which will be heard at the Lincoln term this month.

Figantes Keep Away from Court.

The famous Figantes did not appear in court yesterday to defend the case brought against them by members of the church whose services they disturbed, said City Attorney W. J. Connelley, who spent the morning in court at Papillion. "The case of John R. Woods against Louis Figz was set for today. Three times the name of Louis Figz was called in open court, but the defendant failed to answer. Attorneys for the plaintiff urged that the latter call 'John the Baptist,' which is Figz's church name, but the court refused to go into affairs of the spiritual world and the case went by default. It now remains for Woods to prove the damages his church suffered at the hands of the strange religious sect."

Court Notes.

R. C. Hoyt, of the federal court, opened court at Lincoln yesterday and adjourned it for one week. The May term of federal court has been adjourned until November 2, two days before the opening of the November term.

The proposition for the issue of \$500,000 bonds for court house and jail purposes will come up before the county commissioners at the meeting this morning. Emma Powell has brought suit for a divorce from Benjamin Powell and the return has been made in name of Emma Roush, alleging cruelty and desertion. Charles D. Taylor of Buffalo county was appointed receiver of the bank of the operation of the bankruptcy law. In the suit of Bernard, Thurman & Co. against the city for the recovery of a certain \$500 check, deposited in 1896 in connection with a sale of some \$20,000 refunding bonds, Judge Favett has issued an order directing City Treasurer Hennings to turn over the check by October 1.

FALSE TEETH THE ONLY CLUE

Severed Head of Unknown Person Found in Lake Michigan in Vicinity of Chicago.

CHICAGO, Oct. 1.—A silver tooth plate, to which two false incisors of the upper jaw were wired, is the only clue to the identity of the severed human head that was found tied in a grain sack in Cedar Lake, just across the Indiana state line. Identification of the victim of the supposed murder by means of the head is absolutely impossible so far as recognizing the features are concerned, because the head was packed in quicklime before being thrown into the lake and the features were destroyed by the action of the chemical. The only hope of getting a clue to the mystery is that the dentist who made the features are concerned, because the head was packed in quicklime before being thrown into the lake and the features were destroyed by the action of the chemical. The only hope of getting a clue to the mystery is that the dentist who made the features are concerned, because the head was packed in quicklime before being thrown into the lake and the features were destroyed by the action of the chemical.

Troops Are Called Out.

COLUMBIA, S. C., Oct. 1.—This morning at 12:50 o'clock Governor McSwain received a telegram from Mayor W. D. Morgan of Georgetown, S. C., appealing to have the militia ordered out to suppress a threatened race riot. The governor immediately wired Colonel Burkman of Georgetown to have his cavalry troops hurried there. The trouble was caused by a negro from Columbia who had been on the coast and the negroes outnumbered the whites overwhelmingly.

Victory for "Bucket Shops."

MILWAUKEE, Oct. 1.—Judge Soman, in the United States district court, today rendered a decision denying the petition of the Chicago Board of Trade for a temporary injunction restraining several Milwaukee so-called "bucket shops" from using quotations of the Chicago board.

Dentures Forced to Leave.

MANASSAS, Va., Oct. 1.—Dentures Eldora S. P. Fowkes and J. R. Franklin arrived here last night from Chicago and stopped at the Vonhof hotel. At midnight they were routed out and sent away, as rumors were current that a mob was coming after them.
